School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Toby Johnson Middle School

Address: 10099 Franklin High Road, Elk Grove CA, 95757

Principal: Patrick Mc Dougall

Phone: (916) 714-8181

Grade Span: 7-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

A School with a Vision, Toby Johnson Middle School.

Toby Johnson Middle School provides a unique and wonderful educational experience for all students, from the safety of the campus, and the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. Our success in implementing our district's mission can be evidenced through our school's special strengths, including two year teaching teams that allow students and teachers to loop together for both 7th and 8th grades as well as working in smaller teams. We operate a four by four block schedule that provides students with both a rigorous academic program as well as an extensive enrichment program. Our outstanding standards-based common core program and the school's Honors Program allow students the opportunity to extend their learning.

Parent support and involvement continue to be important aspects of success at Toby Johnson Middle School. Many parents volunteer in our classrooms, work on our PTSO, and support student activities and library programs. Parents also enhance student success by providing space, time, and encouragement for daily homework, and by emphasizing regular school attendance.

Parent and school communication is enhanced by School Loop, a tool for students and parents via the internet. This vital tool links students, parents and teachers together to share information and communicate directly. We are pleased to offer a comprehensive technology, music, drama, and fine arts program.

The safety of our students is this school's first priority and the discipline policy is strictly enforced while encouraging and teaching positive student behaviors. We emphasize cooperation and responsible, respectful behavior. All adults visiting campus are required to check in through our Students Services Office. The atmosphere of the school makes our students feel comfortable and secure.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

This school has 47 classrooms, a multipurpose room with a stage, a band room, a specialized science wing, a gym, a large library, and both administration and student services buildings. The campus was built in 2002. The school is part of a joint campus, with the high school on the same property. The school has 8 classroom pods, with a gym, band room, stage, kitchen classroom, TV production classroom, and 2 computer labs. Most pods have 2 mobile laptop stations with 20 computers each for a total of over 220 mobile computers on campus. The Franklin Community Library serves the middle school, high school and local community, and is the largest school library in the city. The school also has extensive fields for physical education including basketball courts, a football field and track. The gym contains a dance room as well. There are 54 teachers, 4 admin, 3 counselors, 7 office staff, 3 security staff and 3 custodians. We have access to a school psychologist, nurse, speech pathologist and 11 para-educators.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds, and the site is fully cleaned each evening. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no planned projects at this time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

California Physical Fitness Test Results (School Year 2015-2016)

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

There are many ways to become involved with your child's education. We conduct two New Parent Orientations; two Back to School Nights; team field trips which include parents; an active PTSO; and two student fairs. Parents can become involved by volunteering in the classroom, attending parent conferences, Back to School Nights, supporting numerous student activities, and by participating in our PTSO. For more information on parent involvement opportunities, contact Hannah Kincaid, Student Activities Director, at 714-8181.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

School safety is of paramount importance at Toby Johnson Middle School. Therefore, we are committed to a safe and secure learning environment for every student. Our staff reviewed our School Safety Plan in the October of 2016. Included in the plan are monitoring practices that not only address student safety during school hours, but before and after school as well. All visitors sign in when entering our campus and wear identification. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office as well as each classroom. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Types of Services Funded (Fiscal Year 2016-2017)

Our Special Education Staff not only assist special education students, but also general education students who need additional support to meet the standards. Specially trained teams of teachers help our English Learners access the core curriculum. Gifted and Talented students participate in our Honors program. Tutoring or homework help is provided school-wide and is available before school, during lunchtime and after school. Our Technology Department offers a unique Yearbook and TJJTV (Broadcast Journalism) Program for students. These programs provide opportunities for students to exercise creativity and enhance technological skills in news casting, graphic design and layout. In addition to a robust elective program, the school offers after school programs in Theater, Computer Science, Science (Olympiad), Art, and Music. Our award-winning marching band competes in high school competitions, and our programs have been aligned with Franklin High School.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our school has a weekly late start schedule so departments and teams can meet and coordinate curriculum and instruction. Teachers meet to review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Teachers take part in professional development programs to increase students' conceptual understanding of mathematics, science, reading and writing. Our teachers are dedicated to providing the enhanced strategies available through the new common core standards adopted by the state. Additionally, special education teachers and EL teachers have myriad opportunities to learn how to best support students with special learning needs. Para educators, school secretaries, office clerks, security and custodians take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
