School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Herman Leimbach Elementary

Address: 8101 Grandstaff Drive, Sacramento CA, 95823

Principal: Abelardo Cordova

Phone: (916) 689-2120

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Herman Leimbach Elementary
"Leimbach Lions Roar with Pride"

The mission of Herman Leimbach Elementary is to provide a professional learning community that challenges all students to realize their greatest learning potential and prepare them for college and career readiness.

Leimbach staff are committed to building a culture that focuses on academic excellence and personal growth. Our goal is to provide students with an exciting learning experience that encompasses the rigor of instruction within a safe and supportive climate. Students receive a standards-based curriculum with extra support for those with special needs. We have an academic intervention team that works with designated students who show promise of rapid improvement or need intensive support. Learning Center staff assists those who need to make gains in reaching grade level standards. We also offer an after school "Lions Club" where over 200 students receive assistance with homework and enrichment opportunities in technology, fine arts, and physical education. Our MESA/Science Club, Visual and Performing Arts Club, and Student Council provide students with additional options to match their creative and leadership potential. Teachers meet regularly to discuss and design engaging lessons, share effective instructional strategies, and discuss how to help each student achieve and succeed.

Parent support and involvement are the cornerstone to our students' success. Parents serve as classroom volunteers, serve on school and district committees, serve as chaperones at field trips, encourage regular attendance, completion of homework, and promote daily practice of essential reading and math skills.

Technology is incorporated daily to help students become proficient in using software and hardware to engage in learning. Students learn how to navigate technology to develop presentations, and produce informational segments for the school community.

Our staff is committed to continuous improvement and collaborating with teams and families to deliver high quality instruction within learning environments that are physically, intellectually, and emotionally safe.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Our school has 33 classrooms, a library, a computer lab, and an administration building. The main campus was built in 1988. A new classroom building was completed in 2006. In 2010 an all-weather track was installed. Additional perimeter fencing as well as a gate in front of the multipurpose room was added in 2013.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no planned facilities projects for the 2015-16 school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-2015	2015-2016	2014-2015	2015-2016	2014-2015	2015-2016
English Language Arts/Literacy (grades 3-8 and 11)	23%	26%	49%	52%	44%	48%
Mathematics (grades 3-8 and 11)	18%	19%	41%	42%	34%	36%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

Parent engagement is critical to the success of each child. We encourage active participation. Beyond the essential Back to School Night, Parent/Teacher Conferences and Open House, families can connect by volunteering in class, attending assemblies recognizing student achievement and other school events. Mr. Larry Norwood, Parent Liaison, is available to connect with parents and provide parents with additional support and information. Mr. Norwood can be reached at the school at 916-689-2120.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Your child's safety is the first priority at Herman Leimbach. Yard Supervisors meet monthly with the Vice Principal and Academic Program Coordinator to discuss procedures and how to deal with incidents. Our School Safety Plan was reviewed and updated with our stakeholders in January 2017. Evacuation maps and emergency procedure flip charts outline a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills. They are kept near the door of every room and procedures are practiced during our monthly safety drills. The school is surrounded by fencing and visitors are asked to check in and enter the premises through the office. Adult supervision is provided before and after school. In addition, the district's Police Services Department works closely with our school administrators to provide a safe, secure environment for all students.

Types of Services Funded (Fiscal Year 2016-2017)

Our Learning Center assists special education students and general education students who need additional support to meet grade level standards. English Language Development instruction assists English Learners in accessing the core curriculum. Academic intervention staff meets the needs of students who are at risk of retention through reading and math push-in or pull out support. Students who would like enrichment opportunities or homework help are encouraged to attend our after school Leimbach Lions Club. Students may also take advantage of our after-school enrichment programs such as MESA and Visual and Performing Arts. This year we will be recognizing students with outstanding performance at our 5th Annual National Elementary Honor Society Induction Ceremony. Other programs such as student leadership and sports teams are available to match student interest.

Professional Development

Our professional development initiatives include: Instructional Rounds collegial walks and focused work; daily implementation of differentiated instruction; developing Professional Learning Communities, goal setting and data analysis; and effective use of technology (SMARTBOARDS, Chromebooks, etc.) Our collaborative work centers on closing the Achievement Gap. Teachers meet weekly during PLC Wednesdays (Early Out) and through grade level meetings and focus student work and analyze students' strengths and weaknesses. Teachers utilize SMART Goals to measure progress. Teachers also participate in site-based math professional development aimed at increasing students' conceptual understanding. Additionally, special education teachers are provided with professional learning opportunities to meet the needs of our students with disabilities. New teachers are supported by the district's beginning teacher program. They meet weekly with an experienced mentor to discuss successes, challenges and new ideas in the classroom.
