The Board was also asked to determine the section the policy should be placed under: Community Relations or Students.

This new board policy, Concept, Roles and Responsibilities of School Administrators and Law Enforcement Relative to Student Behavior, will provide a clear vision between school administrators and law enforcement partners to best serve the District’s students and community.

Public Comment:
Rafael Jemmott, Lorreen Pryor, Angela Jemmott, and Allegra Taylor shared their thoughts and concerns about ongoing incidents that have occurred between students and the SROs along with the negative affect they feel it is having on African American students. It was requested that something be done to rectify this matter; that the Board consider sending all staff to a systemic racism course to ensure the safety of all students, that the form of student punishment change, and that the contract between the Sherriff’s Department and the District be looked at closely.

Pastor Christopher Logan stated that as it relates to SROs, he feels the mark is being missed. It is not his desire to oppose the Board, he would like to help the District get back on target and requested a community panel be put in place to have input about who is on campuses monitoring students and would like there to be transparency about those who are being hired.
