**Principal:** Alan Williams

**Phone:** 916-422-5604

**Grade Span:** 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Facility Conditions and Planned Improvements (School Year 2020 - 2021)

This school has 7 classrooms, a library, a counseling center and an administration building. The campus was previously occupied by Adult Education and became Las Flores in 1988. Electrical and plumbing improvements (sink and drain) were made to Room 10 in 2007. New carpet was installed in several classrooms in 2015. The custodian provides daily upkeep to the site and the district Maintenance and Operations department provides maintenance and improvements to the facility. The LEA ensures that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Las Flores received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the administrator and school site custodian to ensure that school buildings, classrooms, and grounds are maintained at levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodian works with the principal to develop a daily cleaning process and schedule. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In November of 2016, Measure M (a school facilities bond) was approved by California voters. The district has developed a Facility Master Plan to outline upgrades and modernization for school sites. Some of the projects planned for Las Flores include: Modernize classrooms features to current district standards; Major building upgrades including heating/air conditioning, roofing and alarms; Security measures including camera systems and fencing; Technology improvements.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven Percent of Students Meeting or Exceeding the State Standards

Subject	School 2018 - 2019	School 2019 - 2020	District 2018 - 2019	District 2019 - 2020	State 2018 - 2019	State 2019 - 2020
English Language Arts/Literacy (grades 3-8 and 11)	39%	N/A	56%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	14%	N/A	45%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### Career Technical Education Programs (School Year 2020 - 2021)

Career Technical Education (CTE) provides opportunities for LFHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Our teachers have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile.

LFHS students have access to Explore CTE programs such as medical assistant, EKG technician, phlebotomy technician, culinary arts, video production, and more. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. In addition to access to Explore CTE, LFHS offers a number of CTE electives that build skills applicable to any career, including business finance, computer graphics and design, family sociology, and parenting and child development. Our career studies course introduces students to multiple career options and preparation through portfolios, mock interviews, and investigations. Students may also enroll in work experience, providing both employment and credits, with the benefit of LFHS teacher guidance.

Individual student assessment of work readiness skills in Explore CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, or other means. We measure the success of the program by the certificates of completion earned based on the number of units students complete, and the college credits earned. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

### Career Technical Education Participation (School Year 2019 - 2020)

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2020 - 2021)

There are a number of ways to become involved with your child's education. Our school has an active School Site Council (SSC) that assists the principal with important governance decisions, including our site Local Control Accountability Plan (LCAP). Parents are always welcome and encouraged to become involved at our site by volunteering with student activities, attending school functions and joining the SSC. For more information about parent involvement opportunities, contact Lori Crump, school secretary, at 422-5604 or lcrump@egusd.net.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

#### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School 2017 - 2018*	School 2018 - 2019*	School 2019 - 2020**	District 2017 - 2018*	District 2018 - 2019*	District 2019 - 2020**	State 2017 - 2018*	State 2018 - 2019*	State 2019 - 2020**
<b>Suspensions</b>	0.4%	0.4%	0.0%	4.3%	5.1%	4.1%	3.5%	3.5%	2.50%
<b>Expulsions</b>	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%	0.1%	0.1%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

\*(For school years 2017-2018 and 2018-2019: data collected between July through June, each full school year respectively)

\*\* (For school year 2019-2020, only: data collected between July through February, partial school year due to the COVID-19 pandemic)

### School Safety Plan (School Year 2020 - 2021)

A safe and caring learning environment is important to the academic success of our students. Our district is committed to providing a safe, secure environment for learning. The Las Flores School Safety Plan is reviewed and updated annually, and was last updated in September 2020. All campus visitors must register in our school office. Supervision is provided during school hours and at school events. An "Emergency Handbook", outlining a plan of action for emergencies is kept in the school office and in all classrooms. Regular student safety drills (Fire; Duck, Cover, Hold; Lock Down) are conducted quarterly. Random, periodic school safety inspections are conducted by the district and County of Sacramento. The district's Safety and Security Department works closely with our school site to provide a safe, environment for all students.

## Types of Services Funded (Fiscal Year 2020 - 2021)

Las Flores High School uses independent study instructional strategies to deliver the district's curriculum. We have highly qualified staff to assist students in meeting the state and district standards. Las Flores High School utilizes a Multi-Tiered System of Support (MTSS) in concert with Positive Behavioral Interventions and Supports (PBIS) to assist students with academic, behavioral, or social emotional issues. EGUSD provides many opportunities for students to broaden their education by offering a wide variety of Career and Technical Education (CTE) courses and Las Flores students are encouraged to enroll in one or more that may interest them. Students wishing to further enhance or accelerate their education, and who meet the appropriate requirements, may attend community college through Advanced Education programs.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

## Professional Development

Las Flores and the Elk Grove Unified School District offer a variety of professional learning opportunities for teachers and support staff. Las Flores has implemented a professional development emphasis on the principles of High Quality Instruction, which include formative & summative assessment, opportunities for student talk, active student participation, and learning targets & success criteria. These principles are designed to foster and improve student achievement. Las Flores teachers regularly attend training opportunities and workshops focusing on English Language Arts and Mathematics curricular materials and their alignment with "Common Core State Standards" (CCSS). All staff members are encouraged to participate in activities that enhance their professional growth.
