School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Florin High School

Address: 7956 Cottonwood Lane, Sacramento CA, 95828

Principal: Denise Escobar

Phone: (916) 689-8600

Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Florin High School has a responsibility to ensure that its students are globally competitive graduates. We know that our most successful students are those who attach themselves to one of our programs, Academies, and Pathways, so we offer a diverse selection to appeal to the interests of all students. Our programs include:

AVID Program
Agriculture Technology Academy
LAW Academy
Tech Careers Academy
Auto Technology Program
Culinary Arts Program
Project Lead the Way Engineering Program
English Language Learner Program
Visual and Performing Arts Programs
Honors and Advanced Placement Program

Additionally, our A/B block schedule allows students to participate in more than one program, Academy and/or Pathway, giving them the opportunity not only to prepare for post-secondary studies, but to benefit from programs that allow them to explore additional interests.

The Florin High School Panther family includes students, families, teachers, counselors, and support staff who work in partnership to support our students' success. Florin High School is in its twenty-eighth year, and many of our current students are the sons and daughters of Florin graduates. Florin High's legacy is enriched by each graduating class as alumni return as teachers, counselors and staff members supporting the next Panther generation. This sense of community is apparent in classrooms, at class and club events, at awards nights, and at athletic events where families and staff members join together to encourage and support our students. In the truest sense of the word, students "belong" at Florin High School

A vital component to student success is establishing and maintaining a safe environment. We want our students in class every day, and we ensure that the school environment is conducive to student learning. All students and staff have the right to a safe and respectful environment, and our partnerships with our families help us to maintain that environment.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

The main campus was built in 1989. Florin has 80 classrooms, a multipurpose room, a library, and counseling center, main gym, auxiliary gym, and administration building. In addition the school has two baseball fields, two softball fields, a soccer field, tennis courts, a track and a practice football field. There is also a black box theater. Seventeen portable classrooms were added to the campus in 1992 to accommodate the growth of the campus.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

Using the most recent FIT data (or equivalent), provide the following:

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system, enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

Florin High School will be coordinating with the District's Facilities Department to plan upcoming modernization projects made possible by the passage of a recent bond initiative.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-2015	2015-2016	2014-2015	2015-2016	2014-2015	2015-2016

Mathematics (grades 3-8 and 11)	18%	17%	41%	42%	34%	36%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Career Technical Education Programs (School Year 2016-2017)

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers establish school-to-work structures for all students. We focus on achieving the outcomes described in the EGUSD Graduate Profile by offering lessons on transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, post-secondary options, industry standards, technology use, and resources. Florin High School offers: California Partnership Academies(CPA), High Quality Career Pathways(HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic classes, integrated projects, and work-based learning opportunities. HQCPs provide students with a sequence of courses within a career pathway. Pathways offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships or externships. CTE programs also allow students to meet graduation requirements and A-G requirements. Our programs include: Ag Tech Academy (CPA), Auto Technology (HQCP), Culinary Arts (HQCP), Project Lead the Way Engineering (HQCP), LAW Academy (CPA), Tech Careers Academy (CPA), and Explore CTE. Students gained recognition in local, regional, state and national competitions including the California State Fair, National FFA Convention, Robotics events, and Mock Trial.

Career Technical Education Participation (School Year 2015-2016)

Measure	CTE Program Participation

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

Ensuring student success requires a team effort, and our partnerships with our parents are the most vital component of that team. Parents are encouraged to register for School Loop on our school website. School Loop supports home-school communication and provides information about students' academic progress. Parents are also welcome to visit classrooms, to attend arts and athletic events, and to attend Open House, Back-to-School Night and Awards Nights. I encourage you to contact Principal Denise Escobar at 689-8600 or descobar@egusd.net.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-2017)

Our staff reviewed our School Safety Plan in December of 2016. Included in the plan are monitoring practices that not only address student safety during school hours, but before and after school as well. All visitors sign in when entering our campus and wear identification. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. In addition, each classroom, office and student space has an Emergency Guidelines Flipchart for quick reference. Random, periodic school safety inspections are conducted by the County of Sacramento, and security staff monitors all after school events. The District's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Types of Services Funded (Fiscal Year 2016-2017)

Our richly diverse student population benefits from the variety of offerings at Florin High School. Our Strategies Program supports our RSP, ED, and ILS students by developing and maintaining students' Individualized Education Programs (IEP's). Case Managers are assigned to students to ensure they get the support they need in the least restrictive educational environment. Our English Learner Program supports students with a broad range of English language skills, from newcomers who may know no or limited English to SDAIE (Specially Designed Academic Instruction in English) students who are on a path to re-designation as fluent English speakers. Florin's Honors/AP program is open to all students who have the willingness to do the difficult work required in Honors and AP classes. Classes are available in world languages, science, English, math, social science and art. These students can be supported by our AVID or Scholars classes as they rise to meet these challenges.

* Where there are student course enrollments.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

Professional Development

The Elk Grove Unified School District and Florin High School recognize adults as lifelong learners and provide ample opportunity for professional growth. Support staff are provided formal and informal opportunities to develop their skills. Teachers and Counselors are trained on current trends in education so that your students are prepared for their post-secondary studies. On Wednesday mornings half of the teachers are available to support students, while the other half meet in Curriculum Teams to examine data and student work and learn from each other. As in any profession, we are stronger when we collaborate. Teachers also have professional learning release days available so that they can meet in content area teams to develop lessons or more deeply examine student work. New teachers are supported by the District's BTSA (Beginning Teacher Support and Assessment) program and are assigned Consulting Teachers who support them through their first two years in the classroom. Your students benefit when our staff is supported.
