Stakeholder Engagement

Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

At Carroll Elementary, we strive to provide multiple means of input. We are dedicated to engaging our stakeholders to develop our local control accountability for a review, analysis, and input on our plan. We are committed to being responsive to the needs of our community. Through Carroll school site council meetings (09/10/19, 10/15/19, 2/09/20, 4/24/20); leadership team meetings, grade level PLC Meeting (9/11/19 - 11/6/2019 & 1/8/2020 -3/11/2020), surveys and ELAC Meetings (8/21/19, 9/11/19, 3/6/19, 4/24/19) our school gathers input, shares our planning process, as well as collaborated with our stakeholders to improve our the continuous improvement cycle. We sought out multiple opportunities, sources, and methods of input to allow for responsiveness to students, families, community as a whole, and staff so that we are able to reach our goals.

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Stakeholder input helps to build consensus and a clear direction for services to students and supports for continued staff development to meet the unique needs of our student population. Through questioning and the cycle of inquiry, parents and staff review our progress, make suggestions for improvement, express their desires for school improvement targets, and better understand the larger picture of school improvement efforts, funding sources and the allocation of resources.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.
