2014-2015 INITIAL PROPOSALS
FROM
AMERICAN FEDERATION OF STATE, COUNTY AND MUNICIPAL EMPLOYEES (AFSCME) LOCAL 258
TO
ELK GROVE UNIFIED SCHOOL DISTRICT (District)
21 OCTOBER 2014

AFSCME agrees to continue to use the Interest Based bargaining model for collective bargaining. AFSCME agrees that both the Local Control Funding Formula (LCFF) and the Local Accountability Plan (LCAP) are significant elements affecting both budgeting and bargaining.

The primary interest of AFSCME is in recouping the losses from the major concessions it agreed to in 2010 in order to advance the District’s interest in meeting the statutory requirements of a fiscally solvent multi-year budget. In pursuing this interest, AFSCME understands and expects that a long-range perspective is necessary due to ongoing budgetary constraints. However, staffing, compensation and training have lagged far behind other bargaining units and the District management, causing difficulties not only for AFSCME workers but for the delivery of services to the EGUSD’s students, teachers, staff and the community.

With its primary interest in mind, AFSCME offers its response to the District’s Initial proposals and also has an interest in negotiating improvements in the following topics:

1. ARTICLE 8 – Compensation. In addition to the District’s proposals, AFSCME proposes to improve the wages paid to AFSCME workers, particularly its lowest paid workers, shift differential pay, longevity pay and provisions, overtime provisions, and the compensation practices surrounding pay while on job injury leave. Further, AFSCME proposes to study the current classification structures and improve the compensation of workers in the Grounds Division of the Department of Maintenance and Operations, and workers in the classifications of Counseling and Guidance Technician and Career Center Technician.

2. ARTICLE 9 – Benefits. In addition to the District’s proposals, AFSCME proposes increasing the benefits waiver and working toward better strategies for reducing the costs of benefits aside from cutting eligibility and benefits and shifting costs to workers.

3. ARTICLE 5 – Working Conditions. In addition to the District’s proposals, AFSCME proposes the implementation of various alternate work schedules including 9/8/80 and 4/10/40 schedules.

4. CONTRACT CLEAN-UP. AFSCME shares the interest of the District in continuing with a sub-committee to update current contract language beginning with Article 8.

Representing Classified Employees in the Elk Grove Unified School District
5. ARTICLE 4 – Grievance Procedure. AFSCME proposes improving the current procedure so that grievants first meet with a supervisor or manager within their chain of command who may actually have authority to adjust or effectively recommend adjustment of the grievance.

6. ARTICLE 6 – Employment Practices. AFSCME proposes that the District come into compliance the provisions of the federal Department of Transportation programs as they apply to AFSCME drivers of District vehicles and commercial driver license holders including the appropriate list of safety-sensitive classifications, driving logs and reporting requirements, random and post-accident drug testing, and the provision of necessary training so that AFSCME workers and their management are in compliance.

7. ARTICLE 7 – Holidays/Vacations/Leaves – AFSCME proposes updating and improving the provisions of the District’s Catastrophic Leave program. AFSCME also proposes adding Native American Day to the list of paid District holidays.

During the course of negotiations, AFSCME may discover additional issues that it has an interest in negotiating. Should this arise, AFSCME will present them for public consideration in accordance with relevant law and regulation.

Public Hearing and Resolution to Convey Land at C.W. Dillard Elementary School to the County of Sacramento for the Wilton Community Center

Action Requested:

The Board of Education is asked to: (1) Open a public hearing and receive comments on Resolution No. 23 authorizing the superintendent to execute a Conveyance Agreement, Grant Deed, Joint Use Agreement and related documents with the County of Sacramento for the Wilton Community Center; (2) Close the public hearing; and (3) Adopt Resolution No. 23.

Discussion:

The Wilton Community has long sought a place to create a community center, and the County of Sacramento also has sought to provide community facilities in the area. The construction of new facilities for C.W. Dillard Elementary School provides an opportunity that will benefit the District, the County and the Wilton Community by using redundant District property to establish the Wilton Community Center.

The C.W. Dillard Elementary School is under construction and will provide all necessary new facilities for the school. Most of the existing facilities, some dating to the 1950’s, will be removed. The Board may recall from previous communication, Staff sought a continuing use for the well maintained and functional Multipurpose Building, and through on-going conversations with Supervisor Don Nottoli’s Office, County of Sacramento Staff, the Wilton History Group and other members of the community, a plan for the Multipurpose Building to be owned and operated by the County as a Community Center for the Wilton area has emerged. In a win-win solution, the existing Multipurpose Building and the immediately surrounding land, approximately .42 acres, are proposed to be conveyed to the County to be operated and maintained by the County as the Wilton Community Center.

Because the Wilton Community Center will be in close proximity to the new C.W. Dillard, a Joint Use Agreement has been developed by Staff and the County, outlining operational procedures and the parameters of the shared use of District and County facilities.

