

Career News

To stay in step with career trends and to better prepare our students for the workforce, the following is a projection by the U.S. Department of Labor, Bureau of Labor Statistics of what the future holds for them as to:

- 1) the percent change in wage and salary employment
- 2) the percent change in total employment by major occupational group
- 3) the number of jobs due to growth and replacement needs by major occupational group.

Kerr students are encouraged to explore their career options and will be assisted by their counselors to develop a post-secondary career plan by their 8th grade year.
