Subject: Choir Performance by the Bobcat Carolers.

Division: PreK-6 Education Division

Action Requested:
The Board of Education is requested to enjoy a brief holiday performance by the Maeola Beitzel Bobcat Carolers.

Discussion:
The Bobcat Carolers is a student choir who are now in their 3rd year. When former Maeola Beitzel principal, Mr. Marty Martinez, expressed a desire that the school should have a big choir, a first grade teacher, Ms. Vicky Moore, stepped right up and the Bobcat Carolers began.

Ms. Moore is no stranger to guiding and directing student choirs. Ms. Moore was the choir director at Raymond Case for 12 years, at Charles Mack for 13 years, and now, for the past 3 years, has led this amazing group of students, the Bobcat Carolers.

In order to be a part of this remarkable choir, you must be a first through sixth grade student, you must show up every week and you must love to sing! There are no try-outs and the dedicated group practices every Friday from 2:15PM – 3:00PM. Parents have shared with Ms. Moore that their kids sing in the car, sing at dinner, and even sing in the shower! Yes, they do love to sing!

The Bobcat Carolers are busy with performances all year round and whenever an opportunity presents itself, the Bobcats are there! In early November they performed for the school site’s Veteran’s Assembly. In mid-November they performed at a Kings Game where they sang the National Anthem. They also have sung the National Anthem for the River Cats. The Bobcat Carolers have been practicing since September and plan to spread the holiday spirit by going to their neighborhood shopping center to sing carols from store to store. They also conclude the school year by performing for the promoting sixth grade students as a way to wish them well and say goodbye.

We invite everyone to enjoy this evening’s performance by the Bobcat Carolers.

The function of the Finance Committee is to serve in an advisory capacity to the Elk Grove Unified School District Board of Trustees on matters pertaining to District finances. The Committee provides community input that is shared with the Board of Education. The Committee is composed of community members appointed by each Board member, three community members appointed at-large by the Board of Education and one community member appointed by the Superintendent. Student representatives from the district’s high schools provide feedback on financial impact at their school sites. Finance Committee Meetings
The Committee met on January 27, February 24, March 24, April 28, May 19, June 23, September 22, October 27 and November 10, 2014. The final 2014 meeting of the committee is scheduled for December 15, 2014.

Finance Committee Activities Report and Recommendations for 2014
General Recommendations:
The Committee received presentations from the departments identified below to broaden our understanding of District finances, mandated requirements and the thought process involved with active programs and initiatives being implemented in the District. The presentations by staff were well prepared, informative and helpful to us. We welcomed comments and suggestions from the presenters regarding their current and future needs from a District perspective. We wish to extend our appreciation for the time and effort required for the preparation and presentation to the committee.

Common Core/Technology
The Committee was presented budgets from Curriculum and Professional Learning and Technology Services as they relate to Common Core testing and facilitation. The committee supports the District’s strategy for providing Common Core technology in a phased approach to minimize costs and ensure technical compatibility.

Local Control Funding Formula/Local Control Accountability Plan (LCFF/LCAP)
The committee recommends diligence in the LCFF/LCAP process as it impacts the finances of the District’s programs. The committee intends to continue to work towards understanding and providing input to the LCAP process by having District staff update the committee periodically.
Facilities & Planning/Maintenance & Operations
The Facilities & Planning staff explained how activities in their department are funded, how these funds are prioritized and expended. We had discussions around solar energy efficiency, land use, and school build outs and upgrades. The committee appreciates the efforts in reducing energy costs and the carbon footprint of all District facilities. The committee believes the department has done an effective job despite the challenges in funding. As funding becomes available the District should consider restoration of Maintenance and Operations staff to properly maintain District facilities.

Special Education
The committee recommends raising awareness of funding shortfalls from State & Federal support.

Compensation & Benefits/Retiree Benefits
Negotiated agreements included concessions during difficult times in regards to shared employee health benefit costs that helped the District bridge the budget shortfalls. Any consideration of increased compensation and/or benefits should be analyzed cautiously for long term financial impact. The District should also be mindful of future State mandated increases for STRS and PERS.