The Board of Education is empowered by California Education Code 35160 to sell an interest in its real property to the County upon such terms and conditions as the parties may agree, and such sale may be entered into without complying with any other provisions of the Education Code related to the sale of the District’s real property, so long as the resolution authorizing such a sale and prescribing its terms has been adopted by unanimous vote of all members of the District’s Governing Board.

Upon completion of the new Dillard School, this land, building and related improvements will not be needed by the District and the County will use the property for the purpose of establishing the Wilton Community Center, and it is therefore in the best interest of the District and the community to convey this property to the County.

Financial Summary:

There are no financial impacts.

JOINT USE AGREEMENT
BETWEEN ELK GROVE UNIFIED SCHOOL DISTRICT
AND THE COUNTY OF SACRAMENTO
REGARDING USE OF FACILITIES AT C. W. DILLARD ELEMENTARY SCHOOL

This Joint Use Agreement ("Agreement") is executed and entered into as of July 1, 2015, between the Elk Grove Unified School District, a political subdivision of the State of California (hereinafter "District"), and the County of Sacramento, a political subdivision of the State of California (hereinafter "County").

BACKGROUND

1. District has separately agreed under the terms of an Agreement for Acquisition of Fee Interest in Real Property to convey to County, and County has separately agreed to accept, a portion of Assessor's Parcel Number 136-0320-006, consisting of approximately 0.42 acres, on Colony and Dillard Road in Wilton, California, and the existing multipurpose building and related improvements upon it (hereinafter "County Property"). The parties hereto intend this Agreement to be subject to County's processing of a lot split of APN 136-0320-006, which will result in a new legal parcel consisting of the County Property and a new legal parcel consisting of the remainder of the District Property.

2. County intends to use the multipurpose building situated upon and part of the County Property as a community center (hereinafter "Center") for residents of the Wilton area. The County Property is adjacent to the C. W. Dillard Elementary School (hereinafter "School") owned by District (hereinafter "District Property"). The County Property and the District Property are shown on the final site plan attached hereto as Exhibit "A."

3. California Education Code Sections 10900, et seq., empower District and County to cooperate with each other and enter into agreements for the purposes of organizing, promoting, and conducting programs for community recreation; establishing a system of playgrounds and recreation; and acquiring, constructing, improving, maintaining, and operating recreational centers.

4. District and County desire to enter into this Agreement to set forth the terms and conditions of joint public use of (i) the Center and (ii) the parking lot, restrooms, outdoor playfield areas and playground portions of the District Property (collectively, the "School Facilities").

ACCORDINGLY, District and County agree as follows:

1. USE OF CENTER AND SCHOOL FACILITIES; UTILITIES FOR CENTER

1.1. Joint Use of Facilities. During the term of this Agreement, District shall have the right to use the Center as set forth herein and County shall have the right to use the School Facilities as set forth herein. Title to the Center shall at all times remain vested in
County and title to the School Facilities shall at all times remain vested in District. Consistent with the Civic Center Act, District may make the School Facilities available to other community groups and will inform County of such events. Scheduling between County and District shall be as provided in Section 2.2.

1.2. **Electric Utilities and Communication Services.** County shall pay all charges associated with the installation of its own metered electric service, telephone, data, and other electronic signal services with respect to the Center and County shall pay all usage charges associated therewith. District shall have no liability or responsibility for provision of such services.

1.3. **Propane Equipment and Supply.** County has possession of the existing propane gas tank (and its contents) situated on the County Property under terms of the acquisition agreement and County shall provide all future propane for the Center. District shall have no liability to County or financial responsibility for repair or maintenance of the propane gas tank and lines, or for injuries arising from the use or operation of said tank and lines.

1.4. **Water, Storm Drain and Septic Services.** District will provide potable water, storm drain and septic/sewer services to the Center via existing pipes and other related infrastructure but District shall have no further liability or responsibility for provision of such services, except as expressly provided herein.

1.4.1. District and County will meet annually each April to review the physical condition of the water, storm drain and septic/sewer systems serving the Center and to establish if repairs or servicing are needed or can be anticipated. Any and all such repair or servicing costs, whether anticipated or not, are to be shared equally between County and District, or equitably apportioned between the parties by mutual agreement, and the assigned proportional share paid by each party.

1.4.2. District shall have access to the County Property for the purposes of maintenance of and repairs to the water, storm drain and septic/sewer systems. County hereby grants District, its employees, officers and authorized agents a license to access County Property at all reasonable times for such maintenance and repair purposes and shall indemnify and hold harmless District for any claims, demands, actions, losses, liabilities, damages, expenses or costs incidental to such access. District shall coordinate such maintenance and repairs with County. In the event of an emergency District shall notify County as to the condition and operation of the potable water, storm drain and/or septic sewer system servicing the Center.

1.4.3. County will operate, maintain and repair its own landscape and irrigation system at its own cost, with respect to the County Property and keep such County Property in a safe and clean condition, and District shall have no liability or responsibility for the provision of such services.

