School Accountability Report Card
Reported Using Data from the 2016-2017 School Year
Published During 2017-2018

For: Ellen Feickert Elementary

Address: 9351 Feickert Dr, Elk Grove, CA 95624

Principal: Eric Murchison

Phone: (916) 686-7716

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-2018)

Ellen Feickert Elementary truly provides an outstanding educational experience for students, from the safety of the campus, to the warmth of the learning environment, and the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our school mission: Ellen Feickert Elementary School will ensure high levels of learning for all students. This mission was developed as a part of our Professional Learning Community (P.L.C.) implementation. Our school-wide implementation of this dynamic school reform is in its fourth year.

Parent support and involvement are important to support Ellen Feickert Elementary School students. This support is provided in many ways, such as helping in the classroom, attending field trips, and having fun at family events. Parents also support student success at home by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important.

The safety of our students is this school's first priority and we focus on positive discipline guided by the Positive Behavioral and Intervention Supports (P.B.I.S.) program. We emphasize three school rules: Be Kind, Be Safe, and Be Responsible, and we expect students to demonstrate these behaviors. The environment of the school makes our students feel comfortable and safe.

School Facility Conditions and Planned Improvements (School Year 2017-2018)

Ellen Feickert Elementary School, built in 1981, maintains 37 classrooms, (including a kindergarten building and play area), a multipurpose room, a library, two computer labs, and an administration building. Classroom additions were constructed in 1984. Modernization construction took place in 2006. The newest buildings have teacher work rooms and staff meeting areas as a part of the design. Our district provides on-going maintenance to our facilities.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work, in concert with the school site custodial team, to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team with the principal to ensure cleanliness. Each morning the custodian inspects the school prior to students and staff entering the school campus. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office and at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

No projects are planned for this school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2016-2017)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-2016	2016-2017	2015-2016	2016-2017	2015-2016	2016-2017

Mathematics (grades 3-8 and 11)	44%	46%	42%	44%	36%	37%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Foster Youth				

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-2018)

Ellen Feickert Elementary School enjoys tremendous parent participation! There are a number of ways to become involved with your child's education. Our school has an active Parent Teacher Organization that supports our school. We hold Back to School Night, Open House, and parent conferences throughout the school year. Parents and guardians are welcome to volunteer for the PTO, School Site Council, or attend our many family events. For more information about our parent involvement, contact Mrs. Reeves, PTO president at feickertpto@yahoo.com.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2017-2018)

Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in January 2018. Students are supervised by staff before and after school. We maintain a thorough visitor check-in process and our campus is secured each day. An "Emergency Handbook" outlining a plan of action for emergencies such as earthquakes, fires, and floods, is kept in each classroom. Random periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. The school routinely practices safety drills. Our school rules reinforce student safety: Be Kind, Be Safe, Be Responsible.

Types of Services Funded (Fiscal Year 2017-2018)

At our school, we have highly qualified staff to assist students with special learning needs. Our Learning Center serves special education and general education students who need additional learning support. Gifted and Talented Education (GATE) students and accelerated students participate in an after school extended day program. We have teachers who tutor and provide homework assistance to students after school. We maintain five classes of students with autism (ASD) and we have three Transitional Academic Classes (TAC) special education classes. The district's Virtual Academy is located on our campus, providing students an alternative to traditional education.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Our school is in its fourth full year of Professional Learning Communities (P.L.C.) and Positive Behavioral and Intervention Supports (P.B.I.S.). We also continue to provide professional development with the on-going implementation of the Common Core State Standards (C.C.S.S.). Our school has weekly teacher staff development meetings. Teachers use this time to analyze student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school's mission: Ellen Feickert Elementary School will ensure high levels of learning for our students which is the basis for our work. Finally, the district offers a variety of classes for support staff. Paraeducators, school secretaries, office assistants, and custodians are able to take classes or attend workshops that relate to their work.
