

# EGUSD Portal

[www.egusd.net](http://www.egusd.net)

The EGUSD Portal allows parents and guardians the option to access their secondary student's official academic progress reports and report cards electronically. Parents and guardians are also able to securely update and change opt-out elections, such as directory information, posting of student photos, and movies and videos. Additional features such as attendance reporting and schedules are planned for the Portal in the near future that will provide parents and guardians with the opportunity to view other academic information about their student rather than receive printed reports through the U.S. mail.

For more information about the EGUSD Portal, please take a look at the frequently asked questions and answers below:

## **What is the EGUSD Portal?**

The EGUSD Portal is a gateway for parents and guardians to securely access online information related to their students. The EGUSD Portal gives all parents and guardians the ability to access report cards electronically. Secondary parents and guardians will also have access to progress reports. Through the EGUSD Portal parents and guardians can download these documents and save for them for future reference. The EGUSD Portal also offers parents and guardians the ability to make Opt-Out selections online.

## **What are Opt-Out selections?**

Parents and guardians have the ability to opt their students out of public media coverage, posting of student images and names through EGUSD digital communication tools, release of directory information, viewing PG-13 or R-rated films and family life education.

## **What else besides Report Cards and Progress Reports will be available?**

As parents and guardians use the application, many ideas will be generated. A feedback form is provided in the EGUSD Portal for offering suggestions for improvement. In the future, we anticipate adding new content such as attendance information, schedules, transcripts and many other useful features.

## **How do I gain access to EGUSD Portal?**

When registering, provide an email address and check yes for the question "Do you wish to participate in EGUSD Portal in lieu of certain mailings?" With a valid email address, parents and guardians registering their students in the district will be invited to join the EGUSD Portal via email. This email will include a Guardian ID number and Verification Code. The notification will direct parents and guardians to a website where they can complete the registration process by creating a unique username and password. The username and password may match those used for School Loop.

## **Is EGUSD Portal related to School Loop?**

Many secondary schools in EGUSD utilize a third-party communication tool called School Loop. EGUSD Portal and School Loop are not related. However, for ease of use, secondary parents and guardians are encouraged to create the same username and password in the EGUSD Portal as School Loop. Features in the EGUSD Portal will not be in School Loop. EGUSD Portal is the only place online for parents and guardians to access their students' official Report Cards and Progress Reports or make Opt-Out selections.

## **Contact Information**

If you have a question regarding the opt-out forms or report cards/progress reports on the EGUSD Portal, please contact your school. To report a technical problem with the EGUSD Portal website, please contact the support group at [webportalsupport@egusd.net](mailto:webportalsupport@egusd.net).
