School Accountability Report Card
Reported Using Data from the 2016-2017 School Year
Published During 2017-2018

For: C.W. Dillard Elementary

Address: 9721 Dillard Rd, Wilton, CA 95693

Principal: Sandra Wiest

Phone: (916) 687-6121

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-2018)

C.W. Dillard Elementary School
Building Strong Students Inspired to Learn

Dear Families,

C.W. Dillard Elementary School truly provides a unique and wonderful educational experience for children, from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. It is the goal of all staff at C.W. Dillard to support students in achieving this goal.

Our success in implementing the district's mission can be evidenced through our school's special strengths, including:

- An outstanding team of dedicated, experienced, and caring teachers
- A motivated and enthusiastic student body that puts outstanding effort into academics and the arts
- An active community that supports and celebrates the achievements of all students

Parent support and involvement continue to be important to our success at C.W. Dillard Elementary School. Through providing guidance on the Site Council, assisting the PTO in their functions, serving as classroom and library volunteers, planning activities, or attending field trips, our parent community is vital to the success of the school. Parents support students and send a clear message that education and regular attendance are important to the family. It is this team effort which makes every student successful at C.W. Dillard Elementary.

Student safety is our first priority, and the discipline policy is strictly enforced. We emphasize cooperative, responsible, and respectful behavior. All adults visiting campus are required to check in through the school office. The atmosphere of the school makes students feel comfortable and secure.

Through teamwork, open communication, and a common goal of continuous improvement for children, C.W. Dillard Elementary is a place where children enjoy and excel at learning.

Sandra Wiest, Principal
C.W. Dillard Elementary

School Facility Conditions and Planned Improvements (School Year 2017-2018)

Beginning in August, 2015, Dillard School has occupied newly constructed facilities built on-campus. The former school buildings were constructed in 1956, with changes made over time, such as portable classrooms added to accommodate Class Size Reduction, as well as a multipurpose room. Our new school has 22 classrooms, administrative offices, multipurpose room, library, learning center, and a computer lab all housed in one large structure. Playgrounds include two new play structures, one for kindergarten and a larger one for grades 1 - 6. A new running track, baseball diamond, and soccer field are available for recess, as well as for community use when school is not in session.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds at C. W. Dillard are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either our school custodian or district maintenance staff. Dillard's custodians work as a team with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

The final phase of construction to C. W. Dillard's new facilities was completed during the 2015-2016 school year. Shade structures and security cameras are future projects to be funded through EGUSD's 2016 Measure M bond initiative.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2016-2017)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State

Mathematics (grades 3-8 and 11)	59%	61%	42%	44%	36%	37%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-2018)

There are many ways to become involved in your child's education. Our PTO actively supports student learning. Each year we host Back to School Night and Open House. Families participate in a wide variety of cultural and educational activities. Also, parents are always welcome to volunteer in classrooms, join PTO, or be part of the School Site Council. In addition, parent conferences are held multiple times during the year. For more information on parent involvement opportunities, you may contact Robin Sparks or Isabel Ebberts at 687-6121.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2017-2018)

Our district is committed to providing a safe learning environment for all students, and as a school we reviewed and updated our Dillard School Safety Plan in January, 2018. We moved into new facilities in August, 2015, and our new building adheres to high safety standards. Staff supervises student arrival and dismissal. During the school day, all gates are locked, and visitors sign into the office before entering campus to maintain campus security. An Emergency Handbook outlining response plans for emergencies such as earthquakes, fires, floods and chemical spills is kept in the office. Periodic safety inspections are conducted by the County of Sacramento. Students and staff perform monthly evacuation drills. The district's Police Services Department works closely with our school to provide a secure environment for all students.

Types of Services Funded (Fiscal Year 2017-2018)

At our school, we have highly qualified staff to assist students with special learning needs. Our Learning Center services special education students, as well as general education students who need additional support. Teachers help our English Learners access the core curriculum through daily English Language Development instruction, and more intensive academic intervention is provided through tutoring and small group instruction. Summer school and extended day intervention programs target academic needs, especially in the areas of reading and math. Gifted and Talented students participate in accelerated instruction and an after school extended day program called PACE (Programs for Accelerating, Creativity, and Enrichment). Science Olympiad, sports teams, art, and drama are a few of the enrichment activities available through lunch clubs and after school programs. Meeting the needs of our students is very important to the staff at C.W. Dillard Elementary School.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our 2017-18 professional development emphasis for teachers is The California Common Core State Standards for English Language Arts and Math within Professional Learning Communities (PLC). Teachers take part in regional trainings and work with our site-based instructional coach to increase their knowledge and skills. Teachers meet weekly in PLCs focusing on math and language arts assessment and instruction, targeting student needs and providing enrichment. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. The district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians take classes related to their work, such as new computer skills and how to work more efficiently and in ergonomically correct ways.