Student Representatives
Twice per year the Committee extends invitations to student representatives from each of the District’s high schools. The Committee is appreciative to those students who were able to attend the March 24 and October 27, 2014, meetings. Highlights of their discussions may not involve direct financial implications, but include:

- Scheduling elective classes and being part of academy programs continues to be difficult considering the large number of required courses and limited availability of classes.
- Expansion of the summer school program continues to be needed beyond credit recovery classes to enable increased student participation in multiple programs such as leadership, academies, AVID, and the like.
- Academies and the career focus programs are working well to engage student’s interest, but have a lack of class scheduling flexibility. Students expressed having difficulty switching academies and availability of programs at their individual sites.
- A practical life skills segment in a required class would be helpful.
- During the student feedback session there was a desire to beautify or upgrade some of the older schools to increase school spirit & the learning environment.
- Library access, quantity and quality of available materials and resources could be improved.

Rommel Declines, Sr., Chairperson
2014 Finance Committee
Subject: EGUSD Graduate Profile

Action Requested: The Board of Education is asked to review and approve the district's Graduate Profile.

Discussion: The Board is asked to review and approve EGUSD's Graduate Profile. The profile was developed by a broad-based group of internal and external stakeholders as part of the district's ongoing Linked Learning efforts to expand local and regional structures to support students' readiness for college and career. The profile establishes a common vision of student success through a list of outcomes that stakeholders agree are essential for students to master by the time they graduate from high school in order to succeed in college, career, and civic life.

The outcomes included in EGUSD's Graduate Profile encompass a set of academic, career and 21st-century knowledge and skills; productive dispositions and behaviors; and engagement strategies to navigate the worlds of higher education, career and civic life. Specifically, the profile states that EGUSD graduates demonstrate their readiness to succeed in college, career and life through:

- Creative problem-solving
- Self-awareness, self-reliance and self-discipline
- Technical literacy
- Communication and collaboration
- Community engagement
- Integrity

Each outcome includes three to four indicators through which achievement of the outcome can be measured.

The next step in implementation of the Graduate Profile will be to develop a matrix of benchmarks that educators and administrators can use to evaluate student progress toward mastering each outcome at specific grade levels, such as third, sixth, eighth, tenth and twelfth grades. The benchmarks will be correlated as appropriate to the Common Core State Standards, components of social and emotional learning, and the expectations of EGUSD's higher education and business partners for successful students and employees. The further development of the Graduate Profile and its benchmarks also will be informed by the work of such organizations as the Stanford Center for Opportunity Policy in Education, Educational Policy Improvement Center, and the College and Career Academy Support Network, which is affiliated with the University of California, Berkeley, Graduate School of Education.

Development of the Graduate Profile benchmarks will be coordinated through the Department of College and Career Options and will include teams of stakeholders from the Elementary Education, Secondary Education, Special Education and Student Supports Services departments, as well as higher education and the local business community.

The Graduate Profile supports the vision of F4, EGUSD's instructional delivery system, that all students will graduate college- and career-ready.

Issued by CSBA on October 31, 2014
UNIFORM COMPLAINT PROCEDURES

Note: To address prohibited discrimination and violations of state and federal laws governing educational programs, 5 CCR 4621 mandates districts to adopt uniform complaint procedures (UCP) consistent with the state's complaint procedures specified in 5 CCR 4600-4670. Pursuant to 5 CCR 4610, as amended by Register 2013, No. 38, districts are required to adopt a uniform system of procedures that meets specified requirements for receiving, investigating, and resolving complaints alleging (1) unlawful discrimination, including discriminatory harassment and intimidation; (2) bullying; (3) a violation of state and federal laws and regulations governing educational programs; or (4) noncompliance with state law prohibiting the charging of student fees. Although some bullying incidents may not fall within the provisions of 5 CCR 4610, CSBA's sample policy BP/AR 5131.2 - Bullying strongly recommends that districts use the UCP to investigate and resolve all bullying incidents, regardless of whether there is an allegation of discriminatory bullying, to ensure consistent implementation by district staff. Additionally, it is not always easy or possible for staff to know at the time of the incident whether a student was bullied because of his/her actual or perceived membership in a legally protected class. Districts that are concerned about the capacity of a single district compliance officer to handle a possible increase in the number of UCP complaints, or that prefer to handle certain incidents at the school site level whenever possible, may designate multiple compliance officers in accordance with this policy.

