Preparing students
today
for the demands
of tomorrow

LEARN by doing...

The Ag TECH Academy offers exciting opportunities for students in the broad and technically challenging fields of Agriscience, Environmental Horticulture, Agribusiness and Agricultural Engineering/Manufacturing. Utilizing state of the art instructional and laboratory facilities, the Ag TECH Academy provides advanced curriculum for student skill development in an industry based and equipped setting:

- Agriscience/Biotechnology Labs
- Computer and Multimedia Technology
- Greenhouse Plant Propagation
- Floral Retail Display Center / Cooler
- Animal Production Areas
- Incubation/Exotic Animal Mgmt.
- Aquaculture Facility
- Welding and Plasma Cutting
- Woodworking Technology
- Small Engine Mechanics
- Cold Metal Pneumatics

EXPLORE the opportunities...

Today agriculture is more than you ever imagined! Through hands on learning, students master skills that prepare them to enter college and/or careers in technically advanced fields. Ag TECH program components include:

- Instructor/Peer Support
- College and Career Readiness Activities
- Emphasis on Hands on Learning
- Leadership, Communication and Cooperative Skill Development
- Diverse Laboratory and Field Experiences
- Service Learning Project Involvement
- Innovative Technology Participation
- Mentorships and Internships

PREPARE for the future...

Ag TECH is a pre-collegiate, district certified academy that has a four-year sequenced curriculum integrating math, English, social science and agriculture science. Students are well prepared for the rigors of university academics and the world of work.

9th Grade: Applied General Science

10th Grade: Agricultural Biology

11th Grade: Animal Anatomy/Physiology

12th Grade: Agriculture Economics

Ag TECH also offers instruction in:

- Floral Design
- Fabrication with Wood and Metal
- ROP Floral Design and Merchandising
- ROP Manufacturing
- ROP Agriculture Sales and Service