1.4.4. In the event public water and public sewer lines are connected directly to the Center, County shall be solely responsible for payment of the Center’s connection fees, County will thereafter be responsible for payment of the monthly water and sewer service costs for the Center and District shall have no liability or responsibility for payment of such costs.

1.4.5. District and County agree that while every effort has been made to identify and isolate existing pipes, wiring, and other infrastructure within the County Property such that, except as noted above, each property is served and operates separately, unforeseen pipes, wiring or other infrastructure may be identified in the future.
EXHIBIT C

District and County agree to inform each other if unforeseen pipes, wiring or other infrastructure are discovered and to assess and coordinate any work required as a result under the terms of Section 1.4.1 and 1.4.2.

2. SCHOOL CALENDAR AND HOURS

2.1. School Calendar. District will inform County by May 31, of each year of the anticipated calendar for the School for the following school year, including days of operation, holidays and breaks. The calendar for the School for the current year is attached hereto as Exhibit “B.”

2.2. Primary Contacts; Scheduling. From time to time, District and County will each establish a primary administrative contact for the School and the Center to communicate schedules, events, parking, and coordination of all other aspects of this agreement. The initial primary contact for the School shall be the School’s Principal, currently Sandra Winst, and the initial primary administrative contact for the Center shall be the Director of Regional Parks, currently Jeff Leatherman. The primary administrative contacts for School and Center will inform each other of scheduled events as they occur, and coordinate events to avoid scheduling conflicts and to provide availability of shared facilities.

2.3. Third Party Use of School Facilities. District and County agree to require any community group proposed to use the School Facilities to execute and deliver to the District or County primary administrative contact a written statement of information as required by Education Code Section 38136, certifying to the effect that the School Facilities will not be used for the commission of any act intended to further any program or movement the purpose of which is to accomplish the overthrow of the government of the United States by force, violence or other unlawful means.

2.4. Hours of Operation. With the exception of the use of the School parking lot, the parties hereto agree that at no time will County schedule events at the Center or on County Property which will involve the shared use of any portion of the School site or School Facilities identified under this Agreement (Overflow Parking, School bathrooms, playgrounds, etc.), at any time during School Hours or during which District events are taking place on the School site. The parties hereto further mutually agree to undertake all reasonable efforts to ensure that County Invitees and members of the general public shall not be allowed to come on to or into contact with students on the School site (with the sole exception of the School parking lot) during the School Hours. Anticipated hours of operation of the School for the typical school day are Monday through Friday, from 7:00 a.m. to 4:00 p.m. (“School Hours”). District will inform County of significant changes to these times.

2.5. Coordination with County Events Outside School Hours. In addition to the times set forth on the School calendar, County will provide for an additional one half (1/2) hour for arrival and departure activities before and after regularly or specialty scheduled School events when scheduling Center events and/or use of the County Property for purposes of this Agreement. County shall give District five (5) days’ notice of any events that are proposed to occur proximate to (within a half hour of) the School’s start and/or end times in order to allow County and the School to coordinate events, avoid parking congestion, and coordinate use of any School Facilities.
3. PARKING

3.1. Provision of District Parking Spaces to County. District shall provide parking for the Center in the School’s parking lot. All vehicles of County’s employees, Invitees and members of the general public must be parked in striped, developed parking spaces. Parking spaces will not be assigned to County except by mutual agreement of District and County. District and County’s primary administrative contacts will keep record of any such particular parking space assignments. Neither the school bus lane nor the drop-off/pick-up lane shall be available for the County, its employees, Invitees or members of the general public, at any time. With the exception of the School parking lot, at no time shall County employees, Invitees and/or members of the general public be allowed access to the Center or County Property through the School site during School Hours and/or during any District events.

3.2. Capacity. The School parking lot will have a capacity of approximately one hundred sixty (160) spaces. Up to fifty (50) of these spaces will be made available for County’s use on a daily basis, during School Hours, but which shall be subject to School use during School Hours and District events.

3.3. Priority Use. District, its staff, students, and parents/guardians of students will have priority use of all parking spaces in the School parking lot during School Hours and during regularly or specially scheduled District events. District events include, without limitation, sporting events, practices, and special weekend and evening events.

3.4. Overflow Parking. The hardcourt play area portion of the School Facilities shall be made available for “overflow” parking, upon advance request by County and arrangement with the District’s primary administrative contact, as may be needed for large events held by County, subject to scheduling requirements of Sections 2.1 through 2.5, and Section 3.3.

4. ACCESS TO SCHOOL FACILITIES BY COUNTY; ACCESS TO CENTER BY DISTRICT

4.1. Use of School Facilities. District agrees that County may use the School Facilities outside of School Hours, as defined in Section 2.4, at no cost, but subject to the parking restrictions contained in Section 3. District shall have first priority for scheduling use of School Facilities. County shall have first priority for scheduling use of School Facilities at times other than School Hours and/or District events, provided that such use shall not interfere with District operations.

