

Joseph Kerr Middle School

Local Control Accountability Plan (LCAP) 2020 - 2021

Principal:

(Signature):

County-District-School (CDS) Code: 34673146061808

Elk Grove Unified School District Elk Grove, California

Approved by the Elk Grove Unified School District Board of Education on

*Meets E.C. 64001 Requirements for a Single Plan for Student Achievement

Goal Setting

State Priorities

Conditions of Learning:

- Priority 1 Compliance with Williams criteria instructional materials, teacher assignments and credentials, facilities
- Priority 2 Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 Access, including for subgroups, to a broad course of study

Pupil Outcomes:

- Priority 4 Pupil Achievement statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 Pupil outcomes in specified subject areas

Engagement:

- Priority 3 Parental involvement
- Priority 5 Pupil engagement attendance, dropout and graduation rates
- Priority 6 School climate suspension and expulsion rates, etc.

Strategic Goals

Goal 1: High-Quality Classroom Instruction and Curriculum

All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life
readiness and eliminate the achievement gap.

Goal 2: Assessment, Data Analysis, & Action

 All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

Goal 3: Wellness

· All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

Goal 4: Family and Community Engagement

· All students will benefit from programs and services designed to inform and involve family and community partners.

Stakeholder Engagement

Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

The following opportunities for stakeholder involvement in LCAP planning, review, and analysis were provided:

Gathering of input began on January 8, 2019 and is on-going.

Input gathered at School Site Council, Staff Meetings, Leadership Team Meetings, and via Parent, Student, and Staff LCAP Surveys.

Input gathered during School Site Council meetings from teachers, other school personnel, parents and students on January 7, March 9, April 20, and May 21, 2020. Further input will be provided as necessary at later SSC meetings.

Input gathered during LCAP Stakeholders Meetings during the 2019-2020 school year on: August 28, November 7, January 9, and April 16, 2020.

Input gathered during ELAC Meetings on August 28, November 7, January 9, and April 16, 2020.

Input gathered during Staff Meetings on an on-going basis during the 2019-2020 school year.

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

Information gathered from these consultations provides input and informs school goals and funding priorities. A variety of stakeholders including students, teachers, parents, and staff have the opportunity to share and discuss their ideas and perspectives and participate in the development of the school plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

We do not have an adequate number of chrome books on campus. We have been attempting to acquire enough chrome books for every student to have access to one for both instructional as well as assessment reasons. Due to budgetary constraints as well as the fact that we have large numbers of chrome books taken from us every 3 year cycle and then not replaced, we are functioning at a significant deficit.

In 2020 Joseph Kerr Middle School was identified as an Alternative Targeted Support and Improvement (ATSI) school because 1 of our subgroups, Students with Disabilities, need additional targeted support to meet growth goals. As a result of our needs assessment, additional

resources have been allocated to support the increase in achievement for the identified subgroups.

- 1.2.2 Counseling staff will provide academic counseling and support via collaboration with families, teachers and caseload managers.
- 3.1.1 All staff will teach students clear expectations through PBIS kickoff and increasing positive supports.
- 3.2.1 Teachers will collaborate with each other, via PLC work, to better serve our diverse student population. Staff will attend National Equity Project.
- 3.2.2 and 3.2.6 Intervention Counselor/Counselors will create, implement, and monitor groups for at-risk student populations.
- 3.2.3 SPED teachers will attend professional learning to acquire, refine and implement latest research based strategies for students with disabilities.
- 3.2.4 Teachers will provide targeted after school instructional support.

Goals, Actions, and Progress Indicators

District Strategic Goal 1:

All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

District Needs and Metrics 1:

Students need high quality classroom instruction and curriculum as measured by:

- A-G Completion
- Access to Courses (Honors, AP/IB, CTE)
- AP/IB Exams
- CAASPP
- Content Standards Implementation
- CTE Sequence Completion
- EAP
- Other (Site-based/local assessment)
- Progress toward English Proficiency
- Redesignation
- Teacher Assignment

Jump To: District Goal 1 | District Goal 2 | District Goal 3 | District Goal 4 | Justification | Certification

Site Goal 1.1

Increase the percentage of all students, as well as our Principally Targeted Sub-groups, who meet or exceed standards in English Language Arts, Mathematics, and Science, as measured by the California Dashboard (CAASPP data).

