**Principal:** Tracey Panuschka

**Phone:** (916) 509-8877

**Grade Span:** K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-2017)

Marion Mix Elementary will Empower Our School Community to: Know Their Impact, Embrace Continuous Growth, and Prepare for the 21st Century.

As the newest school in EGUSD, the entire staff of Marion Mix Elementary is dedicated to accomplish the school vision by:

\*Helping students, families and staff develop a clear understanding of their individual and collective IMPACT by explicitly teaching and practicing high levels of reflective thinking.

\*Working collaboratively to identify challenges, develop solutions, and refine practices to better meet the needs of ALL students.

\*Providing high-quality first instruction which incorporates ongoing assessment of student learning that is frequent, accurate, specific and timely to move students towards academic proficiency and beyond.

\*Promoting 21st Century thinking, learning, collaboration, and problem solving by making all learning relevant and aligned to College, Career, and Citizenship readiness.

The community we serve is a richly diverse blend of ethnic and cultural backgrounds. During the school day, our Learning Center offers programs that address the educational plans of students with special needs. Students attend STEM class to support our school-wide focus on Science, Technology, Engineering, and Mathematics. To promote rigor for high achieving and identified GATE students we provide MESA Club, differentiated instruction, and enrichment activities through daily instruction and during WIN (What I Need) time.

Partnering with our Parent Teacher Organization, we provide many opportunities throughout the year for our community to gather in support of our students and our community in order to build relationships. Such events include: Back to School Nights, Growth Mindset Classes, Family STEMs Nights, and Open House. We are proud to be part of a community who supports our goals by supporting our school and collaborating with us to provide opportunities for students to grow in all aspects of their development: social, emotional, and academic. This will be our continued commitment at Marion Mix Elementary School.

Tracey Panuschka, Principal Marion Mix Elementary

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

## School Facility Conditions and Planned Improvements (School Year 2016-2017)

Marion Mix has a main building containing 27 classrooms, library, computer lab, and an administrative office. Additionally, there is a Kindergarten building that has three classrooms and a Multipurpose Room. The main campus was completed in the Spring of 2015 and opened its doors to students on August 13, 2015.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

## School Facility Good Repair Status (School Year 2016-2017)

Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

Date of facilities inspection: 12/2/2016

	<b>Exemplary</b>	<b>Good</b>	<b>Fair</b>	<b>Poor</b>
Overall Rating	<b>x</b>			

The district ensures that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. Each month, the lead custodian, in collaboration with the site administrator, conducts a thorough inspection of the school grounds utilizing this survey instrument. On a daily basis the custodial team provides supervision and maintenance from 6:30 am - 10:00 pm. During these hours the school facilities are thoroughly cleaned, the classrooms are inspected, the playground is maintained and the restrooms are checked hourly. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office or the district Facilities Department. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

There are no corrective actions necessary at this time.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State

<b>Mathematics (grades 3-8 and 11)</b>	NA	29%	NA	42%	NA	36%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

## State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-2017)

Parent support and involvement are critical to our success at Mix. Parents and community members volunteer in the classrooms, participate on one of the several PTO committees or chaperone field trips in order to be more involved on campus. Our active and committed PTO collaborates with our community to decide how best to invest the funds they raise to reflect community priorities. Vice Principal Matt Niblock is our school's contact person and can be reached at [mniblock@egusd.net](mailto:mniblock@egusd.net) for more information or consider contact our outstanding PTO.

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan (School Year 2016-2017)

We believe that nothing should get in the way of the academic achievement of our students. Our district is committed to providing a safe, secure environment for learning. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. A review of our school safety plan was conducted by all staff in August of 2016. Day to day safety at Mix includes a mandatory visitor sign-in for all visitors and all adults on campus wearing badges. Following the opening of the school day at 8:30, all gates are kept locked to limit accessibility and visitors must enter through the office. Before school and at dismissal, numerous staff help supervise students to ensure safety on campus and at all crosswalks.

### Types of Services Funded (Fiscal Year 2016-2017)

At our school, we have highly qualified staff to assist students with special learning needs. Our Learning Center provides services for special education students. All English Language Learners participate in direct English instruction through our WIN time. The needs of Gifted and Talented students are met within the classroom by providing enrichment experiences and/or during WIN time. Our Mathematics Engineering Science Achievement (MESA) program meets after school to encourage students to learn more about engineering and robotics. As a STEM focused school students engage in monthly Maker Kit engineering challenges and compete school wide.

## Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, para-educators, and non-instructional support staff. Currently, our school is focusing on learning how to best implement and assess new Common Core academic standards through Visible Learning instructional practices. Students are provided explicit Learning Intentions, Success Criteria, and opportunities to reflect on their individual learning challenges in an effort to help for all learners to be their own “teachers” in life. The Staff is also being trained on the Next Generation Science Standards (NGSS) which will be fully implemented next year to best support our STEM program. New teachers who have been teaching fewer than two years are supported by the district's Beginning Teacher Program. They meet weekly with an experienced mentor to discuss their successes, challenges, and work on specific strategies to meet the needs of all students in their classrooms.
