

# School Accountability Report Card Reported for School Year 2008-09

*Published During 2009-10*

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### *DataQuest*

*DataQuest* is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

Herman Leimbach Elementary "Home of the Pride"

As a staff we believe that by empowering our students, we provide them with opportunities to become successful members of society. Every child can achieve!

We are committed to building a culture of academic excellence. Each day our goal is to provide each student with an exciting learning experience that encompasses the rigor of instruction and a warm climate. We offer a variety of programs to provide the best education in the safest environment. Students receive a standards-based curriculum with extra support for those with special needs. Grades 3-6 have accelerated classes which extend beyond the core curriculum. We have an academic intervention teacher that works with designated students who show promise of rapid improvement or need intensive support. Learning Center staff assists those who need to make gains in reaching grade level standards. We also offer an after school "Lions Club" and the City of Sacramento START program, where approximately 200 students have assistance with homework and enrichment opportunities in technology, fine arts, and physical education. Our MESA/Science Club, Visual and Performing Arts Club, and Student Council provide students with options to match their interests. Consistent with the need to provide differentiated instruction to maximize student success, we hold Early-Out Wednesday collaborative meetings to plan instruction to meet students' needs.

Parent support and involvement are essential to the success of our students. While some parents serve as classroom volunteers, others support student success by providing space, time and encouragement for daily homework and by reinforcing the importance of education and regular school attendance.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. With family and community support, we are committed to making this happen for every child. We urge all stakeholders to join forces with us as we embark upon the exciting work of educating our future.

Sonjhia Lowery, Principal Herman Leimbach Elementary

## Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

Parent Involvement is critical to the success of each child at Herman Leimbach. We encourage active participation and create varied opportunities for parents to be involved. The simplest way to partner with us is frequent communication between parent and teacher. Beyond the essential Back to School Night, Parent/Teacher Conferences and Open House, Herman Leimbach staff provides additional opportunities for families to connect with the school by attending school events and assemblies recognizing student achievement. This year we will host grade level curriculum nights to help parents become more familiar with the content standards as well as how those standards are assessed through the annual California Standards Test. Finally, parents are always welcome to visit or volunteer in the classroom. Teachers can always use an extra pair of eyes and hands to help meet the needs of our students!

## III. School Climate

### School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

Your child's safety is the first priority at Herman Leimbach. Yard duty supervisors receive monthly training and are supported by the Vice Principal and Academic Coordinator. Our site revised the School Safety Plan in January 2010, presented it to our School Site Council for approval, and formulated a new committee to implement the components of the plan. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office and procedures are practiced on a regular basis during our monthly safety drills. In addition, the district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

<b>Expulsions</b>	0.0	0.1	0.1	0.3	0.4	0.3

## IV. School Facilities

### School Facility Conditions and Planned Improvement (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The district takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this facility survey indicate that the Herman Leimbach Elementary School campus is in good repair. Our school has 32 classrooms, a multipurpose room, a library, a computer lab, a learning center and an administration building. The main campus was built in 1972 and the multipurpose room in 1990. The portable classrooms which are currently used by our pre-school, primary programs and daycare program were constructed in different stages between 1987 and 1999. Our campus has undergone a modernization process which began in July of 2006 and was completed in June of 2007. The process included the modification of our permanent buildings, the learning center, the library and the technology center, a new kindergarten wing and a more spacious school office. The expansion and reconfigured traffic pattern of the parking lot increased the number of parking spaces and the two-sided entry and exit have reduced traffic congestion. With the use of modernization funds we were able to invest in additional technology for the classrooms and new fencing to secure the school.

District maintenance staff ensures that the repairs needed to keep the school in good condition are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given high priority. The district governing board has also adopted cleaning standards for all schools. A summary of these standards is available at the district Facilities Department. With multiple after school programs, the administration works closely with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

## School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2007-08)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$6,464	\$1,543	\$4,921	\$58,670
District			\$6,742	\$63,945
Percent Difference – School Site and District			37%	9%
State			\$5,512	\$67,049
Percent Difference – School Site and State			12%	14%

### Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

Our Learning Center assists special education students and general education students who need additional support to meet grade level standards. Bilingual Teaching Associates and English Language Development instruction assist English Learners in accessing the core curriculum. Academic intervention staff meets the needs of students who are at risk of retention through reading and math push-in support. Students who would like enrichment opportunities or homework help are encouraged to attend our after school Leimbach Lions program or Sacramento START. Self-contained accelerated classes exist in grades 3-6. Our Gifted and Talented/accelerated students may also take advantage of our after-school enrichment programs such as MESA and Visual and Performing Arts. Other programs such as student leadership and sports teams are available to match student interest.

### Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$40,047	\$42,065

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA for grades three through eight and science in grades five and eight and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

### Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

History-Social Science	0	0	0	37	40	47	33	36	41

### Standardized Testing and Reporting Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	34	28	12	
American Indian or Alaska Native	*	*	*	
Asian	43	53	17	
Filipino	44	44	*	
Hispanic or Latino	33	39	3	
Pacific Islander	45	27	*	
White (not Hispanic)	51	47		
Male	34	38	13	
Female	40	37	11	
Economically Disadvantaged	37	37	12	
English Learners	26	29	3	
Students with Disabilities	18	12	14	
Students Receiving Migrant Education Services	*	*		

## California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	23.3	20.0	32.5
7	0.0	0.0	0.0
9	0.0	0.0	0.0

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	4	2	2
Similar Schools	9	6	6

### API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	-17	6	7	716
African American	-14	19	-6	686
American Indian or Alaska Native				
Asian				791
Filipino				
Hispanic or Latino	-38	15	5	692
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged	-8	6	7	716
English Learners		-3	14	720
Students with Disabilities				

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

<b>AYP Criteria</b>	<b>School</b>	<b>District</b>
<b>Overall</b>	No	No
<b>Participation Rate - English-Language Arts</b>	Yes	Yes
<b>Participation Rate - Mathematics</b>	Yes	Yes
<b>Percent Proficient - English-Language Arts</b>	No	No
<b>Percent Proficient - Mathematics</b>	No	No
<b>API</b>	Yes	Yes
<b>Graduation Rate</b>	N/A	Yes

### Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

<b>Indicator</b>	<b>School</b>	<b>District</b>
<b>Program Improvement Status</b>	In PI	In PI
<b>First Year of Program Improvement</b>	2009-2010	2009-2010
<b>Year in Program Improvement</b>	Year 1	Year 1
<b>Number of Schools Currently in Program Improvement</b>		6
<b>Percent of Schools Currently in Program Improvement</b>		9.1

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

For the 2009-2010 school year, our Professional Development initiatives to provide support for all students include but are not limited to: Continuation of Site Support Team - District and Site personnel work together to develop plans for student achievement; implementing daily differentiated instruction time to support all learners; effective teacher collaboration; building teacher leadership; fluency instruction; goal setting and data analysis; and Building Automaticity with math facts. The work at Herman Leimbach Elementary School centers on closing the Achievement Gap. To this end, our teachers continue to focus on strategies that provide opportunities for all students to excel. During Early-out Wednesday weekly teacher collaboration meetings, students leave school one hour early. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our teachers also take part in a district math professional development program for teachers of grades 3-7 that is intended to increase students' conceptual understanding of mathematics. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

## XIII. National Assessment of Educational Progress

### National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

### National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight.

Subject and Grade Level	Average Scale Score		Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

## National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – All Students

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
