When will Summer Learning Programs operate?

In-person Summer Learning Programs will vary by school site and be offered between June 6-July 30, 2021. Length of day will be determined by school site to meet the needs of the school community. Year-round elementary sites will not participate in Summer Learning Programs, but will have additional intersession opportunities available during off-track times.

Which students may attend Summer Learning Programs?

Students who will be in grades K-6 in the fall may attend Summer Learning Programs at elementary schools on a traditional or modified schedule. Students who will be in grades 7-8 in the fall may attend Summer Learning Programs at the middle school with additional opportunities for incoming 7th grade students to participate in Jump Start prior to the start of the 2021-22 school year. Students who will be in grades 9-12 in the fall may attend Summer Learning Programs at the high school.

What will be offered at Elementary Schools?

Elementary programs will include a camp-like, engaging program for K-2 students with an emphasis on early literacy and developing reading skills. Upper elementary students will have camp-like offerings with themed activities such as Visual and Performing Arts (VAPA); Science, Technology, Engineering, Math (STEM); Social Emotional Learning (SEL), and school connectedness. Regional programs with a focus on serving English Learners will have a teaching lab component (building upon the program piloted in 2019), in which instructional coaches will team with teachers to support students using best practices to meet the needs of language learners. The dates for elementary programs will be determined by school site with the following options. Please check with your student’s school for exact dates and times of program offerings at your school.

<table>

<tbody>
<tr>
<td>June 7-July 1 (19 days)</td>
<td>June 14-July 9 (19 days)</td>
<td>July 6-July 30 (19 days)</td>
</tr>
</tbody>
</table>

What will be offered at Middle Schools?

Middle school programs will include camp-like, engaging programs with themes such as VAPA, STEM, sports/physical activity, leadership, and social emotional learning. There will be additional activities focused on students transitioning from elementary to middle school. Additionally, Jump Start will be offered the week before school begins to provide opportunities for incoming 7th grade students to acclimate to the middle school environment. Please check with your student’s school for exact dates and times of program offerings at your school.

What will be offered at High Schools?

High school programs will include a centralized credit recovery and course acceleration model through distance learning. Additional program offerings will be held in-person on high school campuses and will include: 1) credit recovery/course acceleration for PE; 2) enrichment offerings; 3) learning hubs in support of distance learning courses; 4) CTE courses; 5) skill booster sessions; 6) work experience; and 7) high school orientation offerings for incoming 9th grade students. Please check with your student’s school for exact dates and times of program offerings at your school.