In addition, Education Code 52075, as added by AB 97 (Ch. 47, Statutes of 2013), mandates districts, by June 30, 2014, to adopt policies and procedures implementing the use of the UCP to resolve complaints alleging noncompliance with requirements related to the local control and accountability plan. For planning purposes, see BP/AR 0460 - Local Control and Accountability Plan. Finally, a district should adopt policies and procedures implementing the use of the UCP to resolve complaints alleging retaliation in response to a complaint.

The California Department of Education (CDE) monitors district programs and operations for compliance with these procedures through its Federal Program Monitoring (FPM) process. The FPM consists of a review of written district policies and procedures for required language, including prohibition of discrimination, including discriminatory harassment, intimidation, and bullying, against students pursuant to Education Code 234.1, and of records of required activities, such as annual notification provided to students, parents/guardians, employees, and other school community members.

In addition, the U.S. Department of Education's Office for Civil Rights (OCR) enforces Title II of the Americans with Disabilities Act (20 USC 12101-12213), Title VI of the Civil Rights Act of 1964 (42 USC 2000d-2000e-17), Title IX of the Education Amendments Act of 1972 (20 USC 1681-1688), Section 504 of the Rehabilitation Act of 1973 (29 USC 794), and the Age Discrimination Act of 1975 (42 USC 6101-6107). OCR has issued guidance describing federal requirements for discrimination complaint procedures. OCR requires such procedures to be "prompt and equitable." The factors OCR examines to evaluate each district's procedures are specified in AR 1312.3, including whether and how the procedures (1) provide notice of the procedures to the district's students, parents/guardians, and employees; (2) ensure adequate, reliable, and impartial investigation of complaints; (3) contain reasonably prompt timeframes for major stages of the complaint process; (4) provide notice to the complainant of the outcome of the investigation; and (5) provide an assurance that action will be taken to prevent recurrence of any discrimination found and to correct its effects.

CSBA staff met with representatives from CDE and OCR to discuss this policy and the accompanying regulation. As a result, the sample policy and regulation have been drafted to go beyond the minimal requirements under California's UCP laws and regulations in an attempt to address issues and concerns raised by CDE and OCR. While CDE and OCR have not approved or signed off on them, CSBA believes that the additional details provided herein may help school districts and county offices of education during any compliance check by CDE or in the event that a CDE or OCR investigation occurs.
UNIFORM COMPLAINT PROCEDURES (continued)

The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of complaints whenever possible and appropriate. To resolve complaints which cannot be resolved through such informal process, the Board shall adopt a uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs (5 CCR 4610)

   (cf. 3553 - Free and Reduced Price Meals)
   (cf. 3555 - Nutrition Program Compliance)
   (cf. 5141.4 - Child Abuse Prevention and Reporting)
   (cf. 5148 - Child Care and Development)
   (cf. 6139 - Individualized Education Program)
   (cf. 6171 - Title I Programs)
   (cf. 6174 - Education for English Language Learners)
   (cf. 6175 - Migrant Education Program)
   (cf. 6178 - Career Technical Education)
   (cf. 6178.1 - Work-Based Learning)
   (cf. 6178.2 - Regional Occupational Center/Program)
   (cf. 6200 - Adult Education)

2. Any complaint alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, in district programs and activities against any person based on his/her actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics (5 CCR 4610)

   (cf. 5145.3 - Nondiscrimination/Harassment)
   (cf. 5145.7 - Sexual Harassment)
UNIFORM COMPLAINT PROCEDURES (continued)

3. Any complaint alleging bullying in district programs and activities, regardless of whether the bullying is based on a person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics

(cf. 5131.2 - Bullying)

4. Any complaint alleging district violation of the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities (5 CCR 4610)

(cf. 3260 - Fees and Charges)
(cf. 3320 - Claims and Actions Against the District)

Note: Item #5 below is mandated pursuant to Education Code 52075, as added by AB 97 (Ch. 47, Statutes of 2013).

