School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Maeola Beitzel Elementary

Address: 8140 Caymus Drive, Sacramento CA, 95829

Principal: Yvonne Wright

Phone: (916) 688-8484

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Maeola Beitzel Elementary
Learners Today, Leaders Tomorrow!

The goal of Maeola Beitzel Elementary School is to provide a unique and challenging educational experience for all children in a safe and caring environment. All aspects of the school contribute to providing children with the skills they need to be successful learners- from the safety of our campus, to the caring environment, to the rigor and breadth of our instructional programs. We believe every child can achieve academic success. To this end, every child will be provided with quality instructional experiences which recognize, support, and maintain high expectations for all students.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Parent support and involvement continue to be important aspects of the success of Maeola Beitzel Elementary. This support takes many different forms. Some parents help plan the programs and policies, others serve as classroom and library volunteers and/or plan family activities. Parents also support student success by providing space, time and encouragement for daily homework and by sending a clear message that education and regular school attendance are important.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. We embrace the philosophy of positive behavior intervention and support (PBIS) and emphasize the character traits of respect, responsibility, and cooperation. Through teamwork, open communication, and dedication to continuous improvement, Maeola Beitzel Elementary continues to be a place where children develop a love of learning.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Our school has 36 classrooms, two smaller Learning Center classrooms, a computer lab, a multipurpose room, a library and an administration building. The campus opened in 1996. Our custodial and grounds teams ensure that our campus remains clean and safe. The FIT inspection indicates that all areas of the school are maintained properly. The principal works with the custodial and grounds teams to develop cleaning schedules. All classrooms, cafeteria and bathrooms are cleaned nightly, regular inspections of bathrooms happen throughout the day. Portions of our multipurpose room were recently painted and our maintenance team regularly maintains worn areas of our campus.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

Using the most recent FIT data (or equivalent), provide the following:

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no maintenance projects scheduled for this school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

There are a variety of ways to be involved at Beitzel. The first and most important way is by supporting your child in understanding the importance of learning and becoming a responsible student and citizen. We have a number of parent groups and organizations where you can serve as well as a need for volunteers in classrooms to support special projects, additional student support or other teacher needs. For more information on parent involvement activities you may contact the principal, Ms. Wright, at 688-8484. We look forward to meeting you soon.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Our district and school are committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in January of 2017. Students practice a variety of safety drills monthly and regular positive behavior assemblies are held to remind students and staff of expectations and safe, responsible and respectful practices. An "Emergency Handbook", outlining a plan of action for emergencies is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento. Visitors are asked to check in and enter the premises through the office, and adult supervision is provided before school beginning at 7:45 a.m. and after school. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Types of Services Funded (Fiscal Year 2016-2017)

Maeola Beitzel Elementary has highly qualified staff to assist students with special learning needs. Our Learning Center provides instruction not only to special education students, but also to general education students who need additional support to meet the standards. Specialized instruction in English Language Development is available to help our English Learners access the core curriculum. English Learners are provided with English Language Development four days per week for 40 minutes while their English-only peers are provided with instruction that meet their individual needs. Academically talented students in grades 3-6 may participate in our Beitzel Honor society and GATE through GATE funding. Before and after school enrichment in science, chess, band, early engineering and art are offered, some at a nominal fee or at no charge. Depending on available funding, after-school intervention programs and intersession programs may be offered.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For the 2016-2017 year, our staff is focused on the implementation of the new ELA Adopted program Wonders and the California Common Core Standards in math and English language arts, and continuing our focus on building effective Professional learning communities. Teachers meet weekly in kindergarten through sixth grades to review student progress and plan instruction based on data. Our staff collaborates in grade level and cross grade level teams as a professional learning community to focus on teaching and learning. The administration also plans professional development for staff based on needs. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
