In preparation, sites are asked to:

- Conduct a site-level Science Fair before **March 15, 2010**.
- Select only **one** Science Fair project from **each grade level**.
(Due to the number of submissions please, do not send multiple grade-level winners from each track)
- Projects can be individual, pairs, groups, or done by a class. If pairs, groups, or class submissions are entered, all the students must be in the same grade level.
- Select projects which clearly demonstrate student work.
- ***Inventions will be judged separately this year. Any student who wishes to create an invention and follow the criteria may enter the Invention Category of the competition. No site-level judging is required.***
