

Secondary Family Life for 7th-12th Grade Teachers

Course # 520615

Credit 6 Hours/Salary Class A-H

Date: February 4, 2010

Time: 8:30 a.m. – 3:30 p.m.

Location: Education Center, Room 111

Fee: No Fee

Presenters: Julie Austin and David Danielson

No. of Participants: Maximum 30

Step Up to Writing Made Simple

Course # 837301

Credit 8 Hours (optional)

Date: February 10, 2010

Time: 4:00-6:00 p.m.

Location: Education Center, Room 117

Fee: No Fee

Presenters: Gabrielle D'Andrea

No. of Participants: Maximum 60

This workshop will provide teachers with daily lesson plans and all the instructional materials to teach the expository paragraph using strategies from all three editions of the Step-Up to Writing curriculum. Strategies and activities from the Language! program will be incorporated to strengthen classroom instruction. Participants will have an opportunity to refine their instruction and to connect and extend lessons.

Continuing High-Quality English Language Arts Instruction in Elementary Classrooms with Non-Consumable Open Court Materials

Course # 837401

Credit 1.5 Hours/Salary Class A-H

Date: February 22, 2010

Time: 3:00-4:30 p.m.

Location: Education Center, Room 117

Fee: No Fee

Presenter: Jerrilyn Ewing, Director, Instructional Support

No. of Participants: Maximum 60

Changes in providing Open Court consumable materials will begin in the 2010-11 school year. Plan to attend this professional learning workshop if you would like to hear more about changes in the way the materials will be provided, learn additional instructional strategies in using the materials in a non-consumable fashion, and share ideas with other grade level colleagues throughout the district.

Service Learning In Our Community

Using Real-World Experiences to Teach the Standards

Course # 980201

Credit 1.5 Hours/Salary Class A-H

Date: February 24, 2010

Time: 3:30-5:00 p.m.

Location: Allied Waste Services, 8642 Elder Creek Road, Sacramento, CA 95828

Fee: No Fee

Presenter(s): Community Partners

Have you considered creating a lesson on number sense by having your students conduct a school-wide recycling or energy audit? Have you considered creating a science lesson that would involve your students helping restore vital wetlands? Have you considered creating a math or language arts lesson that involved supporting the needs of the Elk Grove Food Bank? Please join our Community Partners in hearing what types of partnerships could be formed to provide students with some project-based learning opportunities. Our Community Partners can provide expertise, sometimes act as guest speakers, and often provide resources and ideas for service learning projects.
