County-District-School (CDS) Code: 34673146033062

**Elk Grove Unified School District
Elk Grove, California**

Approved by the Elk Grove Unified School District Board of Education on _

*Meets E.C. 64001 Requirements for a Single Plan for Student Achievement

Goal Setting

State Priorities

Conditions of Learning:

- Priority 1 - Compliance with Williams criteria - instructional materials, teacher assignments and credentials, facilities
- Priority 2 - Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 - Access, including for subgroups, to a broad course of study

Pupil Outcomes:

- Priority 4 - Pupil Achievement - statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 - Pupil outcomes in specified subject areas

Engagement:

- Priority 3 - Parental involvement
- Priority 5 - Pupil engagement - attendance, dropout and graduation rates
- Priority 6 - School climate - suspension and expulsion rates, etc.

Strategic Goals

Goal 1: High-Quality Classroom Instruction and Curriculum

- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

Goal 2: Assessment, Data Analysis, & Action

- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

Goal 3: Wellness

- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

Goal 4: Family and Community Engagement

- All students will benefit from programs and services designed to inform and involve family and community partners.

Stakeholder Engagement

Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

Our School Site Council had an opportunity to provide input into developing the LCAP site goals at our meeting on April 23, 2020, for the 2020-2021 school year. Our School Site Council met regularly and had conversations about various programs and initiatives regarding site and district goals.

Over the past year, our staff has staff worked together to create site goals based on data that aligned with EGUSD goals for a three year plan and for our 2020-2021 LCAP. This was done through various staff and grade level meetings throughout the school year as evidenced by meeting agendas.

During our ELAC meetings during the year, members again received an overview of LCAP and were given an opportunity to provide their feedback and support of our goals addressing our English Learners, as well as all additional goals.

At Back-to-School Night, August 13, 2020, LCAP goals were highlighted and progress toward meeting those goals were noted.

School Site Council Meetings were held on 11/07/2019, 01/30/2020, 04/23/2020, **05/23/2019**

ELAC Meetings were held on 09/26/2019, 01/16/2020, 05/06/2020

Staff Meetings held on 09/18/2019, 01/22/2020, **05/08/2019**

Leadership Meetings held on 01/13/2020 and **05/1/2019**

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Input from school stakeholders contributed to the development and implementation of the goals within the LCAP. Analysis and discourse about school-wide data resulted in setting site-specific goals within each of the four statewide goals. Every discussion emphasized the needs of students and the data that supported the decision to create, change, or eliminate a goal. Parent, staff, and student survey results indicate that stakeholders prioritize safety, cleanliness, and outstanding instruction. Data for Franklin Elementary indicates an achievement gap between African American students and their white classmates. All stakeholders recognize the need to support struggling students both emotionally and academically. This includes students with special needs, who are socioeconomically disadvantaged, are English Learners, and/or are part of the foster care system. We will:

1. Be sure staff has professional development that supports effective Tier I and Tier II instructional strategies for lessons based on the CCSS.
2. Provide during the day and extended learning opportunities for students after school and during the summer months, if possible. Continue to provide and explore providing after school opportunities for extension and remediation.
3. Increase parent involvement, determining their needs, and designing parent programs/events to meet their needs. Continue and create more opportunities for parents to be on campus for parent learning and community building.
4. Provide professional development to teaching staff on effective Professional Learning Communities in an educational setting.
5. Continue attendance site goal and incentives
6. Continue PBIS school-wide and provide more opportunities for parents to understand the PBIS philosophy, behavior matrix, incentives, and supports/interventions. Continue to work with EGUSD SSHS for additional outside support for classrooms who have students with high behavioral needs. Continue to provide more after-school opportunities for students to feel connected (GATE, VAPA, etc.)

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.