4.2. County Use of School Facilities Restrooms. County shall have access to and use of School Facilities restroom facilities during County-scheduled activities. Under no circumstances shall the School Facilities Restrooms (or any restrooms on the District Property) be used by the County, its employees, Invitees and/or members of the general public during School Hours and/or during District Events.

4.3. Fees Charged for Direct Costs. The District’s adopted Facility Use Fee consistent with the Civic Center Act (Ed. Code, §§ 38130 et seq. and associated regulations) will apply to any use by County of the School Facilities, other than parking and overflow parking uses. Such fees shall be paid by County to offset District direct costs. District shall charge such fees in accordance with the fee schedule posted on the District’s website, as modified from time to time: http://www.cgusd.net/community/facilities_use.cfm.
4.4. **Use of School.** County’s use of the School Facilities shall not interfere with the operation of the School during School Hours, District events, and/or the use of District Property by other community groups.

4.5. **Use of Center.** County agrees that District may use the Center during school hours upon request of and coordination with the County primary administrative contact, as set forth in the scheduling provisions of Section 2.2. The County shall have first priority for scheduling use of the Center for community events and activities. After school hours use of the Center shall be in accordance with County adopted fee schedule posted on the Department of Regional Parks web page.

5. **ALCOHOL AND TOBACCO**

5.1. Serving of alcoholic beverages at the Center and/or County Property is prohibited during School Hours and/or during any District events taking place on the District Property.

5.2. The use and/or possession of tobacco, alcohol, and/or controlled substances are prohibited on District Property at all times.

5.3. Smoking is prohibited on County Property during School Hours and shall only be permitted on County Property consistent with County policy during non-School Hours.

6. **DAMAGE TO PROPERTY**

6.1. **County Liable for Costs.** County shall be responsible for the cost of repair and/or replacement of any School property, School Facilities and/or District Property which is lost, damaged, or stolen during and/or as the result of County’s use of the School site, School Facilities and/or District Property, normal wear and tear excepted. County shall promptly notify District upon County’s actual knowledge of any loss or damage to the School site, School Facilities and/or District Property of which the County becomes aware during and/or in conjunction with County’s use of same.

6.2. **District Liable for Costs.** District shall be responsible for the cost of repair or replacement of any County Property which shall be lost, damaged, or stolen during and/or as the result of District’s use of the Center and/or County Property, normal wear and tear excepted. District shall promptly notify County upon District’s actual knowledge of any loss or damage to the County Property of which the District becomes aware during and/or in conjunction with District’s use of same.

7. **INDEMNITY**

To the fullest extent permitted by law, County shall indemnify, defend and hold harmless District and each of District’s officers, directors, officials, employees, and authorized volunteers and agents from and against any and all Claims, demands, actions, losses, liabilities, damages, and all expenses and costs incidental thereto (Collectively “Claims”), including cost of defense, settlement, arbitration, and reasonable attorneys’ fees, sustained by any person or to any person or to any property in, on, or about the District Property or County Property resulting in injuries to or death of persons, including but not limited to employees of either Party hereto, and damage to or destruction of property, including but not limited to the District Property or County Property, arising out of, pertaining to, or resulting from the acts or omissions of County, its officers, directors, officials, employees, authorized volunteers and agents, contractors, invitees, or guests.
To the fullest extent permitted by law, District shall indemnify, defend and hold harmless County and each of County’s officers, directors, officials, employees, and authorized volunteers and agents from and against any and all Claims, including cost of defense, settlement, arbitration, and reasonable attorneys’ fees, sustained by any person or to any person or to any property in, on, or about the District Property or County Property resulting in injuries to or death of persons, including but not limited to employees of either Party hereto, and damage to or destruction of property, including but not limited to the District Property or County Property, arising out of, pertaining to, or resulting from the acts or omissions of District, its officers, directors, officials, employees, authorized volunteers and agents, contractors, invitees, or guests.

It is the intention of the Parties that the provisions of this Indemnity be interpreted to impose on each Party responsibility to the other for the acts and omissions of their officers, directors, officials, employees, authorized volunteers and agents, contractors, invitees or guests. It is also the intention of the Parties that, where comparative fault is determined to have been contributory, principles of comparative fault will be followed and each Party shall bear the proportionate cost of any Claims attributable to the fault of that party, its officers, directors, officials, employees, authorized volunteers and agents, contractors, invitees, or guests.

This indemnity shall not be limited by the types and amounts of insurance or self-insurance maintained by the Parties.

Nothing in this Indemnity shall be construed to create any duty to, any standard of care with reference to, or any liability or obligation, contractual or otherwise, to any third party.

The provisions of this Indemnity shall survive the expiration or termination of the Agreement.

