**Principal:** Omar Field-Ridley

**Phone:** (916) 422-5524

**Grade Span:** K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2017-2018)

The Charles Mack community has added layers to its student centered approach to education. Through increasingly equitable practices, continued comprehensive instruction, and even stronger partnerships with Charles Mack families, our staff has furthered its resolve to be the impetus behind increased learning in every classroom in every subject every day.

A primary component to this work is found in the burgeoning school-wide commitment to implementing a strong intervention model. As a result, we are seeing our students grow and become avid readers and focused learners. Teacher work on establishing a foundation of replicable instructional practices from grade level to grade level has increased the positive impact of our teacher teams on student growth.

Parent participation at Charles Mack continues to grow as our parent university program has fast become a centerpiece of our collective efforts to build strong partnerships with our families. Our Family Teacher Organization (FTO), English Learner Action Committee (ELAC) and School Site Council (SSC) continue to drive this work and serve as the energy behind the collective commitments we have made as a school community to ensuring that our teachers are supported and that Mack students are engaged and successful learners.

Our Mustang Academy takes over after school and provides Mack students with access to a menu of activities that include competitive football, basketball, soccer, volleyball, track, and cheer teams. This year, we will be adding golf. Academically, students are provided daily opportunities for homework completion, academic growth through our iReady program, and enrichment. Our choir and strings program are the remaining components that exemplify our efforts to educate the whole child.

It is through this lens and on these actions that we will collectively continue to pursue our vision and build a culture of education that is supported by a foundation of equitable practices, and where all students promote from Charles Mack with the essential academic, social, and emotional tools to access future college and career goals.

"From Mack, to Jackman, to Valley, to College"

Sincerely,  
Omar Field-Ridley, Principal  
Charles Mack Elementary

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## School Facility Conditions and Planned Improvements (School Year 2017-2018)

Charles Mack Elementary's main campus was originally built in 1965. Our school currently has 35 classrooms, a multipurpose room, a library, a computer lab and an administration building. Additions were constructed in 1968 and 1972. The current multipurpose room was built in 1990 and in 2000; additional permanent classrooms were added to accommodate the growing community. In 2014 a new walkway, new fencing, increased drainage and new sod helped the school's beautification process and a remodel for the parking lot has been completed. Our facilities are maintained by our District's Grounds and Maintenance departments as well as our site custodial team.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

## School Facility Good Repair Status (School Year 2017-2018)

The district's Maintenance and Grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the administrators to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

Thanks to the district's governing board, the Facilities and Planning department, and the support of the Charles Mack community, the re-design of the parking lot at Charles Mack has been completed. This project, in combination with landscaping and painting that have also been completed, enhances an already vibrant school and is a precursor to future projects that will soon make positive impacts to the school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2016-2017)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

# State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2017-2018)

In addition to our parent organizations, we support Back to School Night, Back to School Picnic, Bring Your Parent to School Days, Harvest Festival, numerous literacy nights, Open House, and Computer Literacy classes. Our daily Coffee Talk in the morning and Water Cooler talk in the fall and spring afternoons, provides a relaxed forum for parents and school personnel to talk about new and fresh ideas for the school and to share information. For more information, please contact our school secretary Shandra King at 422-5524.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2017-2018)

Staff and parents reviewed and adjusted the Comprehensive School Safety Plan in January 2018 to include documentation of new safety precautions, modifications to our Positive Behavior Intervention Support model, and new suspension data. From 7:30 when breakfast starts to 5:40 when our after school program ends, students are safe from harm and well supervised. Access to the school is controlled through locked gates at entry points around the school, and visitors are required to sign in at the office upon arrival throughout the day. Our Emergency Response Procedures are available in every classroom, and students have numerous opportunities to practice them through various preparatory and practice drills throughout the year.

### Types of Services Funded (Fiscal Year 2017-2018)

Mack provides numerous programs and supports for students. The implementation of our schoolwide workshop intervention model provides daily small group instruction for every student based on specifically identified needs. Additional support from highly qualified AITs (Academic Intervention Teachers), dedicated paraeducators, strong ELD and CCSS coaches, and committed special education teachers also provide students with solid specialized instruction. To address social and emotional needs, all Mack teachers have integrated 2nd Step social curriculum into daily instructional routines and our psychological, counseling, and mental health services are available to address diagnosed needs. Further support comes from our Bilingual Teacher Associate who provides primary language assistance, translations and academic support. The Mustang Academy provides athletic and academic enrichment, including GATE (Gifted and Talented Education), as pillars of our after school program.

## Professional Development

All Charles Mack teachers have been trained to use Guided Language Acquisition and Design (GLAD), Guided Reading, and close reading, strategies to help Mack students develop skills and access information across contents. This year our teachers will be engaging in training to align writing practices across grade levels. In addition, our primary grade teachers are in their 4th year of On Grade Level Reading professional development to support their work on teaching foundational reading skills, and the Charles Mack administration, teachers, and various staff teams have engaged in supplemental Parent Teacher Home Visit Training and equity training that supports further development of a streamlined, cohesive and collaborative approach to improving student outputs.
