

# School Accountability Report Card Reported for School Year 2008-09

*Published During 2009-10*

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### *DataQuest*

*DataQuest* is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

At Prairie Elementary our staff is committed to providing the best possible education for each child. We are proud of our students and staff and their outstanding progress in reading and math. Last year our API score increased by 17 points to 772. We are very proud of all the gains achieved by our students and proud of our outstanding teachers who have won awards as the California Teacher Of The Year semifinalist, Lighthouse for Literacy Awards, and Prudential Award recipients. We have an excellent Character Education Program. Prairie Elementary was recognized as a 2007 and 2009 California School Of Character.

Our district's mission is to provide a learning community that challenges all students to realize their greatest potential. We support this goal by providing our students with instructional excellence. Promoting a life long love of learning and fostering outstanding citizenship are the main focuses of all staff members. There are numerous interventions in place to support students on their academic journey to literacy in reading and math. Some of those interventions include a coach, off-track intervention classes, daily parent education classes, after school academies, and an after school enrichment program.

At Prairie Elementary we promote good citizenship, hold high expectations, and maintain a safe, orderly learning environment for all students. A schoolwide discipline program and character education curriculum, which are used in every classroom, foster specific, expected behaviors for school success.

We welcome parent participation. Parents are encouraged to become members of our Parent Partnership Program at our annual beginning of the year barbecue, attend our family nights, and enjoy our cultural diversity during Multicultural Family Night. Our dads have been actively participating through our Watch DOGS program. We have also started a school garden where each grade level is in charge of its own garden. The atmosphere at Prairie makes the community feel welcome and our students feel comfortable and secure, which enables them to pursue academic excellence.

Fawzia Keval, Principal Prairie Elementary

## Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

There are a number of ways to become involved with your child's education. Our school has an active Parent Partner Organization (PPO) that supports campus activities. Teachers are provided time each month for parent contact and the principal hosts a monthly coffee meeting. We offer an adult education class for our parents who would like to learn English. This is a popular class with our parents. We also offer a video checkout program for parents who cannot attend the morning classes to learn English. We began a Bring Your Parent To School Day this year and it proved to be a popular event. Parents got to spend one to seven hours with their children on campus. Several parenting workshops are offered throughout the year. Our parents are always welcome to volunteer in the classroom, attend parent conferences, and join the PPO or School Site Council.

## Student Enrollment by Grade Level (School Year 2008-09)

## III. School Climate

### School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

Your child's safety is the first priority at Prairie Elementary School. Yard duty supervisors receive monthly training and are supported by student conflict managers. Our safety committee meets regularly to update our emergency procedures. Our staff last reviewed and updated our School Safety Plan in October 2009. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office and procedures are practiced on a regular basis. Safety drills are conducted monthly.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

Expulsions	0.0	0.0	0.0	0.3	0.4	0.3

## IV. School Facilities

### School Facility Conditions and Planned Improvement (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

The district takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Included is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school has 41 classrooms, a multipurpose room, a library, a computer lab, and an administration building. The main campus went through modernization in 2005 and we now have a beautiful campus with a track for running. We also house a beautiful preschool campus on the west side and a county building for our disabled students.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

## School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Date of facilities inspection: 11/13/2009

<b>Without Full Credential</b>	0	0	0	53
<b>Teaching Outside Subject Area of Competence</b>	0	0	0	

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: *Total Teacher Misassignments* includes the number of *Misassignments of Teachers of English Learners*.