8. INSURANCE OR SELF-INSURANCE

Each party, at its sole cost and expense, shall carry commercial policies of insurance, or self-insure, its activities in connection with this Agreement, and obtain, keep in force and maintain, insurance or equivalent programs of self-insurance, for comprehensive general liability, which will insure District or County, as applicable, against liability for injury or death of persons and damage to County Property or District Property, as applicable. Each policy shall be for not less than $1,000,000 per occurrence for any one person injured or killed, and not less than $1,000,000 for property damage, and shall be maintained on an occurrence basis. Each party agrees to provide the other proof of such coverages, naming the other party as “additional insured” where appropriate and shall also provide thirty (30) days’ advance written notice of any cancellation, termination or lapse of any of the insurance or self-insurance coverages. Failure to maintain insurance as required in this Agreement is a material breach of contract and may be grounds for termination of the Agreement.

9. TERM OF AGREEMENT

9.1. Term. This Agreement shall be in effect for a term of ten (10) years from the date of execution (“Initial Term”). The parties may mutually agree to extend this Agreement
EXHIBIT C

for additional five (5) year terms (each an “Additional Term”) by written agreement executed by the parties at any time prior to the end of the Current Term.

9.3 Change of Use. The intent of this Agreement, upon sale of the County Property to the County, is the establishment, and ongoing use of the Center for, a community center benefiting the local community. Similarly, the District Property is intended to be used for the continuing operation of a school benefiting the local community. If at any time after execution of this Agreement and during its term, the District or County intend to (i) change the use of the District Property or the County Property, respectively, or (ii) sell the District Property or County Property, respectively, then the parties agree to meet, prior to any such change in use or sale, in order to discuss the impacts and compatibility of the proposed new use. The parties covenant to work in good faith with one another to resolve any issues that may be raised by a party relating to compatibility of the proposed change of use or other potential material impairments of use by virtue of the proposed change of use. The parties agree to mitigate the impacts of any such change in use on the other party to the extent reasonably practicable.

The district’s Middle School Course Catalog provides parents and students with an overview of core academic courses offered at each middle school. In addition, the catalog lists adopted curriculum materials and outlines general information about elective program options. There is also a section that addresses Frequently Asked Questions to assist parents in understanding the transition between elementary and middle schools. Information on high school graduation requirements, “a-g” requirements, and college is provided for students’ pre-planning.

The Alternative Education Course Catalog and College/Career Planning Guide contains information about our district’s alternative high schools and independent study program. The catalog also includes details about the district’s Linked Learning CTE courses and provides descriptions for these courses.

The 2015-2016 course catalogs will continue to be provided electronically via our district website http://www.egusd.net/academics/catalogs.cfm and through each school’s website. Students who do not have Internet access will be provided a hard copy of the catalog during the course selection process, which typically begins in December.

EDUCATION FOR ENGLISH LANGUAGE LEARNERS

The Governing Board intends to provide students who are English learners with challenging curriculum and instruction that develops proficiency in English as rapidly and effectively as possible in order to assist students in accessing the full educational program and achieving the district’s academic standards. English learners shall be provided English language development instruction targeted to their English proficiency level and aligned with state content standards. The district’s program shall be based on sound instructional theory and shall be adequately supported so that English learners can achieve results at the same academic level as their English-proficient peers in the regular course of study.

The Board encourages staff to exchange information with staff in other districts and the county office of education about programs, options, and strategies for English learners that succeed under various demographic conditions.

(cf. 4112.22 – Staff Teaching English Learners Students of Limited English Proficiency)

The Superintendent or designee shall ensure that all staff employed to teach English learners possess the appropriate authorization from the Commission on Teacher Credentialing.

(cf. 4112.22 – Staff Teaching English Language Learners)

The Superintendent or designee shall encourage parent and community involvement in the development, implementation, and evaluation of English language development programs. In addition, to support students’ English language development, the Superintendent or designee may provide an adult literacy training program for parents/guardians and community members that leads to English fluency.

(cf. 0420 – School Plans/Site Councils)
(cf. 1220 – Citizen Advisory Committees)
(cf. 6020 – Parent Involvement)

Identification and Assessment

The Superintendent or designee shall maintain procedures which provide for the identification, assessment and placement of English language learners and for their reclassification based on criteria adopted by the Board and specified in administrative regulations.

Once identified as an English learner, a student shall be annually assessed for language proficiency until he/she is reclassified based on criteria specified in administrative regulation.
Instruction

EDUCATION FOR ENGLISH LANGUAGE LEARNERS

Definitions

In a “Structured English Immersion” classroom students receive nearly all instruction in English and include the following: a sequential English Language Development (ELD) program including Language Arts and/or sheltered English content with language support as needed.

The District has defined the term “nearly all” as follows: Students will receive all classroom instruction in English. Clarification, explanation, and support will be provided in the student’s primary language whenever possible.

Type of Instruction

At the elementary level, all English language learners are provided English Language Development instruction on a daily basis, as well as access to core curriculum.

