Local Control Accountability Plan (LCAP) 2020 - 2021

Principal: 
(Signature): 
County-District-School (CDS) Code: 34673143430329

Elk Grove Unified School District
Elk Grove, California

Approved by the Elk Grove Unified School District Board of Education on _

*Meets E.C. 64001 Requirements for a Single Plan for Student Achievement
State Priorities
Conditions of Learning:
- Priority 1 - Compliance with Williams criteria - instructional materials, teacher assignments and credentials, facilities
- Priority 2 - Implementation of SBE adopted academic content standards, including programs and services for ELs to access the Common Core and ELD standards
- Priority 7 - Access, including for subgroups, to a broad course of study

Pupil Outcomes:
- Priority 4 - Pupil Achievement - statewide assessments, API, completion of A-G requirements, CTE sequences and AP courses, EL progress toward proficiency, college preparation (EAP)
- Priority 8 - Pupil outcomes in specified subject areas

Engagement:
- Priority 3 - Parental involvement
- Priority 5 - Pupil engagement - attendance, dropout and graduation rates
- Priority 6 - School climate - suspension and expulsion rates, etc.

Strategic Goals
Goal 1: High-Quality Classroom Instruction and Curriculum
- All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

Goal 2: Assessment, Data Analysis, & Action
- All students will benefit from instruction guided by assessment results (formative, interim and summative) and continuous programmatic evaluation.

Goal 3: Wellness
- All students will have an equitable opportunity to learn in a culturally responsive, physically/ and emotionally healthy and safe environment.

Goal 4: Family and Community Engagement
- All students will benefit from programs and services designed to inform and involve family and community partners.

LCAP Metrics and Dashboard Alternative School Status (DASS) data were reviewed with stakeholder in developing the plan, including site data specific related to:
- Graduation Rate
- Progress Toward English Proficiency
- Attendance and Absences
- Discipline data including suspensions and expulsions
- School Connectedness and Climate
- Family and Community Engagement
- CAASPP
- California Healthy Kids Survey

Rio Cazadero High School operates in a transparent manner with regard to identifying priorities and allocating resources. All meeting opportunities are utilized to discuss the needs of the students and steps that the school can take to meet those needs and provide opportunities for student success.

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

The School Site Council, ELAC and staff reviewed input from all stakeholders. They synthesized the input to include the following site priorities in the LCAP:

1. Provide extended learning opportunities for all students, particularly those at risk of not graduating on time.
2. Provide professional development opportunities for certificated and classified personnel to support student academic and personal needs.
3. Increase parental and community involvement.
4. Increase opportunities for academic support to enable all student to engage in rigorous instruction to prepare them for college and career options.
5. Develop a strong college/career focus and support. Provide opportunities for students to adjust plans and connect academic training to personal goals.
6. Expand experiential learning experiences, including project based instruction, field trips, speakers and performances.
7. Create opportunities in the classroom and beyond to make learning relevant and engaging.
8. Provide academic and non-academic support for students, to help them be successful.
9. Emphasize the importance of attendance and provide support and follow-up to ensure that students are able to be at school.

The ongoing inclusion of our stakeholders allowed them to provide meaningful input that we were able to integrate into the plan. This process also allowed the school to gather feedback from stakeholder groups who had not previously participated in the school plan development process. The school developed a coordinated plan consolidating WASC, Title 1 and LCAP to address the needs of all student learners.

### Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Our school is identified as Comprehensive Support and Improvement because our graduation rate needs additional focused support to meet growth goals. As a result of our needs assessment, additional resources to support the following goals and actions have been added to support the increased success of graduation rate:

1. **Provide extended learning opportunities**
   1.1 Purchase technology to support instruction and provide professional development to increase staff skill in using technology
   1.2 Provide professional development for teachers to develop curriculum and refine instructional strategies
   1.3 Expand implementation of PLCs
   1.4 Increase enrollment in CTE courses and other options to boost connections to college and careers
   1.5 Provide compensation to CTE instructor to provide outreach to connect students to college and career options.
   1.6 Provide professional development for instructional strategies that are particularly effective with English Learners
   2.1 Develop and utilize formative, interim, and summative assessments in order to improve student academic performance
   2.2 Work with Instructional Coaches and other resources to provide professional development regarding assessment strategies as well as effective instructional practices based on student assessment data and current research
   3.1 Implement positive behavior practices to support all students
   3.2 Provide professional development for staff to support all students
   4.1 Provide increased opportunities for parent and community members to support increased student success
   4.2 Update school-home communications to keep parents informed about student progress
   4.3 Work with site, district, and community resources to increase attendance

### Goals, Actions, and Progress Indicators

#### District Strategic Goal 1:
All students will have access to standards aligned curriculum and receive high quality instruction to promote college, career, and life readiness and eliminate the achievement gap.

#### District Needs and Metrics 1:
Students need high quality classroom instruction and curriculum as measured by:
- A-G Completion
- Access to Courses (Honors, AP/IB, CTE)
- AP/IB Exams
- CAASPP
- Content Standards Implementation
- CTE Sequence Completion
- EAP
- Other (Site-based/local assessment)
- Progress toward English Proficiency
- Redesignation
- Teacher Assignment

**Specific Actions to Meet Expected Outcome**

Provide opportunities for professional development, including but not limited to conferences, workshops, release time during the school year, hourly pay during the summer, or salary credit beyond work hours for teachers to learn about and develop curriculum and refine instructional strategies to meet the needs of students. Collaborate with coaches and teachers for program review and refinement and to implement instructional strategies and develop programs to support student learning. The focus will be on implementing PLCs and the development and use of assessment in the continuous improvement cycle. Additional focus areas: core subject area standards implementation and curricular rigor; integrated and interactive instruction; content links to CTE.

| Quality classrooms and schools evolve around powerful teaching and learning for each student. Three sources from the extensive research literature on high quality instruction are briefly described below. J. McTighe’s widely researched and used *Understanding by Design* (2004) focuses primarily on delineating and guiding sound curriculum design. C. Tomlinson’s equally widely researched and used *How to Differentiate Instruction in Mixed Ability Classrooms* (2001) focuses primarily on an instructional delivery model—processes and procedures to ensure that all students learn. *Integrating Differentiated Instruction and Understanding by Design* (Tomlinson & McTighe, 2006) provides compelling evidence and tools to connect content with students’ learning needs—an imperative for students to learn CCSS. | Standards Implementation
