**School Accountability Report Card**  
**Reported Using Data from the 2019 - 2020 School Year**  
*Published During 2020 - 2021*

**For: Monterey Trail High School**

**Address:** 8661 Power Inn Rd, Elk Grove, CA 95624

**Principal:** Lara Ricks

**Phone:** 916-688-0050

**Grade Span:** 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020 - 2021)

Our mission at Monterey Trail High School is to create a learning community that will challenge ALL students to realize their greatest potential while preparing them for their future. In order to help us accomplish this mission we developed the following Expected Schoolwide Learning Results (ESLRs):

#### Academic Proficiency

Students will:

- Meet or exceed district and California State Standards in all curricular areas.
- Demonstrate proficiency on school, district, and state standardized assessments.

#### Critical Thinking and Problem Solving

Students will:

- Apply a variety of strategies to solve academic challenges and prepare for real-world experiences.
- Analyze, interpret, and evaluate information in order to draw logical conclusions.

#### College and Career Readiness

Students will:

- Plan and prepare for life beyond high school and acquire skills for success.
- Develop knowledge and abilities that can be applied in real-world settings.

#### Responsible Citizenship

Students will:

- Demonstrate the Positive Learning Behaviors (PLB's).
- Contribute time, energy, and talent to improve our school and community.
- Respectfully celebrate the diverse cultures of our school community.

#### Effective Communication

Students will:

- Express academic and creative concepts in a variety of formats.
- Work effectively in groups using a variety of communication strategies.

**WE ARE MT. A COMMUNITY with RESPECT, INTEGRITY and CONFIDENCE.**

### School Facility Conditions and Planned Improvements (School Year 2020 - 2021)

Monterey Trail High School opened in August 2004 with 14 buildings (pods). Each pod had a central work area in the center. The school currently has 71 classrooms and a shared library with the middle school. In addition, there are 7 computer labs, a digital media studio, a community room, a choir room, a band room, a dance studio, a black box theatre, a ceramics studio, an auxiliary gym, a wrestling room, a photo room, an art room, a weight room, an animation studio, a college & career center, a work room, a staff lounge and student services and administration buildings. Eight portable classrooms were added in 2006, four were added in 2007, and three additional portables were added in the summer of 2018. The site has a Chrome Cart in every classroom, which supports a one-to-one environment for technology utilizing Chrome Books.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and operations departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with administration to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

We are growing our Digital Media Pathway. To get this Pathway off the ground the district, through grant funding, invested in equipment & infrastructure for a TV studio. The students in the pathway are able to take advantage of state of the art equipment to support a news broadcast each day that is of professional quality. "Trailivision" is off to a great start. In addition, we completed construction of a state of the art animation studio on campus. We are beginning ASL classes.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven Percent of Students Meeting or Exceeding the State Standards

Subject	School 2018 - 2019	School 2019 - 2020	District 2018 - 2019	District 2019 - 2020	State 2018 - 2019	State 2019 - 2020
English Language Arts/Literacy (grades 3-8 and 11)	61%	N/A	56%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	34%	N/A	45%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Career Technical Education Programs (School Year 2020 - 2021)

Career Technical Education (CTE) provides opportunities for MTHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. MTHS is proud of its College and Career Center. All students complete an annual college and career unit, designed to stimulate interest in a variety of careers. Our college and career program provides information on colleges and universities offering majors students want and need and identifies related MTHS courses. Scholarship and financial aid opportunities and SAT/ACT information are all available in the Center.

MTHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at MTHS also allow students to meet graduation and A-G requirements. In 2019-20, MTHS offered one CPA, the Design and Technology Academy (CPA) with three different career strands including engineering, computer science and architectural design. MTHS HQCPs include Animation, Digital Media/Broadcasting, and Sports, Entertainment, and Music Marketing. We are adding Medical Assistant in 2021-2022. Students have access to Explore CTE programs through our counselors.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, and other means. CTE programs are evaluated through multiple measures, including the number of students completing a CTE pathway, graduation and A-G completion rates, GPA, and attendance. CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

