**School Accountability Report Card**  
**Reported Using Data from the 2019 - 2020 School Year**  
*Published During 2020 - 2021*

**For: William Daylor High School**

**Address:** 6131 Orange Avenue, Sacramento, CA 95823

**Phone:** 916-427-5428

**Principal:** Alan Williams

**Grade Span:** 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020 - 2021)

William Daylor High School  
A Community of Lifelong Learners!

William Daylor High School is dedicated to serving the needs of its students. William Daylor provides a unique, educational experience, beginning with the rigor and breadth of the instructional program, to the warmth of the learning environment where students feel safe to stretch their thinking, to the safety of the campus. William Daylor is a place where students know the staff care and will prepare them to be successful in the world after high school.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Our success in implementing our district's mission can be evidenced through our school's special strengths, including:

- Courses designed to meet the academic needs of the students.
- The number of students graduating on a yearly basis.
- CTE classes - Careers with Children and Building and Trades.
- Supports in place to meet the social/emotional needs of the students.

At William Daylor, we are partnering with the community to provide resources to extend learning and provide support. Students are encouraged to participate in opportunities that prepare them to become college/career ready such as our Career Technical Education Pathways.

Parent support and involvement continue to be important aspects of the success at William Daylor High School. This support is given, and is recognized and appreciated in many different ways. Some parents help plan programs and policies, while others serve as volunteers for Student Leadership activities and field trips. Parents also support student success by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. We emphasize cooperation and responsible, respectful behavior. All adults visiting campus are required to check in through the school office. The atmosphere of the school makes our students feel comfortable and secure.

Alan Williams, Principal  
William Daylor High School

### School Facility Conditions and Planned Improvements (School Year 2020 - 2021)

William Daylor High School was built in 1965. Additions were constructed in 1968 and 1972. Two portable classrooms were constructed in 1997 for Class Size Reduction. The school opened in 1990 with all portable buildings. In 1995, permanent classrooms were built. The multipurpose room was built in 1997. The facility consists of 14 classrooms, a multi-purpose room, administrative offices that house the principal, vice-principal, registrar and data processor. There is an office for the counselor, and an office for the custodian. In addition, there is a computer lab, science facility, wood shop, art facility, a pre-school and a Child Development Center with an adjoining play area, basketball court and baseball field. Presently Daylor's staff consists of a Principal, Vice-Principal, secretary, data processor, counselor, registrar, custodian, campus supervisor, RSP teacher, eight teachers, one para-professional, a Pregnant & Parenting teacher and a Project Implementer.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodian works with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

The district conducted a study of all district facilities, including those at this site and a district master plan was developed and approved by the School Board. Additional recommendations will be made to the School Board for further action. Parent and community input regarding the needs of the site is welcome and can be provided to the school's principal.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven Percent of Students Meeting or Exceeding the State Standards

Subject	School 2018 - 2019	School 2019 - 2020	District 2018 - 2019	District 2019 - 2020	State 2018 - 2019	State 2019 - 2020
English Language Arts/Literacy (grades 3-8 and 11)	4%	N/A	56%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	0%	N/A	45%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Career Technical Education Programs (School Year 2020 - 2021)

Career Technical Education (CTE) provides opportunities for WDHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile.

WDHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: High Quality Career Pathways (HQCP) and Explore CTE Programs. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. In 2019-20 WDHS offered two CTE programs: Careers with Children (Explore CTE) and the Building Trades Pathway (HQCP). Students who complete the Careers with Children course are ready to enter the workforce or apply the college credits earned towards continuing their education in college. Careers with Children is open to students across the district. The Building & Trades Pathway leads into residential construction and trades. Both pathways offer work-based learning opportunities and industry-recognized certification when available. EGUSD's Department of College and Career Connections supports WDHS's CTE programs through strategic planning, oversight, and professional development.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, or other means. We measure the success of the program by the certificates of completion earned based on the number of units students complete, and the college credits earned. Through the Professional Learning Community teachers share academic goals and objectives for students. The CTE teachers integrate these academic goals into their coursework. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2020 - 2021)

We value partnering with our parents to assure student success. Parents are encouraged to register for Synergy Parent Vue to continuously monitor their student's progress. Parents can also become involved at our school by volunteering, attending teacher conferences, becoming involved in the site's English Learners Advisory Committee, representing the school at district forums, and joining the School Site Council, attending other school activities. For more information on parent involvement opportunities, contact Lee Johnson at (916) 427-5428.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

#### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

<b>Expulsions</b>	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%	0.1%	0.1%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

\*(For school years 2017-2018 and 2018-2019: data collected between July through June, each full school year respectively)

\*\* (For school year 2019-2020, only: data collected between July through February, partial school year due to the COVID-19 pandemic)

### School Safety Plan (School Year 2020 - 2021)

Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in September, 2020. Assigned staff secure the campus and provide supervision before, during, and after school. Visitors are required to check into the front office to sign in. All staff are trained in emergency procedures. The "Comprehensive Safe School Plan" which outlines a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the office of our school. Random periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

## Types of Services Funded (Fiscal Year 2020 - 2021)

At our school we have highly qualified staff to assist students with special learning needs. Our resource teacher not only provides support for special education students, but also general education students who need additional support to meet the standards. Our teachers are equipped with specialize strategies to assure our EL students are successful. The Pregnant and Parenting Teen program provides support for our teen parents and a resource for the children of our students. Opportunities for credit recovery have been expanded, and students can take additional classes through extended day. The students are supported by Project Success, which provides a Program Implementer on site to help educate students about the impact of alcohol, tobacco and other drugs and to make positive choices for themselves. Students may also participate in Career and Technical Education Pathways, which provides them with job skill training.

Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

### Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Professional development has centered around the implementation of the Common Core Standards and providing High Quality Instruction. Our teachers are attending training provided by the district. In addition, professional development around High Quality Instruction and instructional strategies to assure academic achievement for all students. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. They meet monthly with an experienced mentor to discuss their successes and challenges and new ideas for their classrooms. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