ELA:

- All students will increase by 2% from 57% to 59% in met or exceeded.
- · African American students will increase by 3% from 25% to 28% in met or exceeded. (RED on CA Dashboard)
- Students with Disabilities will increase by 3% from 12% to 15% in met or exceeded. (RED on CA Dashboard)

MATH:

- All students will increase by 4% from 50% to 54% in met or exceeded.
- · African American students will increase by 3% from 18% to 21% in met or exceeded. (RED on CA Dashboard)
- Students with Disabilities will increase by 5% from 7% to 12% in met or exceeded. (RED on CA Dashboard)

SCIENCE is a baseline year.

Metric: A-G Completion

Actions/Services 1.1.1

Principally Targeted Student Group

• All

Specific Actions to Meet Expected Outcome	What is the Research Confirming this is an Effective Practice?	How will you Measure the Effectiveness of the Actions/Services?
Teacher on The Move Days: 1. School will provide support for teachers in the form of release time to observe colleagues delivering lessons, learning target and success criteria implementation, as well as best practices at JKMS as well as other schools. The expected outcome is to improve frequent and high quality instruction at JKMS through mentor teacher modeling and observation. Action to include funding for certificated time sheets for release days/periods, supplies and resources.	21st Century Professional Development: Hanover Research 2012. Best Practices in Professional Learning Communities: Hanover Research 2013. Assessment is formative when teachers gather, interpret, and use evidence about student performance to make decisions about next steps in instruction. (Tomlinson, C.A. & Moon, T.R. (2013) Assessment and Student Success in a Differentiated Classroom. Formative assessment is a process which comes in many forms and builds both teacher and student knowledge. Black and William (2009) have documented how formative assessment can improve student achievement. (See Black, P. & William, D., "Developing a Theory of Formative Assessment" in ?Educational Assessment, Evaluation, and Accountability, 21 (1), 5-31.	Participating teachers will participate in a collaborative Team share out during Staff Meetings relative to their specific observation(s). They will share realizations, best practices, and any deliverables developed as the result of the observation process.

Actions/Services 1.1.3

Principally Targeted Student Group

All

Specific Actions to Meet Expected Outcome What is the Research Confirming this is an **Effective Practice?**

Professional Learning:

- 1. Provide opportunity for teachers to attend professional learning and conferences that promote instructional excellence such as CLMS, CLS, Asilomar, Sacramento Area Science Project(NGSS), Pre-Advanced Placement Honors and Advanced Placement training, etc.
- 2. Provide opportunity for teachers to increase frequent high quality instruction by attending Professional learning relative to Learning Targets and Success Criteria, student engagement, student talk, and other components of FHQI.

Action to include funding for registrations, timesheets, meals and travel/transportation as necessary. Action designed to increase frequent high quality classroom instruction.

Darling-Hammond (2005) Professional

Development Schools: Schools For Developing A Profession; Teachers College Press.

Quality classrooms and schools evolve around powerful teaching and learning for each student. Three sources from the extensive research literature on high quality instruction are briefly described below. J. McTighe's widely researched and used <u>Understanding by Design</u> (2004) focuses primarily on delineating and guiding sound curriculum design. C.Tomlinson's equally widely researched and used How to Differentiate Instruction in Mixed Ability Classrooms (2001) focuses primarily on an instructional delivery model - processes and procedures to ensure that all students learn. The integration of these models - Integrating Differentiated Instruction and Understanding by Design (Tomlinson & McTighe, 2001) provides compelling evidence and tools to connect content with students' learning needs - an imperative for students to learn CCSS.

- How will you Measure the Effectiveness of the Actions/Services?
- 1. Teachers will share with site administrators and staff take aways during staff meetings. (Staff Meeting Agendas).
- 2. a. Increase in student engagement as measured by the school climate survey/student engagement.
- b. Implementation of Learning Targets, Success Criteria, and other components of FHQI as measured by administrator walkthroughs and teacher survey responses.

Actions/Services 1.1.4

Principally Targeted Student Group

All

Specific Actions to Meet Expected Outcome

1. Provide support to teachers and Library in the form of library books and resources which prepare students for college, career, and other post-secondary opportunities and life rediness, departmental subscriptions, equipment, and supplies designed to enrich existing curriculum and improve academic achievement in ELA, Math, Science, Social Science, and PE and increase the access for all students to programs and curriculum. Action may include funding for items such as smart boards, mimeos, supplementary subscriptions to such items as Newslea, and AVID weekly (In accordance with BP/AR 6161.1 no more than 15 copies of instructional materials (which may include digital) may be purchased without Board adoption)), additional lab supplies, mobile speakers for the PE Department to utilize for Square Dancing standard.

What is the Research Confirming this is an **Effective Practice?**

Research affirms the effect of the quality of school facilities and physical environments on teacher tenure and student attitudes toward learning.

