**School Accountability Report Card**  
**Reported Using Data from the 2015-2016 School Year**  
*Published During 2016-2017*

**For: James McKee Elementary**

**Address:** 8701 Halverson Drive, Elk Grove CA, 95624

**Principal:** Steven Looper

**Phone:** (916) 686-3715

**Grade Span:** K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-2017)

James McKee Elementary  
"Learning Never Ends at James McKee!"

James McKee Elementary provides a unique and wonderful educational experience for children--from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners. Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential.

The success of our school in implementing our district's mission can be evidenced through James McKee Elementary's special strengths, including:

- Accelerated class opportunities in grades 3-6;
- Active extra-curricular opportunities including Musical Theater, Student Council, and enrichment classes;
- After school sports such as flag football, basketball, volleyball, and track;
- Assemblies provided by our PTO to enrich the core curriculum and arts.>
- 2015 Flag Football League Champions (9-0 season).

Parent support and involvement continue to be important aspects for the success of James McKee Elementary. Some parents help plan the programs and policies, while others serve as classroom and library volunteers, plan family activities, or assist as chaperones on field trips. Parents also support student success by providing space, time and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important to the family.

James McKee has a very active PTO that serves as a central support element of our school including providing major funding for our library. We are fortunate to have wonderful community support for our school and children.

The safety of our students is this school's first and highest priority; therefore, the discipline policy is strictly enforced. Safety drills are practiced on a regular basis at James McKee. Please feel free to visit our campus or website at <http://blogs.egusd.net/jamesmckee> in order to better understand our programs and the opportunities available to volunteer or support your child academically.

Steven Looper, Principal  
James McKee Elementary

## School Facility Conditions and Planned Improvements (School Year 2016-2017)

Our school has 37 classrooms, a large and small multipurpose room, a library, computer classroom, and office building. The main campus was opened from 1964 to 1967. In 1999 and 2007, the campus was modernized with renovations updating classrooms, the computer lab, the office, and our library. A perimeter fence and running track were added in 2012. A major project to improve the school's drainage was undertaken in 2013. The school also received a renovation of hard courts, sidewalks, and other grounds' improvements during the summer of 2016.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

## School Facility Good Repair Status (School Year 2016-2017)

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Date of facilities inspection: 1/15/2016

## Overall Facility (School Year 2016-2017)

	<b>Exemplary</b>	<b>Good</b>	<b>Fair</b>	<b>Poor</b>
Overall Rating	<b>x</b>			

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at levels that provide a safe and functional environment for all students. The district uses a facility survey instrument developed by the State of California's Office of Public School Construction and performed by district staff. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, the highest rating possible, for the 2014-2015 survey. The district identified our hardcourts as an area for improvement which was undertaken in 2016. Emergency repairs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school and district offices.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no major deferred maintenance projects approved for our school at this time. It is anticipated, however, that modernization, technology, and security upgrades will occur on our campus in the near future with the passage of our local school bond as soon as the funds become available.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-2017)

Parents are a child's first and most important teacher and parent support is essential to your child's success. As such, our school strongly encourages parents to be involved in their child's education. Our school has an active PTO that raises money to support school activities through fundraisers such as the annual school Jog-A-Thon. Back to School Night, Open House, and parent conferences are a great opportunity for parents to stay involved in their child's education. Parents can also become involved by volunteering in the classroom or by joining the PTO or the School Site Council. Check our school website for our Parent University that provides videos and topics you can use to support your child's learning at home. To learn more about how to volunteer, please visit our website, review the information in the Student Handbook, or contact Steven Looper at 686-3715.

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2016-2017)

Your child's safety is very important at James McKee. We believe that nothing should get in the way of the academic achievement of our students; therefore, our district is committed to providing a safe, secure environment for learning. Our School Safety Plan is updated and reviewed by staff each year, and was last updated in January 2017. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills is kept in the school office. School safety drills are conducted by the school site and periodic inspections are made by the Fire Marshal and the County of Sacramento. Visitors are required to check in and enter the premises through the office, and adult supervision is provided before and after school. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

### Types of Services Funded (Fiscal Year 2016-2017)

At James McKee Elementary School, we have highly qualified staff to assist students with special learning needs. Our Learning Center team works with our intervention team to support students on an Individualized Education Program (IEP) and other students needing support to meet grade-level standards. Strong collaboration between the general education staff and the Learning Center staff ensures that all students have an opportunity to be successful in school. Our intervention team also includes a Bilingual Teaching Associate who works with English Learners (EL) in small groups to access the core curriculum. In addition, EL students participate in a classroom program for English Language development called Avenues. Gifted and Talented Education (GATE) and high achieving students have the opportunity to participate in self-contained accelerated classes in grades 3-6. As funding or volunteers are available, students needing extra support in reading can also participate in after-school programs.

## Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. For the past several years, our school has focused on implementation of Common Core State Standards (CCSS). Teachers meet several times during the year to review student test data to determine all students' strengths and weaknesses. This information is used to plan subsequent instruction to meet students' needs. Our teachers also take part in district professional development in CCSS, reading, math, technology, and science that is intended to increase students' conceptual understanding of these subjects. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. New teachers, who have been teaching fewer than two years, are supported by the district's Beginning Teacher Support Program (BTSA). New teachers meet weekly with an experienced mentor at their grade level to discuss new ideas, successes and challenges, and successful instructional strategies. Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
