About the Elk Grove Unified School District

The Elk Grove Unified School District (EGUSD) is the fifth-largest school district in California located in southern Sacramento County. EGUSD covers 320 square miles and includes 65 schools: 40 elementary schools, nine middle schools, nine high schools, five alternative education schools, an adult school, a charter school and a virtual academy. Offering a multitude of educational programs, including over 40 career-themed academies and pathways within 13 industry sectors, we prepare our students for college and career by supporting them with the means to be creative problem solvers; self-aware, self-reliant, and self-disciplined; technically literate; effective communicators and collaborators; and engaged in the community as individuals with integrity. We integrate rigorous academics with career-based learning and real world workplace experiences and strive for having every student learning in every classroom, every subject, every day.
