organizational foundation
for success

Cement Your Future with CEMT

Curriculum for today's careers

CEMT academy curriculum develops communication, technology, organization, planning, time management, interpersonal and leadership skills students will use as they enter college or the professional world.

Academy curriculum includes the core areas of English, science, and social science, as well as technology courses, Spanish and ROP. Students frequently use lesson planning and delivery as the vehicle for practicing their skills.

Academy students can:

- Complete UC/CSU requirements to further career goals through college
- Engage in training through coursework and active field work
- Collaborate with local educators and businesses for relevant experience and career preparedness

Academy features

The Academy provides:

- Career technical training
- Ford Partnership for Advanced Studies (Ford PAS)
- Technology focus through advanced computer courses
- Achievement Via Individual Determination (AVID) concurrent enrollment is possible
- Job shadowing and mentoring
- Visits to colleges, technical schools and businesses

Connections to the Regional Occupation Program (ROP)

CEMT features Regional Occupation Program courses as the senior capstone class for the academy. ROP courses provide hands-on training that connect to the academy focus.

Students interested in education careers can:

- Earn an ROP Careers with Children certificate
- Qualify for hire as a preschool teacher
- Earn Early Childhood Education units through Los Rios Community Colleges

Business Management studies include:

- Internship-style retail sales and merchandising
- Retail entrepreneurship training
