School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Cosumnes Oaks High School

Address: 8350 Lotz Parkway, Elk Grove CA, 95757

Principal: Maria Osborne

Phone: (916) 683-7670

Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Cosumnes Oaks High School, the Elk Grove Unified School District's ninth comprehensive high school, opened in August 2008. The Cosumnes Oaks High School complex includes its primary feeder school, Elizabeth Pinkerton Middle School. Cosumnes Oaks High School is dedicated to challenging students with varied and rigorous curricula. In addition, we support student success through a comprehensive academic guidance and support program and personalized educational planning for college and career.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Cosumnes Oaks High School encourages parents to take an active role in their child's education by visiting the school, regularly communicating with teachers, and monitoring their child's academic progress. Cosumnes Oaks High School's booster club recruits parent and community volunteers to assist with campus events and daily activities. In addition, parents and community members are encouraged to join one of Cosumnes Oaks High School's parent organizations which include the Wolfpack Booster Association, the School Site Council, or one of the many athletic and arts parent booster boards.

Cosumnes Oaks High School is proud of the rigorous standards-based curricula; in this way, we can provide all Wolfpack students with the necessary tools for college and career readiness. Industry Sector standards guide multiple High Quality Academies and Pathways: Culinary Arts, Broadcast Journalism, Graphic Arts, Architectural Design and Engineering, AP/Honors Pathway, and Visual and Performing Arts. Our collaborative efforts with Los Rios Community College have resulted in earned college credits while still in high school.

Most recently, we have added a Freshman Seminar course which, in its pilot phase, received a Bronze Medal from Academic Innovations. As a result of the success of the program, all freshmen will complete a Freshman Seminar course. The focus of the course challenges students to create a ten year plan which includes post-secondary options and resources.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Cosumnes Oaks High School opened in 2008. The school has 70 classrooms, 10 science rooms, and 4 computer labs, and a full stadium and track facility. The school has a commercially fitted Culinary Arts building as well as a 700 seat Performing Arts theater, and a 280 seat Black Box Theater. The school shares a 12,000 sq. ft. library with Elizabeth Pinkerton Middle School. There are two gymnasiums, a band and choir room, and a HD television studio.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no current modifications at this time. Push-lock gates have been installed in the front and back of the school to prevent unauthorized entry during the school day but also provide easy exit in the case of an emergency.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Career Technical Education Programs (School Year 2016-2017)

COHS prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Teachers direct efforts toward establishing school-to-work structures within each curricular area for all students. Advocacy lessons focus on the following: transcript review, A-G completion, course selection, academy applications, college admissions, post-secondary school opportunities, industry standards, and how to access resources within the school and surrounding community. In 2016-2017, COHS established the Get Focused...Stay Focused anchor class for all 9th-grade students. Each student creates a 10-year plan that focuses on college, career, and beyond. COHS offers the following programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies, High Quality Career Pathways, Explore CTE Programs.

Academies feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. Pathways provide students with a two-to-three year sequence of CTE courses within a career pathway and offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships or externships. During the 2016-17 school year, COHS offers the following CTE programs: Culinary Arts Academy, Architectural Design and Engineering, Digital Communications, Broadcast Journalism, Explore CTE Culinary Arts Program. In 2017-18, COHS plans to offer new pathways in health sciences and software and systems development.

In 2015-16, 21.6% of Cosumnes Oaks High School's students completed a CTE pathway. In addition to programs offered, students also may participate in Elk Grove Unified School District's Explore CTE programs. EGUSD's Department of College and Career Options supports Cosumnes Oaks High School's CTE programs by providing each pathway an industry sector coach planning, providing and funding professional development.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

Cosumnes Oaks High School encourages parents to take an active role in their child's education by visiting the school, regularly communicating with teachers, and monitoring their child's academic progress. The Wolfpack Booster Association recruits parent volunteers to assist with campus events and activities, as well as the parent booster boards for all athletic/music teams. Each August the school recruits parents for membership on the School Site Council. Parents are encouraged to call 683-7670 and speak with our school secretary.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-2017)

Cosumnes Oaks High School provides a safe and positive learning environment for all students. Staff members maintain high expectations for appropriate and respectful student behavior. We reviewed and updated our School Safety Plan in January 2017. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Approximately fifty students and ten staff members serve as Safe School Ambassadors, promoting safe choices and conflict resolution on campus. The school has security personnel on campus from 7:30am to 5:00pm daily.

Types of Services Funded (Fiscal Year 2016-2017)

In addition to six counselors, we also have several resource specialists, a school psychologist, speech therapist, health technician, librarian, and a school resource officer. Additional coaches, provided by the district, help guide our ELD and student wellness program. COHS offers AVID classes at each grade level. Our Academies and High Quality Pathways include: Visual and Performing Arts, Architectural Design and Engineering, Broadcast Journalism, Graphic Arts, and Culinary Arts. Students may apply to participate in an academy, or the student may choose to participate at the entry level for each. Academy students who complete the capstone for an academy are eligible for special recognition at graduation. In addition, we currently offer nineteen College Board approved Advanced Placement courses. A partnership with the Los Rios Community College District allows eligible seniors to earn up to six free and transferrable college credits by completing college courses.

* Where there are student course enrollments.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

Professional Development

Teachers and staff are dedicated to improving their skills to meet the needs of our students. In the spring of 2015, Cosumnes Oaks received its mid-cycle accreditation from the Western Association of Schools and Colleges. Our work continues to be to focus on developing professional collaboration among all teachers in order to meet the needs of all students. Ten COHS staff members have been trained as site coaches for our Professional Learning Communities. The focus on student achievement is measured by common formative assessments. Much work this year will also focus on social-emotional learning support and resources. The Integrated Math adoption, Next Generation Science Standards, and the SBAC multi-level assessments and results inform decision making. At least three times per month, teachers analyze student performance data, design and re-evaluate common assessments, and identify best practices in order to maximize student achievement.