5. Any complaint alleging that the district has not complied with legal requirements related to the implementation of the local control and accountability plan (Education Code 52075)

(cf. 0460 - Local Control and Accountability Plan)

Note: 5 CCR 4621 mandates that district policy ensure that complainants are protected from retaliation as specified in item #6 below.

6. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy

Note: Pursuant to 5 CCR 4610, a district may, at its discretion, use the UCP to resolve other complaints.

7. Any other complaint as specified in a district policy

Note: 5 CCR 4631 authorizes the district to utilize alternative dispute resolution (ADR) methods, including mediation, to resolve complaints before initiating a formal investigation. However, the district should ensure that any ADR it uses, particularly in-person ADR, is appropriate for the particular situation. For example, in some instances (e.g., sexual assault) face-to-face mediation should not be used even if all parties voluntarily agree given the risk that a student might feel pressured to "voluntarily" agree to it. The following optional paragraph provides for a neutral mediator and should be revised to reflect district practice.
UNIFORM COMPLAINT PROCEDURES (continued)

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is agreeable to all parties. One type of ADR is mediation, which shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

Note: The following paragraph is mandated pursuant to 5 CCR 4621. Appropriate disclosure will vary in each case depending on the facts and circumstances.

In filing and investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation, unlawful discrimination, or bullying, the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint, if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)
(cf. 5125 - Student Records)
(cf. 9011 - Disclosure of Confidential/Privileged Information)

When an allegation that is not subject to the UCP is included in a UCP complaint, the district shall refer the non-UCP allegation to the appropriate staff or agency and shall resolve the UCP-related allegation(s) through the district's UCP.

The Superintendent or designee shall provide training to district staff to ensure awareness and knowledge of current law and related requirements, including the steps and timelines specified in this policy and the accompanying administrative regulation.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

Note: It is important to maintain records of all UCP complaints and the investigations of those complaints. If the district is ever investigated by OCR or CDE, these are important documents in demonstrating that the district has complied with federal law, state law, and its own policies and regulations.

The Superintendent or designee shall maintain records of all UCP complaints and the investigations of those complaints. All such records shall be destroyed in accordance with applicable state law and district policy.

(cf. 3580 - District Records)
UNIFORM COMPLAINT PROCEDURES (continued)

Non-UCP Complaints

Note: 5 CCR 4611 details complaint issues that are not subject to the UCP. Such issues include, but are not limited to, allegations of child abuse, health and safety complaints regarding a child development program, allegations of fraud, and employment discrimination complaints. For procedures related to complaints of discrimination in employment, see AR 4031 - Complaints Concerning Discrimination in Employment.

The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.

2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.

3. Any complaint alleging employment discrimination shall be sent to the California Department of Fair Employment and Housing and the compliance officer shall notify the complainant by first class mail of the transfer.

4. Any complaint alleging fraud shall be referred to the California Department of Education.

Note: Education Code 35186 requires the district to use the UCP, with modifications, to investigate and resolve complaints related to items #1-3 below (i.e., "Williams complaints"). Because Education Code 35186 sets forth different timelines for investigation and resolution of these kinds of complaints than the timelines specified in law for other uniform complaints, the CDE has created a separate uniform complaint process for the Williams complaints. See AR 1312.4 - Williams Uniform Complaint Procedures for the separate procedure.

In addition, the district's Williams Uniform Complaint Procedures, AR 1312.4, shall be used to investigate and resolve any complaint related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, or teacher vacancies and misassignments. The Governing Board recognizes that the district has the primary responsibility to ensure compliance with applicable state and federal laws and regulations governing educational programs. The Board encourages the early, informal resolution of complaints whenever possible and appropriate. To resolve complaints which cannot be resolved through such informal process, the Board shall adopt a uniform system of complaint processes specified in 5 CCR 4600-4670 and the accompanying administrative regulation.

The district's uniform complaint procedures (UCP) shall be used to investigate and resolve the following complaints:

1. Any complaint alleging district violation of applicable state or federal law or regulations governing adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, and special education programs (5 CCR 4610).

3. Any complaint alleging bullying in district programs and activities, regardless of whether the bullying is based on a person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in Education Code 200 or 220, Government Code 11135, or Penal Code 422.55, or based on his/her association with a person or group with one or more of these actual or perceived characteristics.

