School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Carroll Elementary

Address: 10325 Stathos Drive, Elk Grove CA, 95757

Principal: Paul Hauder

Phone: (916) 714-0106

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Welcome to Carroll Elementary School!

This year, our commitment to providing a quality education--where every student can meet his or her fullest potential--is focused on the core of our work: learning! Every venue will highlight this mission-critical goal: our family and community engagement program, our classroom instruction and our teacher professional development model all reflect our intent to move this work to the next level.

Our Family and Community Engagement program will continue to connect families with our work in meaningful ways. We are expanding our successful "Family Nights" to include a "Family Writing Night", where participants work together to create a family memory book, which is sure to become a treasured keepsake. Our sixth grade team is sharing their work using historic documents to teach social studies with a parent education experience they call "The DBQ Project". On this evening, parents will see how their students read, write and debate using original source material. It is impressive to see how much they learn! In response to our fall parent survey, our first grade team has created an instructional model to address needs expressed by our families. Every first grade student now has a weekly lesson in Spanish, fine arts, music, science and/or social studies. Come visit to see their excitement! We will continue to look for ways to make our parent contacts relevant to our mission and responsive to your needs.

This year, we are introducing a new language arts curriculum, "California Wonders". This program includes an incredible array of resources for learning. Students have access to high-quality text, including leveled readers to support each week's work and a technology component that insures every learner has multiple entry points--geared to their needs--for every lesson. Teachers and students are energized by this new teaching and learning tool!

Finally, our teachers are continuing to refine their craft by working in "Professional Learning Communities" to ensure that every student is learning in every classroom, in every subject, every day.

We are proud of this work and blessed to have such a wonderful community in which to practice our profession!

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Carroll Elementary School opened in 2006. It was named after the first Carroll School, built in 1877 in the historic town of Bruceville. The current school includes 40 classrooms, an administration building, a multi-purpose room, a computer lab, a learning center and a beautiful library building. Our campus boasts two playground areas: a kindergarten play area, and a larger play area for grades 1-6. Both of these playgrounds include blacktop space, age-appropriate play structures, grassy fields and, in the larger playground, a running track. Our main classroom buildings include teacher and small group instruction areas in a central hallway to which all classrooms have access. Our kindergarten building has a teacher work space separate from the classrooms for use in planning and preparation for instruction. Storage space to accommodate our year-round schedule is included in each building.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are currently no deferred maintenance, modernization or new construction projects being undertaken at Carroll Elementary School. Needed repairs and on-going maintenance are completed by our site and/or district staff in a timely and professional manner as they are encountered. A bond measure--approved in November by voters--will enable EGUSD to update our facility in order to continue meeting the needs of our school community. Please visit the district web page for more information.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

There are many ways to become involved at Carroll Elementary. Joining the Carroll PTA is a good starting point. Other opportunities to contribute to our school include joining various parent advisory committees, volunteering in classrooms, or by attending or volunteering for one of the many family and community events Carroll sponsors each year. Contact Mr. Hauder for more information: (916)714-0106 or phauder@egusd.net.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Your child's safety is important to us at Carroll Elementary. We believe that nothing should get in the way of the academic achievement of our students, which is why it is important that our students feel safe. Our staff reviewed and updated our School Safety Plan in December, 2016. Part of our site plan includes before and after school safety, as well as a secure, locked campus during the school day. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. On-site fire, earthquake and other emergency drills are practiced regularly to ensure staff and students are adequately prepared in case of an emergency. Our district supports our efforts, including ongoing support by our Police services Department.

Types of Services Funded (Fiscal Year 2016-2017)

At our school we have many highly qualified staff to assist students with special learning needs. Our Learning Center services special education students and others needing additional support to meet the standards. Our special education program includes two self-contained classes for students with exceptional needs. We have a speech therapist working with students having identified speech needs. Our inclusion program provides support for students with significant needs in the regular education environment. English Learners benefit from our specialized curriculum during English Language Development instruction. Gifted and Talented students participate in accelerated instruction, a weekly pull-out program, and have the opportunity to participate in after school enrichment activities. This year, we have introduced a reading intervention program to ensure that all of our students are progressing toward grade level in this critical skill area.

Professional Development

Our site professional development program changes each year in response to the needs of our staff. This year, we will continue to focus on implementation of Common Core State Standards (CCSS) in Mathematics and English Language Arts. This work supports our Local Control Accountability Plan (LCAP), which is available for viewing on our site web page. New teachers who have been teaching fewer than two years participate in the district's beginning teacher support program. Our special education teachers and staff have numerous opportunities to learn how to best meet the needs of students with learning disabilities. At the district level, our Curriculum/Professional Learning department offers a variety of workshops for teachers as well as other support staff. Paraprofessional staff, school secretaries, office assistants, and custodians may take coursework--offered through their job-specific departments--that relate to their work. Additionally, all staff is encouraged to become competent in computer skills and to learn to work more efficiently and in ergonomically correct ways.
