Stakeholder Engagement

Involvement Process for LCAP and Annual Update

How, when, and with whom did the school consult as part of the planning process for this LCAP/Annual Review and Analysis?

Union House staff collaborated to review school data from the past three years, 2017-2019. We examined trends as well as current needs of students and staff. Our discussion and analysis was guided by the Eight State priorities and EGUSD’s strategic goals. Meetings were held with the following stakeholders: General Staff meetings, Leadership Team meetings, PBIS Team meetings, ELAC Meetings, School Site Council Meetings, and Parent Meetings. Within meetings stakeholders had opportunities to provide feedback and have discussion on High Quality Instruction, Assessments and Program Evaluation, Wellness, and Family and Community Engagement.

Leadership Meetings: 9/9/19, 10/14/19, 12/9/19, 1/13/20, 4/3/20, 9/21/20
School Site Council Meetings: 9/26/19, 10/30/19, 2/26/20, 4/22/20, 9/15/20
ELAC: 9/16/20
Back To School and Title I Meeting: 8/22/19, 8/25/20
PBIS Team Meeting: 8/28/19, 9/25/19, 10/23/19, 2/26/20
Parent, Student, Staff Surveys: Fall 2019, September 2020

Impact of LCAP and Annual Update

How did these consultations affect the LCAP for the upcoming year?

As a result from collaborating with stakeholders, it was noted that support for Social Emotional Learning continues to be a need for our school community. Although, we have made some significant progress in the area of suspensions, we still have work to do. We need to have fidelity to our PBIS school wide systems of behavior and support as well as support for staff in creating safe learning environments and trauma-based training approaches. It is also noted that parent workshops and resources to help parents support their children at home are greatly needed.

Fall 2020: Collaboration with stakeholders in August and September 2020 resulted in additional feedback. Staff and parents identified the need to support under-served students and families within the Distance Learning model. Parents indicated the need for additional resources for supporting their child with online learning, Social and Emotional strategies and skills through an equity lens. Both staff and parents identified a need for additional professional learning for staff in culturally responsive teaching practices.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Union House was identified as Alternative Targeted Support and Improvement because our Chronic Absenteeism is Very High for the following subgroups: Two or More Races, Students with Disabilities, and African American Students. In addition our Suspension rate is Very High for the following subgroups: Two or More Races, White, Students with Disabilities, Socioeconomically Disadvantaged. The following groups were also designated Very Low in the areas of ELA and Math respectively: Students With Disabilities and African Americans. These groups need additional targeted support to meet growth goals. As a result of our needs assessment, the following goals and actions have been added to support students:
1.1.2 Teachers and site administrators will receive professional learning on instructional practices and strategies that support equitable student outcomes.
1.1.3 Supplementary resources will be purchased to provide additional reading and math support that is accessible at school and home.
1.1.6 Teachers will meet each week during their Early Out Professional Learning Collaboration time to discuss the progress of African American and Students With Disabilities using standards-aligned interim assessment data.
3.1.1 The suspension rate for African American, Two or More Races, White, Students with Disabilities, Socioeconomically Disadvantaged will be addressed providing mentoring and support for students.
