School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Samuel Jackman Middle School

Address: 7925 Kentwal Drive, Sacramento CA, 95823

Principal: Michael Anderson

Phone: (916) 393-2352

Grade Span: 7-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Samuel Jackman is a school on the move! Not only do we place a strong emphasis in our core subjects, but we also offer students opportunities to participate in AVID (Advancement Via Individual Determination), Drama, Art, Pre-Engineering, Broadcast Production, Band, Computer Technology, Student Leadership, Health Technology, PBIS, and a robust after-school ASES program.

Samuel Jackman Middle School provides a nurturing school environment with a special emphasis placed on academic achievement. The school offers diversified curricular and extracurricular programs which feature a wide variety of student activities designed to support the unique needs of middle school students. These opportunities promote high student engagement, critical thinking, social interaction, and a quality learning experience for ALL students.

The staff at Samuel Jackman Middle School meets on a weekly basis to continuously improve academic instruction at our school. The focus of these collaborative meetings is on systemic implementation of the SJMS Teaching and Learning Cycle. This model includes the development and use of common assessments, common instructional pacing guides, focused re-teaching strategies as well as the analysis of student assessment data. We have very high expectations for students and we have a staff that works hard to provide the necessary supports which allow students to meet these high expectations.

The community of Samuel Jackman Middle School is proud of the school's accomplishments. With a multitude of powerful student programs, Samuel Jackman is becoming widely recognized for being a school that is truly "on the move".

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Samuel Jackman was built in 1990. The school has 42 classrooms, including portables, a multipurpose room, a library, a gymnasium, a weight room, and an administration building.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

Although the district's governing board has a deferred maintenance program, there are no projects planned at this time. Samuel Jackman did have window coverings replaced in classrooms and a new alarm system installed during the 2014-2015 school year. Additionally, our weight-room was recently remodeled. We also installed a new electronic marquee to assist with school-home communication.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

Samuel Jackman Middle School strongly encourages parents and guardians to become actively involved in the school. There are a number of opportunities for parents and guardians to become involved in, such as Night at the Nest, Back to School Night and Open House. The school hosts Counselor Coffee Chats, Parent Huddle, Bring Your Parent to Lunch Days, Living the Dream College Night, Family Nights, and a variety of other opportunities for parents. For additional information on becoming involved, call Chris Butler, School Secretary, at 393-0181.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Safety is important to us at Samuel Jackman Middle School. We believe that nothing should interfere with the academic achievement of our students and it is crucial that our students always feel safe. Our district, including our Police Services Department is committed to providing a safe, secure environment for learning. All visitors are required to sign in at the front office. Additionally, administration, campus supervisors, and teachers supervise students before, during, and after school. Our staff reviews and updates our School Safety Plan twice a year. This was completed in August 2014 and again in February 2016. An Emergency Handbook, outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Periodic safety inspections are conducted by the County of Sacramento.

Types of Services Funded (Fiscal Year 2016-2017)

At our school, we have highly qualified staff to assist students with special learning needs. Our Strategies department services not only special education students, but also general education students who need additional support to meet the standards. Gifted and Talented students participate in accelerated instruction in Language Arts, Math, History, and Science. Students who need more assistance in the areas of Language Arts, and/or Mathematics receive extra classes within the school day. Students who need extra intervention or would like to participate in additional extension opportunities can do so in our three-hour after school ASES program or through other tutoring opportunities.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2016-2017, teachers were provided opportunities to meet weekly via the school's Early Out Wednesday schedule. In addition, teachers and departments are provided planning days with their departments. These planning days involve the support of our instructional coaches. Our teachers also take part in a variety of district and grant provided professional development programs that increase student academic achievement in all content areas.
