School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Robert J. Fite Elementary

Address: 9561 Fite School Road, Sacramento CA, 95829

Principal: Melissa Chin

Phone: (916) 689-2854

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Robert J. Fite Elementary
Excellence in Education

Robert J. Fite Elementary School provides a warm, nurturing learning environment that fosters academic excellence. We strive to be an active community that promotes social responsibility, acceptance of diversity, and life-long learning. Our students feel safe and supported in setting and achieving their goals. All aspects of the school contribute to providing our students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. Our success in implementing the district's mission is seen in the progress our children make. We continue to focus on meeting the needs of each child, and our staff works with parents to ensure each child's opportunity for success.

Parent support and involvement continue to be important aspects of the success of Robert J. Fite Elementary. Parental support is given, recognized, and appreciated in many different ways. Some parents help plan the programs and policies, while others serve as classroom and office volunteers, plan family activities, or work on special events. Parents also support student success by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

The safety of our students is this school's first priority and the discipline policy is strictly enforced. We emphasize respectful behavior of students with peers and adults. All adults visiting campus are required to check in through the school office. At Robert J. Fite Elementary School the atmosphere makes our students feel welcome, comfortable, and secure.

The Robert J. Fite community is committed to excellence in education. We value our children and we value their learning as "Every day is a great day to be a Fite Falcon!"

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Robert J. Fite's inaugural year was 2002 and has been open for 12 years. There are 34 classrooms, eight of which were expanded in 2012. We have a multipurpose room, a library, two computer labs, and an administrative building. The administrative building houses the principal's office, a conference room, and four offices available for staff and student use. In addition, there are two staff restrooms, a nurse's office with a student restroom, staff room and supply room. Eight workrooms throughout campus are available for staff use. A large playground for 1st-6th grades offers basketball and tether ball courts, four square and hopscotch, in addition to a play structure, soccer field and track. Pre-K, TK and Kinder have a smaller fenced playground with a play structure and blacktop area. Our parking lot offers several spaces for staff and visitors with specified entry and exit. Five spaces are specified as 15 minute parking and handicapped. Additionally, we have a pedestrian crosswalk that is supervised by staff before and after school during arrival and dismissal times.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

At this time, no building projects are scheduled to occur at Fite.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

We encourage you to become involved in your child's education. Our school has an active PTO that consistently raises money for our school through fundraising events, including our annual Harvest Carnival. Another way to get involved is through our Watch DOGS/MOMS Program, and by volunteering time on campus. We have Back to School Night in the fall and Open House in the spring, and parent conferences are held throughout the year. For more information on parent involvement opportunities such as these, you may contact the principal at 689-2854.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Safety is important to us at Robert J. Fite Elementary School. Rules are published in the Student-Parent Handbook and enforced by all personnel. We maintain a closed campus between the hours of 8:00 a.m. and 10 minutes prior to the end of the school day. All visitors must sign-in and out through our office. Supervision 15 minutes before and after school is provided to ensure safe arrival and dismissal of our students. Our School Safety Plan is reviewed annually, and was last updated in January, 2016. An Emergency Guidelines Flip Chart, outlining a plan of action for disasters (earthquakes, fires, floods, and chemical spills) is kept in our school office and each classroom. Drills are practiced regularly. Police Services Dept. works with our school site to provide a safe environment for all. Periodic school safety inspections are conducted.

Types of Services Funded (Fiscal Year 2016-2017)

At our school, we have highly qualified staff to assist students with special learning needs. We currently house Transitional Kindergarten classes, a program intended to prepare students for successful transition into kindergarten when age-appropriate. Additionally, a Pre-Kindergarten Speech Therapy program is on site, servicing students within our district who would benefit from speech services at an early age. We also have self-contained classes which provide specialized services for specifically identified students. Our Learning Center serves special education students and at-risk learners who struggle to meet state standards. Gifted and Talented students participate in accelerated instruction within the classroom. Intervention services are provided for at-risk learners who need additional support to meet the standards. Our English Learner students are provided English Language Development instruction in class, as well as during grade specific small group instructional time.

Professional Development

Our school and district offer a variety of professional learning opportunities for administrators, teachers, instructional aides, and non-instructional support staff. Through various cohorts, teachers have an opportunity to work with district personnel to collaborate and plan, then share the information they learned with site staff. In addition, teachers participate in professional development opportunities outside EGUSD. We are in our third year of implementation of Common Core State Standards and all teachers from Transitional Kindergarten through sixth grade are provided training and support for successful implementation. Additionally, both general and special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office assistants and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