Indicator	2007-08	2008-09	2009-10
<b>Misassignments of Teachers of English Learners</b>	0	2	1
<b>Total Teacher Misassignments</b>	0	2	1
<b>Vacant Teacher Positions</b>	0	0	0

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2007-08)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
<b>School Site</b>	\$6,897	\$1,881	\$5,016	\$61,185
<b>District</b>			\$6,742	\$63,945
<b>Percent Difference – School Site and District</b>			34%	5%
<b>State</b>			\$5,512	\$67,049
<b>Percent Difference – School Site and State</b>			10%	10%

### Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

Our Learning Center services special education students as well as regular education students who need additional support to meet the standards. Intervention teachers service small groups of students in every classroom four days a week. We provide one hour of "What I Need" Time for English learners to receive additional instruction. English and native speakers receive additional help in areas of focus. In addition, we have after school classes for students still learning English, funded by the Central Valley Foundation grant. Gifted and Talented students participate in accelerated instruction within their classrooms and in after school science classes. Students who benefit from homework support and enrichment opportunities, participate in our after school program called Fast Track. We offer off-track intersession classes and after-school academies taught by credentialed teachers. Enrichment classes include basketball, volleyball, soccer, track, dance, musical theater, and science based clubs. Our student council and peer mediation students received extensive training on leadership by the Youth Development Institute.

### Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA for grades three through eight and science in grades five and eight and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. *Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

### Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

Mathematics	44	52	53	48	49	51	40	43	46
Science	17	37	32	43	51	53	38	46	50
History-Social Science	0	0	0	37	40	47	33	36	41

### Standardized Testing and Reporting Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	37	39	18	
American Indian or Alaska Native	*	*		
Asian	51	70	33	
Filipino	72	79	*	
Hispanic or Latino	39	51	31	
Pacific Islander	50	75	*	
White (not Hispanic)	58	58		
Male	39	52	31	
Female	47	54	33	
Economically Disadvantaged	44	53	32	
English Learners	30	50	14	
Students with Disabilities	32	38	*	
Students Receiving Migrant Education Services	*	*		

## California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	26.7	34.2	28.1
7	0.0	0.0	0.0
9	0.0	0.0	0.0

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### API Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	4	3	4
Similar Schools	9	9	9

### API Changes by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	-6	32	17	772
African American	-15	23	38	735
American Indian or Alaska Native				
Asian	17	54	-12	818
Filipino				
Hispanic or Latino	-10	27	20	758
Pacific Islander				
White (not Hispanic)				
Socioeconomically Disadvantaged	-5	32	17	772
English Learners		23	23	771
Students with Disabilities				

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web page <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

<b>AYP Criteria</b>	<b>School</b>	<b>District</b>
<b>Overall</b>	No	No
<b>Participation Rate - English-Language Arts</b>	Yes	Yes
<b>Participation Rate - Mathematics</b>	Yes	Yes
<b>Percent Proficient - English-Language Arts</b>	No	No
<b>Percent Proficient - Mathematics</b>	Yes	No
<b>API</b>	Yes	Yes
<b>Graduation Rate</b>	N/A	Yes

### Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

<b>Indicator</b>	<b>School</b>	<b>District</b>
<b>Program Improvement Status</b>	In PI	In PI
<b>First Year of Program Improvement</b>	2009-2010	2009-2010
<b>Year in Program Improvement</b>	Year 1	Year 1
<b>Number of Schools Currently in Program Improvement</b>		6
<b>Percent of Schools Currently in Program Improvement</b>		9.1

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school and district offer a variety of professional learning opportunities for teachers, para-professionals, and non-instructional support staff. Our focus is on closing the achievement gap by formulating professional development opportunities based on proven research. Professional Development opportunities include: expository writing and looking at student work; reading fluency; strategies that meet the needs of English Language Learners; data analysis; cultural diversity; implementing the English Language Development Curriculum; Special Education Reading First; differentiated instruction; technology training and comprehension strategies. Our intermediate teachers participate in the technology training program thanks to the EETT grant. Several teachers have also received training on English Language Development because of funding from the Central Valley Foundation Grant. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms. Finally, the district offers a variety of classes for support staff. Paraprofessionals, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

## XIII. National Assessment of Educational Progress

### National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>.

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

### National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight.

Subject and Grade Level	Average Scale Score		Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

## National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – All Students

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
