Hours of Operation

Our office is open from 8:00 a.m. to 4:00 p.m. Monday through Friday. Parents are always welcome to visit the office to address any questions or concerns they may have about the school or their children. The office staff can assist parents with registering and enrolling their children and can give information about programs at the school.

Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: www.egusd.net.

A Message From the Principal

William Daylor High School
A Community of Lifelong Learners!

William Daylor High School truly provides a unique and wonderful educational experience for students, from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Parent support and involvement continue to be important aspects of the success at William Daylor High School. This support is given, and is recognized and appreciated in many different ways. Some parents help plan the programs and policies, while others serve as volunteers for Student Government activities and field trips. Parents also support student success by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. We emphasize cooperation and responsible, respectful behavior. All adults visiting campus are required to check in through the school office. The atmosphere of the school makes our students feel comfortable and secure.

Tom Martens, Principal
William Daylor High School

Parental Involvement

There are a number of ways to become involved with your child's education. We have two Back to School Nights and parent conferences throughout the year. You are always welcome to volunteer in your children's classroom and/or join the School Site Council. For more information on parent involvement opportunities, you may contact our office at 427-5428.

Teacher Credentials and Misassignments

Teacher Credentials		2008-2009
Total Number of Teachers		11
Total Full Credentials		11

Teacher Misassignments and Vacancies		2009-2010
Misassignments of Teachers of English Learners		0
Misassignments Due to Subject Matter Competency		0
Teacher Vacancies		0

SOURCE: 2009-2010, EGUSD

In the 2008-2009 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Included is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school has 16 classrooms, a multipurpose room, and an administration building. The main campus was built in 1965. Additions were constructed in 1968 and 1972. Two portable classrooms were constructed in 1997 for class size reduction.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

There are no corrective actions necessary at this time.

School Facility Good Repair Status

Date of facilities inspection: 10/26/2009

Item Inspected	Repair Status			Repair Needed
	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	x			NA
Interior: Interior Surfaces	x			NA
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	x			NA

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. Student scores are reported as performance levels. The five performance levels are Advanced, Proficient, Basic, Below Basic, and Far Below Basic. Students scoring at the Proficient or Advanced level meet state standards in that content area.

Data reported are the percent of students scoring at the Proficient or Advanced levels.

SOURCE: 2008-2009, California Dept. of Education

Academic Performance Index (API)

The Academic Performance Index is a score on a scale of 200 to 1,000 that annually measures the academic performance and progress of individual schools in California. The state has set 800 as the API score that schools should strive to meet. Each year a school's API is required to increase a minimum of 5% until they meet the 800 target overall and for significant subgroups. Schools across the state are ranked into ten categories, from one (lowest) to ten (highest), which is referred to as their statewide rank. In addition, each school is compared to 100 statistically matched similar schools and ranked against this group. This ranking is also ranked into ten categories, from one to ten. These ranks are published when the Base API is released each March.

Growth Score	NA
Statewide Rank	B *
Similar Schools Rank	B

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all students perform at or above the proficient level on the state's standards-based assessments by 2014. In order to achieve this goal and meet annual performance objectives, districts and schools must improve each year according to set requirements. A "Yes" in the following table displaying Overall AYP Status indicated that AYP was met for all students and all subgroups.

Schools receiving Title I funding enter federal Program Improvement (PI) if they do not make Adequate Yearly Progress (AYP) for two consecutive years.

	School	District
Program Improvement Status	NA	In PI
First Year of Program Improvement	NA	2009-2010
Year in Program Improvement	NA	Year 1

Career Technical Education Programs

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Our Counselors and Contract teachers offer additional support. William Daylor High School offers students four on site Regional Occupation Programs (ROP): Retail Sales, Business Computers, MOS Certification, Computer Graphics and Construction Technology. These programs are provided on our campus through the Sacramento County Regional Occupation Program office. The courses provide our students with the necessary skills to seek life-long employment in a variety of employable fields. Regardless of the career path chosen, William Daylor High School makes every effort to work with the students to insure that they meet district and state graduation standards.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2009-2010, our school has a professional development emphasis in writing. Through our district's Trainer of Trainers program, four times per year a team of teachers attends training on best teaching practices and returns to the site and shares the information they learned with the whole staff.

New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

School Safety Plan

Your child's safety is important to us at William Daylor High School. We believe that nothing should get in the way of the academic achievement of our students, which is why it is important that our students feel safe. Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in November of 2009. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the office of our school. Random periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Specialized Programs

At our school we have highly qualified staff to assist students with special learning needs. Our resource teacher not only provides support for special education students, but also general education students who need additional support to meet the standards. Our bilingual teaching associates help our English Learners access the core curriculum.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
Beginning	\$40,047	\$42,065
