**Grade Span:** 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Facility Conditions and Planned Improvements (School Year 2020 - 2021)

Sheldon High School opened in 1997. Facilities include a Building Trades program, 725 seat Performing Arts Center theatre, seven computer labs, art, ceramics, photo and animations classrooms. Our Bio-Tech focus includes college level lab equipment. We have recently upgraded our stadium throughout the school using Measure M funding We have 110 teachers and counselors with a focus on college preparation as well as strong Career Technical Education pathways: Business, Building Trades, Bio-Technology, Engineering, Visual and Performing Arts including Animation.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

The site's head custodian addresses minor repairs while the district maintenance and operations staff works to ensure major repairs are addressed in a timely manner. Deep cleaning takes place during the summer months to make certain the school is ready for the new school year. We are glad to report no major repairs are currently underway, nor has there been a need for major repairs this school year. We are excited about the Measure M funds providing much need improvements.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven Percent of Students Meeting or Exceeding the State Standards

Subject	School 2018 - 2019	School 2019 - 2020	District 2018 - 2019	District 2019 - 2020	State 2018 - 2019	State 2019 - 2020
English Language Arts/Literacy (grades 3-8 and 11)	67%	N/A	56%	N/A	50%	N/A
Mathematics (grades 3-8 and 11)	35%	N/A	45%	N/A	39%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## Career Technical Education Programs (School Year 2020 - 2021)

Career Technical Education (CTE) provides opportunities for SHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance and career counselors offer support focused on achieving the outcomes described in the EGUSD Graduate Profile.

SHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at SHS also allow students to meet graduation and A-G requirements through courses that incorporate state-adopted academic standards. In 2018-19, SHS offered the following CTE programs: Agriculture/FFA (HQCP), Animation (HQCP/Explore), Biotech Academy (CPA), Engineering and Building Trades Academy (HQCP), EQUITAS (Govt), Graphic Arts (HQCP), Software and Systems Development (HQCP), the VAPA Academy, and the Entrepreneurship Pathway (HQCP). Our Bio-Tech program has received a California Department of Education grant to support internships and mentoring within the Bio-Tech professional community. The California Department of Education named Sheldon High School Visual and Performing Arts department as a MODEL DEMONSTRATION SITE! SHS was the first comprehensive high school to receive this distinction.

Individual student assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, industry certifications, and other means. Our CTE programs are evaluated through multiple measures, including the number of students completing a CTE pathway, graduation rates, A-G completion rates, GPA, and attendance. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation.

#### Opportunities for Parental Involvement (School Year 2020 - 2021)

Our school has an active SPAC (Sheldon Parents Advisory Council). Our SPAC provides many ways for the community to truly support their students and teachers. Parents can become involved in our school by volunteering with student activities, attending school functions and joining the SPAC. Read about them on our Website: [www.sheldonhuskies.com](http://www.sheldonhuskies.com). For more information on parent involvement opportunities, you may contact Vanessa Ibarra at 681-7500 or [sheldonvolunteer@gmail.com](mailto:sheldonvolunteer@gmail.com)

### School Safety Plan (School Year 2020 - 2021)

Academic achievement of our students, and the safety of our students are paramount. Our district is committed to providing a safe, secure environment for learning. Our staff reviews our School Safety Plan yearly, and it is being reviewed March 2021. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento and our school site. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. Our School Resource Officer and the security staff also monitor all after school events, such as games and dances. All visitors are required to check into the front office.
