Dear Elk Grove Unified Staff and Families,

We would like to provide you with an update on three main points: New mitigation criteria issued by Sacramento County Public Health, student eligibility in athletic and/or academic event participation and discussions regarding reinstatement of spring break as originally calendared to take place the first week of April.

First, based on the new mitigation criteria from the Sacramento County Public Health Department, which we will explain at the end of this update, EGUSD is reinstating student eligibility for academic and athletic team events scheduled for today, March 10th and Wednesday, March 11th. We expect to have answers about other academic and athletic team events scheduled for the rest of this week by Wednesday afternoon.

Secondly, this afternoon, we will meet with labor leaders in hopes of keeping the originally calendared spring break in place. Our discussion will center around either seeking relief from the state about missed school days or about adding time to the end of the calendared school year.

And, thirdly, please note that the Sacramento County Public Health announced yesterday that they have made a criteria change from containment to mitigation. According to the [Centers for Disease Control and Prevention](#), this means the use of strategies of exposure control that include actions that persons and communities can take to help slow the spread of respiratory viruses.

Lastly, of the 13 cases Elk Grove Unified was monitoring in coordination and collaboration with Sacramento County Public Health regarding potential exposure to CoVID-19, Sacramento County Public Health has cleared all but one case, which was the case reported yesterday, and which is on quarantine.

Updates regarding Elk Grove Unified's ongoing efforts to help stop the spread of CoVID-19 will be provided as we work together with local, county and state officials all with the goal of keeping students and staff safe. Please stay tuned and visit our [www.egusd.net/covid-19](http://www.egusd.net/covid-19) website.

Sincerely,  
EGUSD Communications
