School Accountability Report Card
Reported Using Data from the 2019 - 2020 School Year
Published During 2020 - 2021

For: Franklin High School

Address: 6400 Whitelock Pkwy, Elk Grove, CA 95757

Phone: 916-714-8150

Principal: Chantelle Albiani

Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020 - 2021)

Franklin High School, the sixth comprehensive high school in the Elk Grove Unified School District, prides itself on providing students an extensive variety of opportunities for success. Our unique schedule provides students a large number of AP and elective course options designed to motivate and challenge students in an array of subject areas. Franklin High School has a collaborative environment that includes strong communication and partnership with Toby Johnson Middle School. The schools share the 19,000 square foot Franklin Community Library, which is operated in partnership with the Sacramento County Library system.

The EGUSD mission is to provide a learning community that challenges ALL students to realize their greatest potential.

Franklin High School asks students to be P.R.I.D.E. strong by demonstrating Preparation, Respect, Integrity, Determination and Empathy.

We strive to offer challenging course work that will prepare students for BOTH college or career pathways. Student success is measured by our graduation rate, college going rate, and career preparation through our California Partnership Academy program completion and our newly added High Quality Pathways.

Students are encouraged to enroll in rigorous courses and are supported through multiple opportunities to connect with the school. With over 60 clubs, competitive athletic teams, and accomplished extra-curricular activities, students and their families are excited to be part of this comprehensive high school environment. Our academic guidance counseling and support programs assist ALL students in achieving their post-secondary college and career goals.

School Facility Conditions and Planned Improvements (School Year 2020 - 2021)

Our school opened August 2002. We have 90 classrooms, a multipurpose room, a shared library with TJMS and Sacramento Public Library, computer classrooms, student services and administration buildings. Our new all-weather track and field was completed last year. Football games will continue to be held in the shared stadium at COHS. Parents and visitors report our campus is "beautiful" and looks clean, safe and inviting. Two Career Technical Education classrooms have been modernized and updated with new technology and equipment. District maintenance staff ensures that necessary repairs to keep the school in working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority. The district's governing board has adopted cleaning standards for all schools. A summary of these standards is available at the school office or in the district's Facilities Department. Our administration works with the custodial staff to develop cleaning schedules.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district takes pride in its schools to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. To assist in this goal, the district uses a facility survey instrument developed by the State of California. Our school received "exemplary" status based on the State's definition, the highest rating possible. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Construction for an updated computer lab will start in the Spring of 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven Percent of Students Meeting or Exceeding the State Standards

English Language Arts/Literacy (grades 3-8 and 11)	74%	N/A	56%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	58%	N/A	45%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2020 - 2021)

Career Technical Education (CTE) provides opportunities for FRHS students to prepare for college, career and life. CTE offers a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around student support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile by offering lessons on transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, postsecondary options, technology use and resources.

FRHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at FRHS also allow students to meet graduation requirements and complete A-G requirements through courses that incorporate state-adopted academic standards. In 2019-20, FRHS offered two CPAs, The GREEN Academy and the STEM Academy, which represent the fields of engineering and computer programming. HQCPs at FRHS include Animation, Design Arts, and Digital Media. EGUSD's Department of College and Career Options supports FRHS's CTE programs through strategic planning, oversight, and professional development.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, Apple internship opportunities, and other means. Our CTE programs are evaluated through multiple measures, including CTE pathway completion rates, graduation rates, A-G completion rates, GPA, and attendance. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2020 - 2021)

Achieving our school's vision involves a partnership between school, home, and community. Parents are encouraged to be active in their child's education through campus visits, regular communication with teachers, and monitoring their child's academic progress through Synergy. Franklin High School has many parent organizations and opportunities for involvement, including School Site Council, Wildcat Booster Club, English Learner Advisory Committee and Sober Grad. If interested please contact the school secretary, Sandra Dinwiddie, at 916-714-8150.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Expulsions	0.1%	0.2%	0.0%	0.0%	0.0%	0.0%	0.1%	0.1%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

*(For school years 2017-2018 and 2018-2019: data collected between July through June, each full school year respectively)

** (For school year 2019-2020, only: data collected between July through February, partial school year due to the COVID-19 pandemic)

School Safety Plan (School Year 2020 - 2021)

Franklin High School provides a safe and positive learning environment for all students. Staff members maintain high expectations for appropriate and respectful student behavior. The School Safety Plan was reviewed in January, 2021. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Many of our students serve as Link Crew Leaders and conflict managers to promote safe choices and conflict resolution on campus. A schedule is made to ensure supervision before and after school that includes both campus supervisors and administration. The areas of the campus that are open for entrance are monitored so all outside visitors need to check in through the main office and follow the appropriate procedures.

Types of Services Funded (Fiscal Year 2020 - 2021)

Specialized programs are staffed with six counselors, seven resource specialists, full-time school psychologist, health clerk, and full-time librarian. The site shares a speech therapist and a social worker with its feeder middle school. Franklin High School's support of special populations also includes a comprehensive Advancement Via Individual Determination (AVID) Program, Math, English Science Academy (MESA) Program, and two California Partnership Academies (STEAM & GREEN). Special needs students participate in classroom instruction that strengthens writing, reading, and comprehension skills. New English learners study the Edge curriculum in designated ELD courses 9-12. Other English learners study the Study Sync curriculum in Integrated English 9-12 courses. We are piloting an intervention program for 10th grade students that incorporates social-emotional skills along with study skills to enhance student performance.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

Professional Development

Our school offers a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Teachers from different departments or programs provide professional development during monthly staff meetings. In addition, teachers meet regularly to collaborate in professional learning communities in order to ensure that all students acquire the knowledge and skills essential to achieving their full potential. For the 2020-21 school year many grade level and subject matter teams also have specific release days throughout the year to collaborate on common assessments, Integrated Math, Next Generation Science standards, AP/Honors vertical teaming, EL courses, as well as student placement in a variety of support/intervention programs.