SCHOOL CLIMATE RESEARCH SUMMARY; August 2012 Authors: Amrit Thapa, Ph.D.,

Jonathan Cohen, Ph.D., Ann Higgins-D'Alessandro, Ph.D., & Shawn Guffey https://www.schoolclimate.org/climate /documents/policy/sc-brief-vs.pdf

- How will you Measure the Effectiveness of the Actions/Services?
- 1. This action may be measured by tracking increases/improvements in the following:
 - a. Student School Climate Survey Results
 - b. Teacher School Climate Survey Results
- c. Student access to library book resources that prepare students for college, career, and post- secondary opportunities/readiness. (Library to create, distribute, and share data from survey).

Actions/Services 1.1.5

to Curriculum:

replaced.

Principally Targeted Student Group

A

Outcome Technology and Equitable Access

Specific Actions to Meet Expected

Additional chromebooks, carts, and/or ipads will be purchased to allow student access to online curriculum. 200 chromebooks were taken last year and need to be

1. Purchase additional Chromebooks and other technology and ancillary/related materials and equipment such as Elmo document cameras, printers, speakers, projectors and bulbs, A/V adaptors, pull down projection screens, and other technology relevant to ensuring equitable access to necessary technology for online curriculum. Outcome will result in more students having access to technology dependent/related components of curriculum and instruction resulting in improved student engagement and differentiated access to curriculum.

What is the Research Confirming this is an Effective Practice?

Cohen and Dacanay (1992) document greater student achievement percentile gains with teacher using technology as a supplement to instruction (gain of 21 percentile points) vs. using technology to replace the teacher (gain of 41 points.) See "Computer-based instruction and health professions education: a meta-analysis of outcomes." *Evaluation and the Health Professions*, 15 (3) 250-281.

Positive effects of technology on cognition, affect and behavior--Waxman, H.C., Lin, M., & Michk, G.M. (2003) report on evidence from 42 primary studies. See "A meta-analysis of the effectiveness of teaching and learning with technology on student outcomes" accessed at www.treeves.coe.uga.edu/edit6900/metaanalysisNCREL.pdf

Positive effect of technology on student achievement-Tamin, R., Bernard, R,. Borokhovski, E., Abrami, P., & Schmid, R (2011) report on positive effects of technology on student achievement from 25 meta-analyses of 1,055 primary studies. See "What forty years of research says about the impact of technology on learning: A second-order meta-analysis and validation study". Review of Educational Research, (81(4), 4-28.

How will you Measure the Effectiveness of the Actions/Services?

The actions and services for this goal may be measured using the following metrics:

1. Teacher Surveys indicating whether technology learning needs are being met or not, number of students accessing curriculum online, and level of student engagement relative to use of technology in the classroom.

Actions/Services 1.1.7

Principally Targeted Student Group

Specific Actions to Meet Expected Outcome	What is the Research Confirming this is an Effective Practice?	How will you Measure the Effectiveness of the Actions/Services?
CAREER TECHNICAL EDUCATION: Provide the following for our Pre-Engineering, Agricultural Science, and Design Thinking CTE courses in alignment with Elk Grove High Schools Agricultural Academy and Technology and Digital Arts Academy: 1. Consumable supplies 2. Instructional materials and equipment as necessary and as approved and listed on EGUSD adopted curriculum list. 3. Field trips related to the career theme or post secondary preparation 4. Professional development related to instructional methodology or staying current	Technology Integration in the Classroom Hanover Research (2010) Research affirms the positive effect of authentic learning experiences on student academic proficiency. IB and CTE pathways incorporate authentic learning and assessment into the learning experiences. Students learn content knowledge through the lens of Global Contexts (real-life applications). Authentic Learning for the 21st Century: An Overview By Marilyn M. Lombard (2007) This action/service supports elements 2 and 11 High Quality Curriculum and Instruction and CTE Promotion, Outreach, and Communication of the 11 Elements of High Quality CTE Pathways: https://l.cdn.edl.io/gRgSqhMzHiBO7h2onbsiVCdL96FdOp1vbW93ALDNCOj52Ja1.pdf Element 2: In order to provide hands on curricular experiences, consumable materials are needed. Students complete various projects within the CTE courses offered at Kerr and materials are needed to sustain the exercises aligned to CTE pathway standards. Element 11: These funds will provide opportunities for students to participate in events outside of the middle school setting. Students will have opportunity to participate in articulation events with Elk Grove High School to discover opportunities within the CTE pathways offered at their site.	Primary effectiveness will be measured by strong student enrollment (25-35 students per class). Other measures will include: 1. CTE Supplies - CTE Funding/Enrichment 2. Site controller will code instructional supplies and equipment to correct CTE goal and ensure that they are delivered to the right teacher. 3. Field Trip Participation-Student Attendance Roster(s). 4. Teachers to share take aways from professional development with entire staff as evidenced by Staff Meeting/PLC day agendas.