(cf. 5131.2 - Bullying)

4. Any complaint alleging district violation of the prohibition against requiring students to pay fees, deposits, or other charges for participation in educational activities (5 CCR 4610).

5. Any complaint alleging that the district has not complied with legal requirements related to the implementation of the local control and accountability plan (Education Code 52075).

(cf. 0460 - Local Control and Accountability Plan)

6. Any complaint alleging retaliation against a complainant or other participant in the complaint process or anyone who has acted to uncover or report a violation subject to this policy.

7. Any other complaint as specified in a district policy.

The Board recognizes that alternative dispute resolution (ADR) can, depending on the nature of the allegations, offer a process to reach a resolution to the complaint that is agreeable to all parties. One type of ADR is mediation, which shall be offered to resolve complaints that involve more than one student and no adult. However, mediation shall not be offered or used to resolve any complaint involving sexual assault or where there is a reasonable risk that a party to the mediation would feel compelled to participate. The Superintendent or designee shall ensure that the use of ADR is consistent with state and federal laws and regulations.

In filing and investigating complaints, the confidentiality of the parties involved shall be protected as required by law. As appropriate for any complaint alleging retaliation, unlawful discrimination, or bullying, the Superintendent or designee shall keep confidential the identity of the complainant and/or the subject of the complaint, if he/she is different from the complainant, as long as the integrity of the complaint process is maintained.

The following complaints shall not be subject to the district's UCP but shall be referred to the specified agency: (5 CCR 4611)

1. Any complaint alleging child abuse or neglect shall be referred to the County Department of Social Services, the County Protective Services Division, and the appropriate law enforcement agency.

2. Any complaint alleging health and safety violations by a child development program shall, for licensed facilities, be referred to Department of Social Services and shall, for licensing-exempt facilities, be referred to the appropriate Child Development regional administrator.

Nondiscrimination/Harassment/Intimidation/Bullying

District programs and activities shall be free from discrimination, including harassment, intimidation and bullying based on a student's actual or perceived disability, gender, gender identity, gender expression, nationality, race, ethnicity, color, ancestry, religion, sexual orientation, age, marital or parental status, or association with a person or group with one or more of these actual or perceived characteristics. This policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the District Superintendent.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 1312.3 - Uniform Complaint Procedures)
(cf. 5131.2 - Bullying)
(cf. 6164.6 - Identification and Education Under Section 504)

The Governing Board shall ensure equal opportunities for students in admission and access to educational programs, guidance and counseling programs, athletic programs, testing procedures, and other activities, regardless of a student's actual or perceived disability, gender, gender identity, gender expression, nationality, race, ethnicity, color, ancestry, religion, sexual orientation, age, marital or parental status, or association with a person or group with one or more of these actual or perceived characteristics. Lack of English language skills will not be a barrier to admission and participation in career technical education programs. Eligibility for cocurricular or extracurricular programs, such as choral and cheerleading, shall be determined on the basis of objective competencies. School staff and volunteers shall carefully guard against segregation, bias and stereotyping in instruction, guidance and supervision.

(cf. 1240 - Volunteer Assistance)
(cf. 6145.2 - Interscholastic Competition)
(cf. 6162.5 - Standardized Testing)

In some situations, the district may have to provide individualized accommodation to a student to protect him/her from discrimination, harassment and bullying based upon gender identity or gender expression. Such an accommodation may include providing a student adequate access to appropriate facilities, such as restrooms. The schools may also provide male and female students with separate sex education classes in order to respect student modesty. In physical education, when objective standards have an adverse effect on students because of their gender, race, ethnic group or disability, other standards shall be used to measure achievement and create comparable educational opportunities.

Pursuant to California Education Code section 221.5, a pupil shall be permitted to participate in sex-segregated school programs and activities, including athletic teams and competitions, and use facilities consistent with his or her gender identity, irrespective of the gender listed on the pupil's records. Any student may request the use of private or unisex restroom facilities for increased privacy. The District endeavors to protect the privacy of all students.

