**Grade Span:** K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-2017)

Raymond Case Elementary - Our Cougars ROAR with Pride!

Raymond Case Elementary, a 2016 California Gold Ribbon School, is home to some of the finest young minds in Elk Grove. Raymond Case Elementary School's vision is to provide a positive, safe, and culturally responsive environment that ensures exemplary academic growth for all students to become lifelong learners and productive citizens on their path to college and career readiness.

Raymond Case Elementary will accomplish our vision by:

- teaching a relevant and rigorous CCSS based curriculum, using assessments to drive instruction to meet the needs of our diverse student population.
- providing a safe environment through PBIS and character education for students and staff.
- collaborating effectively within and across grade level teams.
- encouraging involvement by partnering with parents and community.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Parent support and involvement continue to be the cornerstone of our success at Raymond Case Elementary. This support is given, recognized, and appreciated in many different ways. Some parents help plan the programs and policies, while others volunteer in the classroom, library, and plan school activities. Parents also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family. Parent volunteers are always welcome at Raymond Case. We hope every family will become a 5 STAR family.

The safety of our students is Raymond Case Elementary's first priority and the discipline policy is strictly enforced. We emphasize safe, respectful and responsible behavior before, during, and after school. All adults visiting campus are required to check in through the school office. The safe atmosphere of the school makes our students feel comfortable and secure.

The Raymond Case Elementary School community is committed to excellence in education in an environment where all children can succeed. We value our children and we value their learning!

John Santin, Principal  
Raymond Case Elementary

## School Facility Conditions and Planned Improvements (School Year 2016-2017)

Raymond Case Elementary School was built in the year 2000. The school classrooms are permanent buildings and grade levels are grouped together. All classrooms are equipped with computers, document cameras and projectors to support instruction. There is a computer lab with 40 computer stations recently refreshed in November of 2014. Our library has over 16,500 books for students use. The multipurpose room at Raymond Case is one of the largest in the Elk Grove Unified School District with a well-used stage. Raymond Case Elementary School is situated on approximately 10.55 acres with a large blacktop area, playground structure and large grass area for outside physical activities.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The EGUSD maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning, the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards are available in the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

This year, the district's governing board has approved deferred maintenance projects for this school that will result in a variety of repairs around campus. Raymond Case Elementary will be receiving funds for maintenance updates with the passing of Measure M. On-going repairs will be conducted as facility needs arise.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-2017)

Our school values each family's involvement in their child's education. There are many ways to become involved at the school. Our PTO actively raises funds to provide both educational and fun activities for students. Parents are welcome to volunteer in their child's classroom with prior arrangements. We encourage all families to become a 5 STAR Family by volunteering a minimum of 5 times throughout the year. Contact Mr. John Santin at (916) 681-8820 or jsantin@egusd.net for parent involvement questions.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2016-2017)

At Raymond Case Elementary School, we believe nothing should get in the way of the academic achievement or social development of our students. Our students are supervised before and after school as well as during the school day. Our campus is locked down with a secured fence and gates. All visitors must come through and report to our office before entering onto the campus. Our staff and School Site Council reviews and updates our Comprehensive Safe School Plan annually and it was last updated in January 2017. Our students and staff participate in regularly planned fire and lockdown drills. Each classroom has an emergency flipchart to reference in case of an emergency. The District's Police Services works closely with our school site to provide a safe and secure environment for all students.

### Types of Services Funded (Fiscal Year 2016-2017)

We have highly qualified staff at our school to assist students with special learning needs. Our Learning Center provides support to students with individualized plans, as well as general education students who need additional support to meet the grade level standards. Students who are designated as English Language Learners receive instructional support during WIN time. Gifted and Talented students participate in accelerated instruction during the instructional day. In addition, students are invited to participate in extended-day programs such as Choir, Drama, and Intramural Sports.

## Professional Development

Our school offers a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our school has a weekly Early Out schedule in which students leave school one hour early. Teachers use this time to meet and review student work (strengths and weaknesses), formal review and informal assessments, and plan subsequent instruction to meet students' needs. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss their successes, challenges, and new ideas for their classrooms. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
