School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: Sierra Enterprise Elementary

Address: 9115 Fruitridge Road, Sacramento CA, 95826

Principal: Patricia Hecht

Phone: (916) 381-2767

Grade Span: K-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

Sierra Enterprise Elementary
We Rise Up

Sierra Enterprise Elementary strives toward creating an environment that ensures each child the ability to meet their fullest potential. Our teachers support student instruction with engaging activities, small group and large group teaching, as well as, the differentiation of instruction. We use data to drive instruction goals.

Our goal is to create students that are life-long learners, successful leaders, and citizens in our community. Our students have access to after school tutoring, STORM (after school program), Big Brothers/Sisters, and school wide staff mentoring to assist them in being successful during the school day. All staff teach character development strategies, and a school wide discipline program provides our students the expectations and guidance needed to be successful at school.

Our school site has a pre-K autism program and various other special education classes. We are working on creating a campus that supports all learners in an environment that is warm, welcoming, and accepting of everyone.

Parent involvement continues to be an important aspect of the success at Sierra Enterprise Elementary School. Parents support student success by sending a clear message that education and regular school attendance are important to the family. Our School Site Council, English Learner Advisory Committee, GATE/Accelerated Parent Advisory, and PBIS/safety committee provide opportunities for family and community members to ask questions and offer solutions.

The safety of our students is our school's first priority. Our school site council creates and implements a school safety plan each year. Our discipline policy is strictly enforced. We emphasize cooperation and responsible, respectful behavior. Sierra Enterprise is a safe, comfortable and caring place where both staff and students can meet their fullest potential. We welcome both parent and community support, and all that will provide our students and staff opportunities to grow and learn as we continue to soar to success.

Patricia Hecht, Principal

School Facility Conditions and Planned Improvements (School Year 2016-2017)

Sierra Enterprise has 34 classrooms, a multipurpose room, a library, and an administration building. Sierra Enterprise also has a computer lab. The main campus was built in 1954. The kindergarten building, administration building and new multipurpose room were constructed in 1995. 6 portable classrooms were constructed in 1999 for Class Size Reduction. Three outdoor playgrounds provide students play opportunities. The school also has a very large grass area that allows students ample opportunity to play at recess.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

At this time, Sierra Enterprise doesn't have any new construction or modernization projects being implemented. Our school district continues to support our school site with all maintenance needs or projects.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-2015	2015-2016	2014-2015	2015-2016	2014-2015	2015-2016
English Language Arts/Literacy (grades 3-8 and 11)	22%	30%	49%	52%	44%	48%
Mathematics (grades 3-8 and 11)	23%	27%	41%	42%	34%	36%

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group
 Grades Three through Eight and Grade Eleven
 (School Year 2015-2016)

ELA - Grade 3

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	60	57	95.00	22.64
Male	25	24	96.00	14.29
Female	35	33	94.29	28.13
Black or African American	--	--	--	--

Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

At Sierra Enterprise Elementary School there are a number of ways to become involved with your child's education. You may volunteer in your child's classroom, attend parent conferences, family nights, Back to School Night, Open House, PBIS/safety and School Site Council. We have a parent liaison that provides parents updates and "good news" to parents. For more information on parent involvement opportunities, you may contact the principal, Patricia Hecht, at 381-2767.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

Your child's safety is important to us at Sierra Enterprise Elementary School. We believe that nothing should get in the way of the academic achievement of our students, which is why it is important that our students feel safe. Our district is committed to providing a safe, secure environment for learning. Our plan is reviewed and revised each February during our School Site Council Meetings and staff meetings. The last revision took place February 2016. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. Visitors are asked to check in and enter the premises through the office, and adult supervision is provided before and after school. Random, periodic school safety inspections are conducted by the County of Sacramento.

Types of Services Funded (Fiscal Year 2016-2017)

At our school we have highly qualified staff to assist students with special learning needs. Our Learning Center services not only special education students, but also general education students who need additional support to meet the standards. Our Academic Intervention teacher provides support to students in need of small group intervention to support their learning. Our English Learners receive support from our Bilingual Teaching Associate and direct instruction of Avenues by a trained teacher. Gifted and Talented students are provided skill specific activities and higher level thinking opportunities during their daily instruction. Our second and third graders will be learning how to play the recorder thanks to a Teichert Grant and the Sacramento Philharmonic Carnegie Link In program.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. Our teachers will be learning about Grade Level Common Assessments, Common Core Standards and Using Data to drive Intervention. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. Teachers will be provided training on our new English Language Arts/Reading Program. Staff, students, and families will be provided opportunities to learn about the cultures of the students that attend our school. New teachers who have been teaching fewer than two years are supported by the district's beginning teacher program. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