## Career Technical Education Participation (School Year 2019 - 2020)

Measure	CTE Program Participation
Number of pupils participating in CTE	1286
Percent of Pupils that Complete a CTE Program and Earn a High School Diploma	80.70%

2019 - 2020 Pupils Enrolled in Courses Required for UC/CSU Admission	95.86%
2018 - 2019 Graduates Who Completed All Courses Required for UC/CSU Admission	60.45%

## State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education.

### California Physical Fitness Test Results (School Year 2019 - 2020)

Grade Level	Percent of Students Meeting Four of Six Fitness Standards	Percent of Students Meeting Five of Six Fitness Standards	Percent of Students Meeting Six of Six Fitness Standards

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2020 - 2021)

Parents/Guardians can volunteer with clubs & ASB activities, attend events, join Band & Athletic boosters or sign up for the School Site Council, DELAC, ELAC & Governance committees. Families may join the MT Regional Equity Coalition & activities.

Of course, the best way to be involved is to support your child on their academic achievement. All parents should register for ParentVue, our electronic communication tool. For any inquiries, please feel free to contact our Parent Involvement Coordinator, Larrah Feliciano at (916)688-0050.

### State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

#### Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School 2016 - 2017	School 2017 - 2018	School 2018 - 2019	District 2016 - 2017	District 2017 - 2018	District 2018 - 2019	State 2016 - 2017	State 2017 - 2018	State 2018 - 2019

Graduation Rate	95.6%	96%	94.4%	90.7%	90.5%	89.3%	82.7%	83%	84.5%

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

Rate	School 2017 - 2018*	School 2018 - 2019*	School 2019 - 2020**	District 2017 - 2018*	District 2018 - 2019*	District 2019 - 2020**	State 2017 - 2018*	State 2018 - 2019*	State 2019 - 2020**
<b>Suspensions</b>	4.2%	4.6%	3.8%	4.3%	5.1%	4.1%	3.5%	3.5%	2.50%
<b>Expulsions</b>	0.0%	0.1%	0.0%	0.0%	0.0%	0.0%	0.1%	0.1%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

\*(For school years 2017-2018 and 2018-2019: data collected between July through June, each full school year respectively)

\*\* (For school year 2019-2020, only: data collected between July through February, partial school year due to the COVID-19 pandemic)

### School Safety Plan (School Year 2020 - 2021)

Student safety is of primary importance to us at Monterey Trail High School. We are committed to providing a safe and secure environment for student learning. All student events are supervised by campus security, administration, staff and/or law enforcement in order to ensure a safe environment. Our staff reviewed and updated the Comprehensive Safe School Plan in March 2020, and the plan is published on our school website. Included in the plan are monitoring practices that not only address student safety during school hours, but before and after school as well. We conduct multiple drills early in each school year so that staff and students understand procedures in case of an emergency. Catapult is available on our website under "incident reporting" as an anonymous reporting tool. For safety, "If you see something, say something."

## D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

## Types of Services Funded (Fiscal Year 2020 - 2021)

Monterey Trail High School employs a highly qualified staff to assist students with special learning needs. Our "Strategies" department provides support for special education students. Additionally, we offer extended learning opportunities in Math and English for general education students who need additional support to meet the standards. Specially trained instructors help our English Learners access the core curriculum, and assist students placed in classes to learn English as needed. All students have an opportunity to participate in multiple Honors and Advanced Placement (AP) courses. We offer two different four-year programs designed to prepare students for college and careers, the AVID Program (Advancement Via Individual Determination) and the Design and Technology Academy (DATA). Lastly, we have an After School Program that operates every day until 5:30. All Mustangs that attend can receive tutoring in all core subjects, enrichment, intra-mural sports and a snack.

\* Where there are student course enrollments.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

## Professional Development

Our school and district offer a variety of professional learning opportunities for teachers and non-instructional support staff. Our school has a weekly late start Thursday schedule (during Distance Learning this occurs on Monday afternoons) in order for teachers to meet in Professional Learning Communities. Teachers use this time to meet in teams to calibrate curriculum, create common assessments, improve instructional practice, and review student work as it relates to the Common Core State Standards and Curriculum Frameworks. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program (BTSA). They meet weekly with an experienced mentor to discuss their successes and work through their challenges.
