School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: John Reith Elementary

Address: 8401 Valley Lark Drive, Sacramento CA, 95823

Principal: Louise Roachford-Gould

Phone: (916) 399-0110

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

John Reith Jaguars are a close-knit community of learners and doers! Each morning, you will find all Jaguars congregating on the black top, enjoying background music, with positive, high-energy emanating throughout, as staff members greet families. We then come together for our Morning Stretch and Daily Announcements. This is how we start each day, and it is an honor and a privilege to serve as your principal again this year at this magnificent school! At John Reith Elementary, we strive for academic excellence and social competence through the continual education of our staff, students, parents, and community. We provide a unique and wonderful educational experience for children, starting with the safety of the campus, continuing with the warmth of our learning environment, and culminating in the rigor and breadth of the instructional programs offered to our student body. All aspects of the school contribute to providing students with the skills they need to be successful learners, and contributing members of society. Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. At John Reith, we strive to implement our district's mission by treating each child and family as individuals. We understand that through nurturing the whole child, we can achieve greater academic and social progress for our students. We are proud of our after school program, "Jaguar Club", where students continue their academic day with enrichment activities and homework help. We also offer after school tutoring opportunities, band and drama instruction, Roller Coaster Physics, Intersessions, and Summer School so that students who need extra help, or those who would benefit from extending their learning can do so. Our success in implementing our district's mission can be evidenced through our school's Vision. Parent support and involvement continue to be important aspects of the success of John Reith Elementary. This support is given, recognized, and appreciated in a variety of ways. Some parents help plan programs and policies; others serve in classrooms and plan family activities. Families are encouraged to join us for our themed spirit days, Lunch on the Quad, College and Career Day, or after school events: Harvest Festival, Family Writing/Curriculum Nights, Curriculum Night, or Holiday Extravaganza. We are truly blessed to work with such amazing children and families!

It's a great day to be a John Reith Jaguar!

School Facility Conditions and Planned Improvements (School Year 2016-2017)

John Reith Elementary School is located in a suburban neighborhood in South Sacramento. The majority of our students walk to school, a few ride in private vehicles, and a handful are bussed to attend our SDC ED class. This school has 24 classrooms, a multipurpose room, a library, computer lab, and an administration building. The main campus was built in 1989. Two portable classrooms serve our Head Start and Title I Preschool classrooms. Our kindergarten wing has a separate playground from the main playground, and it serves our preschool and kindergarten students. Our main playground serves students in grades 1-6. We share a playing field with the City of Sacramento. Our multipurpose Room is equipped with a kitchen for serving school meals, and a stage that is used for performances and presentations. Every classroom is equipped with an interactive SmartBoard, an Elmo, and white boards. We have a fully-operational computer lab, as well as 8 mobile Chromebook carts and two HP laptop mobile carts.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

with the recent passage of Measure M in November, 2016's election, our school will receive upgrades in flooring, security components, and technology.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

There are a number of ways to become involved with your child's education. We invite parents to join our Parent Teacher Organization, which meets monthly. School Site Council assists with budget decisions. ELAC meets to discuss and plan support for our English Learner. We have Back to School Night, Open House, and curriculum nights, Harvest Festival, Holiday Extravaganza, spring talent show as well, mu. Parents are always welcome to volunteer. Parents can attend teacher conferences. Contact Debie Woodward, at 916-399-0110 for more information.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

We are committed to providing a safe and secure environment for learning. Our staff reviewed and updated our School Safety Plan in December, 2016. The school is monitored and supervised by assigned staff members before and afterschool, and during lunch and recess. Outside gates are secured and locked, providing a safer environment for students and staff. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Yearly school safety inspections are conducted by the County of Sacramento. The district's Police Services work closely with our school site to provide a safe, secure environment for all students. Discipline and anti-bullying programs, such as PBIS and Bucketfillers have been implemented, and safety rules are strictly enforced.

Types of Services Funded (Fiscal Year 2016-2017)

We have a highly qualified staff to assist students with special learning needs. Our Learning Center services special education students and other students who need additional support to meet standards. We have a class for 5th and 6th grade Emotionally Disturbed students, and a Language/Speech Pathologist. Our School Psychologist is assigned to our site four days/week and our Mental Health professional comes to our site twice weekly to provide individual and group counseling. Additionally, we have a part time Elementary School Counselor on staff. Our Bilingual Teaching Associates help our English Learners access the core curriculum. Gifted and Talented students participate in accelerated instruction and an after school extended day program in music and band instruction. Our Jaguar Club ASES after school program provides homework assistance, literacy instruction, and enrichment activities.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers and staff. All staff are participating in Professional Learning Community (PLC) training so that we can continue to provide the best learning opportunities for our student. All K-3 teachers have participated in the On Grade Level Reading training for the past several years. Teachers use common planning time to meet and to review student work, to determine students' strengths and weaknesses, and to plan subsequent instruction to meet students' needs. We also have a CCSS Instructional Coach and EL Coach assigned to work with teachers at our site. Our teachers also take part in a district math professional development program for teachers of grades K-8, intended to increase students' conceptual understanding of mathematics as we transition to align with Common Core State Standards. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians take classes that relate to their work, such as learning new computer skills and learning to work more efficiently, and in ergonomically correct ways.
