Reserves for Funding Priorities are $13,711,770 for 2014-15, $29,289,942 for 2015-16, and $33,297,646 for 2016-17. The Undesignated funds are, therefore, zero for each of the years. Also submitted was a list of the assumptions used for developing the budgets. Note: the budget information for 2014-15 is as of the 2nd Interim, for 2015-16 the January Governor’s Budget, and for 2016-17, the New LCFF GAP.

Mr. Fagan reported that the updated Multi-Year Budget Projections include what is available to spend after approval of the agreement with EGEA and inclusion of similar amounts set aside for other bargaining units. He noted that the cost of health care is extended 3% for one-half year and the cost will, in the future, be on a calendar year basis; this year, the District is still deficit spending and when looking at the proposed priorities the goal is to avoid deficit spending in future years. He also noted anticipated additional funding can be considered for identified priorities after the funding is known.

**Review of Emerging Common Interests/Priorities**

Mr. Cerutti reviewed the process for developing the Emerging Common Interests/Priorities and the alignment of the 8 State Priorities, the District’s Strategic Goals and the LCAP Objectives.
