School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Laguna Creek High School

Address: 9050 Vicino Drive, Elk Grove CA, 95758

Principal: Doug Craig

Phone: (916) 683-1339

Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Laguna Creek High School, Making Great Things Possible!

As we enter 2017, the mission of Laguna Creek High School is to develop inquiring, knowledgeable, and caring young people who attain academic excellence. Our students strive for responsible citizenship and help create a more peaceful world through life-long learning, productive employment, and intercultural understanding and respect in a global society. Accomplishing this mission supports our district's mission to provide a learning community that challenges ALL students to realize their greatest potential. We are currently in a candidate phase with Harriet Eddy Middle School to become authorized to teach the IB Middle Years Programme for grades 7-10 and look to be authorized sometime in 2017-18.

Laguna Creek High School provides students with many excellent academic and extra-curricular opportunities which empower students to succeed. We have designed our academic program to support achievement through:

- Personalized instruction via extended learning periods and three career academies;
- High academic standards, which include model enrollment requirements in a second year of world language, visual and performing arts, and community service;
- Academic guidance and skill enhancement through our school-wide Advocacy Program;
- Comprehensive athletic and extracurricular programs;

Laguna Creek High School is the only EGUSD high school to offer the International Baccalaureate Diploma Programme. The IB Diploma Programme provides Laguna Creek juniors and seniors with the most rigorous and relevant curriculum available to high school students.

Our academic programs support our district's bold goals:

- 100% of students will demonstrate proficiency in core academic areas
- 100% of students will be college or career ready

We expect all students to meet high academic and behavioral standards. In order to maintain a safe environment focused on learning, Laguna Creek High School has a zero tolerance policy toward weapons, violence, and drugs. LCHS has also implemented a positive behavior program (PBIS) - "Be Cardinal RED" (Respectful, Engaged, and Dedicated) - to support student learning.

Doug Craig, Principal
Laguna Creek High School

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Laguna Creek High School has 62 classrooms, 5 computer labs, a black box theatre, a weight room, a main gym, an auxiliary gym, a dance room, a multipurpose room, a library, a career center, a counseling center, and an administration building. The main campus was built in 1994. 5 portable classrooms were added in 1997 for growth with 10 more being added in 2000. The campus has two baseball fields, two softball fields, practice football and soccer fields, and a field house with athletic lockers.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

We have no projects at this time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Career Technical Education Programs (School Year 2016-2017)

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support. In weekly Advocacy for example, classes at each grade level focus on achieving the outcomes described in the EGUSD Graduate Profile. Lessons topics include: transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, post-secondary school opportunities, industry standards, and how to access resources within the school and surrounding community. LCHS is also in the process of establishing an International Baccalaureate Middle Year Program for 9-10-graders in partnership with our existing Diploma Program for 11-12th-graders. Laguna Creek High School offers the following programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs.

CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at Laguna Creek also allow students to meet graduation requirements and complete A-G requirements through courses that incorporate state-adopted academic standards. During the 2016-17 school year, Laguna Creek High School offered the following career technical education programs: Manufacturing Production Technology Academy (CPA), Sports Careers Academy (CPA), Green Energy Technology Academy (CPA), and Journalism Production. In 2017-18, Laguna Creek plans to offer a new pathway in Fashion Design. CTE programs at Laguna Creek High School offer opportunities for student leadership development, including HOSA in the Sports Careers Academy and student leadership teams in both GETA and MPTA.

In 2015-16, 40.2% of Laguna Creek High School's students completed a CTE pathway . Individual student assessment of work readiness skills in CTE programs takes place through: End-of-course exams, such as National Association of Sports Medicine Personal Trainer Certification, OSHA 10 Certification, Woodwork Career Alliance Sawblade Safety, and Red Cross First Aid and CPR.

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

We welcome parents and guardians on our campus and encourage them to stay connected to what is happening at Laguna Creek High School through using the web-based School Loop Program.

We welcome parental involvement through the following active groups: • PTSO that supports all student clubs and athletic teams • Concerned African American Parent (CAAP) • IB/World Scholars Parent Organization (IBPO) • Athletic Team Boosters • Band Boosters • School Site Council For more information, please contact our School Secretary at 683-1339.

School Safety Plan (School Year 2016-2017)

In addition to 6 Campus Supervisors, LCHS employs a School Resource Officer in a partnership with the Sacramento County Sheriff's Department. Supervisors are staggered throughout the day to ensure supervision from 7:00 a.m. to 5:30 p.m. The Safety Plan was reviewed and modified in October, 2016. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, etc., is kept in the school office. "Emergency Flipcharts" are in every classroom and non-teaching space on campus. Emergency procedures are also included in substitute packets. Security staff monitors all after-school events, such as games and dances. The district's Police Services Department works closely with our school site to provide a safe and secure environment for all students. Visitors are required to check in through the Admin office.

Types of Services Funded (Fiscal Year 2016-2017)

At our school, we have highly qualified staff to assist students with special learning needs. Our English Learners receive support in transitional classes, allowing them to access the core curriculum, and are placed in classes to learn English as needed. Gifted and Talented students participate in Honors courses, our International Baccalaureate Diploma Programme, and Advanced Placement courses. Students who need extra tutoring or homework help can receive departmental help from individual teachers or attend the volunteer staffed Tutoring Lounge. The school Library is open daily after school from 3:00 to 5:00 p.m. and the Career Center is open 3:00 to 4:30 p.m. Other special programs offered include: Manufacturing Production and Technology Academy, Business Careers Pathway, the Sports Sciences Career Academy, our Green Energy Technology Academy, and AVID. LCHS is in the authorization process of implementing an IB Middle Years Programme with Harriet Eddy MS beginning in 2017-18.

Professional Development

For 2016-2017, our school continues to have a professional development emphasis in the use of professional learning communities and culturally responsive teaching. Teachers attend weekly late start meetings in which students come to school one hour later. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school also receives LCFF funding that provides money for teacher release days where they focus on evaluating and developing curriculum. This year we added 4 collaborative MYP minimum days to work with HEMS. Teachers continue to be trained in IB methodology as we expand the number of staff trained to teach in the IB Diploma Programme and MYP Programme. Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians may take classes that relate to their work such as learning computer skills, learning to work more efficiently, and learning ergonomically correct processes.