At the secondary level, students who are Level 1 or 2 on the California English Language Development Test (CELDT) or are new to the country and have not yet been tested, shall be educated through a “structured English immersion” program during a temporary transition period not normally to exceed one year. “Nearly all” of the classroom instruction in the district’s structured English immersion program shall be in English, but with the curriculum and presentation designed for students who are learning the language. (Education Code 305, 306)

When an English language learner has acquired a reasonable level of English proficiency as measured by any of the state-designated assessments approved by the California Department of Education or any locally developed assessments and using other criteria developed by the district, he/she shall be transferred from a structured English immersion classroom to an English language general education classroom in which the instruction is “overwhelmingly” in English. (Education Code 305; 5 CCR 11301)

An English language learner has acquired “a reasonable level of English proficiency” when he/she has achieved an overall CELDT score of 4 or 5, or an overall score of 3 with no subtest lower than a 3.
EDUCATION FOR ENGLISH LANGUAGE LEARNERS

(cf. 6162.5 – Student Assessment)
(cf. 6171 – Title I Programs)

Parental Exception Waivers

At any time during the school year, the parent/guardian of an English language learner may have his/her child moved into an English language mainstream program. (5 CCR 11301)

Parent/guardian requests for waivers from Education Code 305 regarding placement in a structured English immersion program shall be granted in accordance with law and administrative regulation.

When allowed by law, the parent/guardian of an English learner may submit a request that his/her child be exempted from placement in a structured English immersion program and instead be placed in a class where he/she is taught English and other subjects through bilingual education techniques or other generally recognized education methodologies permitted by law. (Education Code 310-311).

Each waiver request shall be considered on its individual merits with deference given to parent preference for student placement.

A waiver request shall be granted in accordance with law unless the principal and educational staff have determined that an alternative program would not be better suited to the student’s overall educational development. (5 CCR 11309)

If the Superintendent or designee denies the waiver request, he/she shall provide a written justification to the parent/guardian describing the reasons for the denial. A parent/guardian may appeal the Superintendent’s decision in writing to the Board. The Board may consider the matter at its next regular Board meeting. The Board may decide not to hear the appeal, in which case the Superintendent’s decision shall be final. If the Board hears the appeal, the Superintendent shall send the Board’s decision to the parent/guardian within seven working days.

Program Evaluation

To evaluate the effectiveness of the district’s educational program for English learners, the Superintendent or designee shall report to the Board, at least annually, regarding the progress of English learners towards proficiency in English, the number and percentage of English learners reclassified as fluent English proficient, the number and percentage of English learners who are or are at risk of being classified as long-term English learners, the achievement of English learners on standards-based tests in core curricular areas, and a comparison of current data with data from at least the previous year.
EDUCATION FOR ENGLISH LANGUAGE LEARNERS

The Superintendent or designee also shall provide the Board with regular reports from any district or school wide English learner advisory committees.

INTERDISTRICT TRANSFER AND ATTENDANCE AGREEMENT (GRADES TK-12)
(ITP AGREEMENT)

This Agreement is made between the Governing Boards of the resident and requested school district in accordance with the provisions of Education Code sections 35160 and 46600 et seq. The school districts and parent(s)/pupil are referred to in this Agreement individually as a "Party," and collectively as the "Parties." This Agreement applies only to these parties. Enrollment through an interdistrict transfer permit (ITP) is subject to continued enrollment. If the pupil disenrolls after the ITP has been granted or moves out of the district of residence into another district, the parent/pupil must reapply for a new ITP.

TERMS OF AGREEMENT

The Parties agree as follows:

1. **Effectiveness of Agreement.** This Agreement shall become effective as soon as the affected school districts' Governing Boards or designees have ratified the Agreement. This Agreement is effective only with regard to students in grades TK-12 who are enrolled in grade levels mutually maintained by the Parties.

2. **Term of Agreement.** Pursuant to Education Code section 46600, subdivision (a), the term of this Agreement shall be effective for the dates indicated on page 1. The Agreement will govern interdistrict transfers of the Parties' students for the term of the Agreement.

3. **Reapplication Requirements.** A pupil with an ITP must reapply for a new ITP before being promoted to middle or high school or before transitioning from one school to another in the district. A pupil with an ITP to attend an alternative school in the district must reapply annually. In deciding whether to grant a subsequent ITP, in addition to the factors listed in sections 4 and 5, the district may require the pupil to have met the following standards: 95% attendance rate; 2.0 GPA or satisfactory marks in TK-6; and a satisfactory discipline record (including no discipline issues for which the ITP could be revoked under paragraph 10).