Nondiscrimination/Harassment/Intimidation/Bullying (continued)

Policies and procedures related to the types of unlawful discrimination, including harassment, intimidation and bullying described above must also be consistent with student free speech rights under the First Amendment and Education Code sections 48907 and 48950. Education Code section 48907 protects students’ speech rights, except to the extent student speech is obscene, libelous, or slanderous, or constitutes speech that incites pupils as to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or the substantial disruption of the orderly operation of the school. Education Code 48950 provides that no district with one or more high schools shall make or enforce any rule subjecting a high school student to disciplinary sanctions solely on the basis of speech or other communication that would be constitutionally protected if engaged in outside of campus. Education Code 48950 states that it does not prohibit discipline for harassment, threats or intimidation unless constitutionally protected. As a general rule, harassment, threats, intimidation and bullying directed at an individual or group are not constitutionally protected, and whether such speech might be entitled to constitutional protection will be determined on a case-by-case basis, with consideration for the specific words used and the circumstances involved. This assessment will also question whether the conduct is prohibited because it is based upon a person’s actual or perceived disability, gender, gender identity, gender expression, nationality, race, ethnicity, color, ancestry, religion, sexual orientation, age, marital or parental status, or association with a person or group with one or more of these actual or perceived characteristics.

Prohibited discrimination, harassment, intimidation and bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe and pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

The Board prohibits discrimination, harassment, intimidation and bullying of any student by an employee, student or other person in the district based on actual or perceived disability, gender, gender identity, gender expression, nationality, race, ethnicity, color, ancestry, religion, sexual orientation, age, marital or parental status, or association with a person or group with one or more of these actual or perceived characteristics. District staff shall be on the alert for and immediately responsive to student conduct which may interfere with another student's ability to participate in or benefit from school services, activities or privileges. If district staff witnesses an action of discrimination, harassment, intimidation and bullying, he or she must take immediate steps to intervene when safe to do so.

The district prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of discrimination, harassment, intimidation and bullying shall be promptly investigated in a way that respects the privacy of all parties concerned.

(cf. 5131.2 - Bullying)
(cf. 5145.2 - Freedom of Speech/Expression: Publications Code)
(cf. 5145.7 - Sexual Harassment)

Students who harass, intimidate or bully other students on these prohibited bases shall be subject to appropriate counseling and discipline, up to and including expulsion. An employee who permits or engages in such harassment, intimidation and bullying may be subject to disciplinary action, up to and including dismissal.

(cf. 4118 - Suspension/Disciplinary Action)
(cf. 4218 - Dismissal/Suspension/disciplinary Action)

Any student who feels that he/she is being discriminated against, harassed, intimidated or bullied because of actual or perceived disability, gender, gender identity, gender expression, nationality, race, ethnicity, color, ancestry, religion, sexual orientation, age, marital or parental status, or association with a person or group with one or more of these actual or perceived characteristics, should immediately contact the principal or designee; and if unable to contact the principal or designee, such a student should immediately contact any other member of district staff. Subject: Award of Contract for Voice Over Internet Protocol (VOIP)

Department: Technology Services

Meeting Date: December 9, 2014

Agenda Item No.: 20
Supplement No.: 

Action Requested:
The Board is requested to approve the awarding of a contract for Voice Over Internet Protocol (VOIP).

Discussion:
Detailed information to be provided later. A Board Communication was sent outlining the details of the RFP process and status (see attached).

Financial Summary:

Prepared By: Steve Mate
Division Approval: 

Prepared By: Steve Mate
Superintendent Approval: CAA
The purpose of this communication is to update the board on a project that is needed to update the District’s phone and voice mail systems.

Our current phone systems throughout the District are well past their end of support life. The current phone systems at the Trigg Center and Student Support Center are Nortel PBX’s. The current phone system at the Trigg Annex is a Nortel Norstar KSU. Nortel was purchased by another company years ago, so the systems are manufacturer discontinued. The current voice mail systems at the Trigg Center and Student Support Center are Octel VMX 200’s, which are also no longer manufactured. While they are all up and functioning, finding replacement parts and knowledgeable support agencies grows more costly and more difficult, if not impossible. The systems are also based on old technology. The current standard for phone systems is based on Voice Over Internet Protocol or VOIP. These systems are something that must be replaced to ensure reliable phone and voice mail service—including reliable access to 911.