Site Goal 1.2

Close the achievement gap among low performing subgroup populations as measured by an increase in meet or exceeds standards in English Language Arts, Mathematics, and Science as reflected by CAASPP data and CA Dashboard data.

In the met or exceeded category of CAASPP:

ELA:

- · African American students will increase by 3% from 25% to 28% in met or exceeded. (RED on CA Dashboard)
- Students with Disabilities will increase by 3% from 12% to 15% in met or exceeded. (RED on CA Dashboard)
- Socially Economic Disadvantaged students will increase by 3% from 47% to 50% in met or exceeded.
- English Learner students will increase by 3% from 15% to 18% in met or exceeded.
- Hispanic students will increase by 3% from 43% to 46% in met or exceeded.

MATH:

- African American students will increase by 3% from 18% to 21% in met or exceeded. (RED on CA Dashboard)
- Students with Disabilities will increase by 5% from 7% to 12% in met or exceeded. (RED on CA Dashboard)
- Socially Economic Disadvantaged students will increase by 3% from 39% to 42% in met or exceeded.
- English Learner students will increase by 3% from 12% to 15% in met or exceeded.
- Hispanic students will increase by 3% from 37% to 40% in met or exceeded.

SCIENCE is a baseline year.

District Strategic Goal 3:

All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

District Needs and Metrics 3:

Students need a safe and engaging academic, socialemotional, and physical school environment as measured by:

- Cohort Graduation
- Expulsion
- HS Dropout
- MS Dropout
- Other (Site-based/local assessment)
- School Climate
- Social Emotional Learning
- Suspension

Jump To: District Goal 1 | District Goal 2 | District Goal 3 | District Goal 4 | Justification | Certification

Site Goal 3.1

School climate will promote a safe, respectful, and inclusive school environment that encourages stakeholder connectedness through the deeper implementation of Positive Behavior Intervention and Supports (PBIS).

- 100% of staff will implement Kindness, Effort, Respect, and Responsibility in all aspects of our campus
- The overall School Climate Survey favorable responses will increase by 5% from 71% to 76%.
- We will continue the work of the PBIS Tier 1 Team and further refine, define, and deeply establish the work of the PBIS Tier 2 Team.

Metric: Cohort Graduation

Specific Actions to Meet Expected Outcome What is the Research Confirming this is an How will you Measure the Effectiveness of the **Effective Practice?** Actions/Services? PARENT TEACHER HOME VISITS: Parent Teacher Home Visits are a fast, Effectiveness may be measured in the inexpensive and replicable strategy for following ways: Parent Outreach - focused outreach to engaging families, educators and · Increase in number of parents subgroups disproportionatley represented. students as a team. registered for Synergy Parent Teacher Home Visit Project: send For years, research has shown that families Increased percentage of favorable coordinator to the national conference; staff are essential to student and school success. responses from parents in the School training; compensate teachers for their time It seems simple - so why do schools have a hard time with effective family engagement? Climate Survey on home visits. Increased percentage of favorable First of all, experts agree that there's more to attendance at PTHVP Annual responses from students in the "agree" family involvement than bake sales and back Conference and "strongly agree" section of school to school night. Effective family engagement Teachers have completed training and connectedness builds relationships and capacity, and is will begin home visits Reduction in chronically absent students linked to student learning. as measured by the CA Dashboard data Secondly, even schools that understand the importance of families run into complex barriers that get in the way of partnership: Everyone is short on money and time. There may be a historic lack of trust and communication between the school and the community. Cultural and socioeconomic differences, expectations and unconscious assumptions may get in the way of well-meaning adults working together effectively. The PTHV model was developed by parents and teachers based upon community organizing principles of empowerment. Our home visits have a protocol which helps educators and families overcome the barriers listed above, and build trust, communication and common goals. Once a teacher and the family of her student have done the home visit, they are mutually supportive and accountable to each other. The family is better able to support their child's academics, and the teacher brings what she learns about the child to the classroom. Home visits also provide a positive

opportunity to meet federal and state mandates that families be meaningfully

informed of their child's academic standing. In fact, the PTHV model is recognized by the US Department of Education as a high-impact strategy for family engagement. http://www.pthvp.org/what-we-do/why-home-visits/