4. **Terms and Conditions for Permitting a Transfer.** The Governing Board or designee may approve an ITP for a student under this Agreement based upon any of the following reasons:
   - Student is enrolled or accepted in a program not available in the district of residence;
   - To meet the student's special mental, physical, educational, health, or safety needs as certified by a physician, school psychologist or other appropriate school, medical, or law enforcement personnel;
   - As set forth in Education Code section 46600(b), when school personnel have determined that pupil has been the victim of bullying;
   - When recommended by the School Attendance Review Board, county child welfare, probation or a social service agency in documented cases of serious home or community issues that make it inadvisable for the student to attend in the district of residence;
   - When a student has siblings concurrently attending the same requested school;
   - When parent(s)/guardian(s) provide sufficient written evidence, as required by the district that the family will be moving to a new district within 60 days and would like the student to start the year in the new district;
   - To allow a student to remain in their current school within two years of graduation or promotion from that school;
   - The pupil's desire to remain in his/her school of current attendance for the balance of the semester or school year despite his/her parent(s) or guardian's change of address;
   - To address the childcare needs of the student in grades TK-6;
   - Parent/guardian's employment is inside the requested district. (Ed. Code, § 48204.) (This is a residency determination and may not be appealed);
   - To meet the conditions of the Open Enrollment Act. (Ed. Code, § 48350 et seq.)

When there are special circumstances for compelling educational or personal reasons beyond those stated above, the request will be referred to the Governing Board or Designee for a final decision;

5. **Terms or Conditions for Denying a Transfer.** The Governing Board or designee of the school district may deny an ITP for a student under this Agreement based upon any of the following reasons:
   - If school facilities are overcrowded at the relevant grade level;
   - If district resources are limited;
   - If district determines that pupil grades, attendance, or behavior are unsatisfactory for district program; or
   - Any other consideration so long as it is not arbitrary.

6. **Notice of Denial of Transfer.** Written notice of the denial of an ITP shall be provided by the district denying the request. Written notice of the denial of an ITP shall, in all instances, advise the parent/guardian of the student whose ITP has been denied of all information required by Education Code section 46801.

7. **District Appeal Process.** A parent/pupil must exhaust all appeals within the district before he/she may appeal the denial of an interdistrict transfer to the County Board of Education. (Ed. Code, § 46601.)

8. **Transportation.** Unless otherwise agreed to or provided for by law, a student attending a school other than his/her district of residence under this Agreement is not entitled to and shall not receive home to school transportation from either his/her district of residence or district of attendance.

9. **Costs of Transfer Students.** Unless otherwise specifically provided for by law, the costs associated with the education provided to and services rendered for transfer students under this Agreement shall not be the responsibility of the district of residence.

10. **Terms for Revocation of an ITP.** Except as otherwise limited herein, the Parties agree that an ITP may be revoked before the conclusion of the school year based upon the grounds listed below. Revocation of an ITP may not be appealed to the County Board.
    a. If a student does not maintain a 95% attendance rate and/or a SART or SARB has been held;
    b. If a student does not maintain a 2.0 GPA in grades 7-10 or satisfactory marks in TK-6;
    c. If a student has any suspendable offenses and/or the pupil has a behavior support plan;
    d. If a student is recommended for expulsion; or
    e. If determined that information provided to support an ITP application is inaccurate, invalid, falsified, or no longer applies.

However, once an ITP has been approved, the enrolling district may not revoke a student's existing ITP because of overcrowded facilities.

Subject: Resolution Acknowledging that the State Facility Program Bond Authority is Exhausted

Department: Facilities and Planning

Action Requested:

The Board of Education is asked to consider and approve Resolution No. 24 acknowledging that the State School Facility Program Bond Authority is exhausted.

Discussion:

The Governing Board is asked to consider the “Resolution of the Board of Education of the Elk Grove Unified School District Acknowledging that the State Facility Program Bond Authority is Exhausted.” As a result of the State School Facility Bond Authority being exhausted, the Office of Public School Construction (OPSC) and the State Allocation Board (SAB) is requiring adoption of this resolution before they will accept funding applications. Although OPSC is still accepting applications they have instituted this new policy for the first time in the history of the School Facility Program requiring Districts to acknowledge that funding is not and may not be available for projects in the future.

The language in the resolution is required verbatim by the State’s School Facility Program Regulations. This new requirement was derived out of the SAB’s concern with the potential perception that Districts and the public might feel that by accepting applications the State would be obligated to fund projects without current funding availability. The resolution is designed to recognize that no funding is guaranteed for future project applications.

District Staff believes strongly that the State has a constitutional obligation to provide for the education of California’s school age children and that adequate facilities are an integral part of this obligation. The District also believes that it has a responsibility to continue to apply for State funding under rules and procedures of the existing School Facility Program.

The last statewide school facilities bond was passed in 2008, and as the Board may be aware the Governor recently denied bipartisan legislation, which unanimously swept through both houses of the Legislature, that would have placed a Statewide facilities bond measure on the November 2014 ballot. Staff has been invited and is taking a very active role in working with the Legislative Analyst’s Office, Department of Finance, OPSC and various other State offices as well as school district coalitions to advocate and to help shape and determine the future of State school facilities funding for public education.

Staff recommends adoption of this resolution as a mechanism to allow applications to continue to be submitted, thus preserving their place in line if/when the funding program is restored.

Financial Summary:

Acknowledges impacts of a current lack of state funding for school facilities on projects.