Technology Services has worked with Facilities and Planning, Purchasing and a local VOIP expert independent contractor (Communication Strategies) to create a request for proposal (RFP). The RFP was opened November 5, 2014. A consent item with the staff’s recommendation for vendor and product selection will be brought forward for the Board’s review and action at the December 9, 2014 board meeting.

The item being brought forward on December 9th will select a vendor to update the core system at the Trigg Center, bringing in the new system online and installing a redundant core at the Student Support Center. The new core will also be used to provide service to the Trigg Annex and to Marion Mix Elementary as well as the new Dillard Elementary, both of which are currently under construction. It is important to note that without the proposed new system, the District’s current phone system would not be able to accommodate the additional phone system for Marion Mix or any additional phone systems needed for growth in the future. The current equipment at the Trigg Center, Student Support Center and Trigg Annex will be placed into Technology Services inventory to be used as needed for repairs to like systems still in use throughout the district. Along with the core system (phone and voice mail) the project cost will include new phone handsets at the upgraded sites. Technology Services will continue to support the new system, just as it does the current phone system in the district.

Once the core system is in place, other school sites will be converted to the new system as needed and as funding is established.

The core system, redundant core and 3 gateway locations, or Phase 1, is being paid for by the Capital Construction Funds.

If you have any questions or need more information, please contact Steve Mate, Director, Technology Services at 686-7710, Ext. 2041.

Subject: Health Care Reform Impact Study (HCRIS) request by the Joint Health Care Coalition (JHCC)

Department: Finance & School Support

Action Requested: The Board of Education is asked to discuss and approve a request to approve up to $35,000 in onetime funding for a Health Care Reform Impact Study (HCRIS)

Discussion: The study will use a census of our district employees to determine the impact of the Affordable Care Act (ACA) on our district and its employees. The results of the study will provide the JHCC with information that it needs to make decisions regarding district health benefits as they relate to the implementation of the ACA. The study will provide information regarding the district’s minimum essential coverage, employer shared responsibility and health care exchange coverage.

The objectives of the study will be to provide the District with:
- Actionable data to develop a strategic plan to mitigate the financial impact of Health Care Reform
- Project the affect that ACA may have on health benefit plan design or contribution changes
- Estimate Federal subsidies eligibility
- Identify potential strategic opportunities.

The HCRIS will be provided by Milliman Corporation through an agreement with Keenan and Associates and is currently planned to be completed early in 2015.

Financial Summary: Funding would come from the unrestricted general fund reserves.

ELK GROVE UNIFIED SCHOOL DISTRICT
Elk Grove, California

Policy Adopted: December 13, 2005
Observation of Dr. Martin Luther King, Jr.’s Birthday

Action Requested:
The Board of Education of the Elk Grove Unified School District is asked to resolve that January 19, 2015, be affirmed a celebration of Dr. Martin Luther King, Jr.’s birthday.

Discussion:
When Dr. Martin Luther King, Jr., proclaimed the words, “I have a dream...,” he changed the course of Civil Rights in America. Because of his sacrifices, the American people have made progress toward his dream for a world in which people are judged on the content of their character rather than the color of their skin. Dr. King’s non-violent approach alerted the American people to the injustice of the treatment of people of color and has served as an example for all who wish to correct inequities. His birthday reminds all educators of our responsibility and privilege to assist our students in developing their skills to reach their dreams for achievement and to preserve a nation which practices equality for all.

The instruction in Elk Grove Unified School District schools acknowledges the contributions of Dr. Martin Luther King, Jr., and is consistent with the activities outlined in each site’s Student Unity Plan. Teachers employ a variety of activities including lessons from the K-12 World of Difference curriculum, assemblies/presentations featuring highlights of Dr. King’s life, and speaking and writing activities based on his “I Have A Dream” speech.

The book *Martin Luther King: A Peaceful Warrior* by E. Clayton is one of the district’s elementary recommended reading list books for sixth grade and is a part of ongoing curriculum that recognizes leaders and heroes from all cultures and ethnic backgrounds.

Financial Summary:
There will be no cost to the district.