Award of Request for Proposal (RFP) and Approval of the Contract for Integrative Technical Solution: CCSS, ELA and ELD Transitional Support. (RFP #555-14/15)

Action Requested:

The Board of Education is requested to award RFP #555-14/15 and approve the contract and purchase of Synced Solution from Action Learning Systems. Synced Solution is a computerized system to support K-6 teachers with implementing the English/Language Arts (ELA) Common Core State Standards (CCSS) and the California English Language Development (ELD) standards.

Discussion:

On September 24, 2014, EGUSD Curriculum/Professional Learning and Purchasing Departments initiated a Request for Proposal (RFP) for Integrative Technical Solution for CCSS, ELA and ELD Transitional Support. RFP’s were sent to three vendors. On Wednesday October 15, 2014, RFP’s were opened. Four vendors responded. The RFP expires November 5, 2016. EGUSD staff in the Curriculum/Professional Learning Department reviewed each vendor’s proposal using the Quality Points Matrix Scoring Instrument. The material was reviewed for quality and adequacy of response; technical approach; demonstrated expertise in this particular field; ability to meet deadlines and complete the project in a timely manner; and past record of professional accomplishments. After thorough review, Synced Solution from Action Learning Systems was the only product of the four vendors that met all criteria in supporting our needs.

In order to ensure that all EGUSD students in grades K-6 are receiving the highest quality instruction of CCSS-aligned English/Language Arts education and English Language Development in the absence of an ELA curriculum adoption, the Board of Education is respectfully requested to take action on approving the purchase of Synced Solution. Synced Solution is an online curricular scope and sequence system for teachers that includes correlated CCSS-aligned assessments for students, in addition to other teacher resources. The product provides the following:

- A research-based scope and sequence of CCSS ELA standards with identified learning objectives;
- ELD-aligned standards that correspond to the ELA standards in the scope and sequence;
- Unit assessments aligned to CCSS that require students to continue to build transferable literacy skills to new reading/writing tasks (this practice also supports our students’ preparation for SBAC/CAASPP testing in Spring, 2015);
- A repository for district-vetted, high-quality resources for supporting teachers with teaching CCSS;
- Instructional support for teaching writing; and
- A system for repurposing our existing curriculum (e.g., *Open Court*, social studies text, and science text) to align to the CCSS.
In order to prepare K-6 teachers to use the system, teachers would receive on-going training in the coming months and during the 2015-16 professional learning preservice days and as needed throughout the 2015-16 school year. Professional development will be provided by both Synced Solution and EGUSD Curriculum/Professional Learning staff.

**Financial Summary:**

Total cost for the system is $336,000 over two fiscal years. In 2014-15 cost would be $180,000 ($4,000 per elementary school plus additional start-up technology fees). In 2015-16 cost would be $156,000 ($4,000 per elementary school). Funds would come from the Instructional Materials budget.

Action Requested:

The Board of Education is requested to approve and adopt a resolution recognizing November 10-14, 2014, as National School Psychology Awareness Week.

Discussion:

The National Association of School Psychologists (NASP) has designated November 10–14, 2014 as National School Psychology Awareness Week. This year’s theme, “Strive. Grow. THRIVE!” highlights the continuum of engagement necessary to children’s healthy learning and development. Schools around the country will be taking part in events and activities designed to help students and schools thrive.

School psychologists are uniquely qualified members of school teams that support students’ ability to learn and teachers’ ability to teach. They apply expertise in mental health, learning, and behavior, to help children and youth succeed academically, socially, behaviorally, and emotionally. School psychologists partner with families, teachers, school administrators, and other professionals to create safe, healthy, and supportive learning environments that strengthen connections between home, school, and the community.

As with all school-based professionals, school psychologists are most effective through collaboration with other school staff and parents. School Psychology Awareness Week is part of an ongoing effort to improve collaboration and foster the common elements of a thriving school community in the Elk Grove Unified School District to help all children thrive.

In recognition of the important role that our school psychologists play in the success of all students, Elk Grove Unified School District Board of Education is asked to approve a resolution recognizing November 10-14, 2014 as National School Psychology Awareness Week as well as future School Psychology Awareness Weeks as declared by NASP.

Financial Summary:

There is no known financial impact of this request.

Subject: DISPOSAL OF OBSOLETE/SURPLUS PROPERTY.

Department: Finance & School Support

Action Requested:

The Board of Education is asked to authorize the disposal of Obsolete/Surplus Property.

Discussion:

Pursuant to Section 39521 of the Education Code, the Board of Education is asked to authorize Ruth Dew, Director of Purchasing & Warehouse to surplus and/or dispose of these items.

All computers have been deemed uneconomical to repair by the Technology Services Department. Per Technology Services, all sensitive data and/or licenses have been removed from hard drives prior to being picked up from the department/site.

We have engaged local non-profits in an effort to determine their interest in refurbishing these computers to be redistributed to students of need. To date, we have seen no interest since most usable parts are removed prior to disposal.

Records of these items are in the Purchasing & Warehouse Department should you need to review them.
