

California Department of Education
School Accountability Report Card
Reported Using Data from the 2015-2016 School Year
Published During 2016-2017

For: T.R. Smedberg Middle School

Address: 8239 Kingsbridge Drive, Sacramento CA, 95829

Principal: Richard Wall

Phone: (916) 681-7525

Grade Span: 7-8

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-2017)

T. R. Smedberg Middle School serves 7th and 8th grade students in the Sheldon High School region of the Elk Grove Unified School District. We are the home of The Wolverines and our diverse student population receives a wide variety of learning experiences that will prepare them for success in high school and beyond. We recognize that not all students are in the same place with their academic skills. Students who demonstrate a need for additional support are enrolled in intervention classes and receive additional help in after school programs. Students who demonstrate skills above the norm have opportunities to continue to excel in honors classes in all core subject areas. With Sheldon High school next door, Smedberg students can participate in Orchestra or take a variety of World Language classes. Additionally, Smedberg provides a vibrant Vocational, Visual and Performing Arts (VVAPA) program in the classroom. Students learn vocational skills in our fully equipped Woodshop and Computer classes or explore the performing arts through our fully staffed dance, theater, band or choir programs. Our arts program includes beginning through advanced learning opportunities. Smedberg has incorporated time into the regular school schedule for clubs to meet on campus once a week. Students participate in a wide variety of clubs including "Robotics", "The Asian Association", "Ukulele Club", or over 20 other clubs that are sponsored by Smedberg teachers.

We appreciate and celebrate the wealth of diversity our students bring to our school. At Smedberg, we rise to the challenge of providing all of our students with a quality education that will equip them realize their greatest potential.

School Facility Conditions and Planned Improvements (School Year 2016-2017)

T. R. Smedberg has 42 classrooms, a fully functional, state of the art woodshop, a dance studio, a band/choir room, a multipurpose room, a main gym, an auxiliary gym, a library, and an administration building. The school opened in 1997.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

School Facility Good Repair Status (School Year 2016-2017)

Smedberg's site custodial team works with the district's maintenance and grounds departments to ensure that our school site is maintained at suitable levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school staff or district maintenance staff. The school's custodians work as a team with site administration to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine restricted maintenance at levels beyond the State required minimum and continues to use local resources to fund projects previously considered as part of the States former DMP.

In addition the District has continued to fund the Routine Restricted Maintenance (RRM) account at percentages above the State Minimum. For the 2013-2014 fiscal year the district funded RRM at \$13,829,852 or 2.86% of its General Fund Budgeted Expenditures. The district's complete deferred maintenance plan is available at the district office.

This year (Nov. 2016), Smedberg's Dance studio was updated with a new dance floor. This will provide additional safety and comfort to students in the dance program.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students (School Year 2015-2016)

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-2017)

We encourage family participation in a variety of ways. Parents learn to better support their child’s education in our GEAR UP program F.U.S.S.. Through Smedberg’s School Site Council, parents play an important role in developing our site plan, including educational programs and the school budget. To be involved, parents/guardians can contact MaryAnn Anderson, the School Secretary, at 916-681-7525 or by email at manderad@egusd.net to learn more on how they can participate. Tenemos una secretaria que habla Español y puede ayudar a traducir.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2016-2017)

The safety of our students is a top priority for us. We know that when students feel safe they are free to focus their attention on learning. Expectations for student behavior are clearly explained in the student handbook and reviewed regularly in advisory class. The school regularly conducts fire, earthquake and intruder drills. Additionally, our staff ensures that all non-students use proper procedures when entering our campus, including signing-in, wearing ID and going straight to and from designated locations. The School Safety Plan is revised annually by staff and parents. Included in the plan are monitoring practices that not only address student safety during school hours, but before and after school as well. The final draft of the current School Safety Plan was adopted in January 2016.

Types of Services Funded (Fiscal Year 2016-2017)

At Smedberg Middle School, we support our special education students in the least restrictive environment. Our Special Education teachers work collaboratively with our general education teachers by consulting with them regarding instructional strategies and working in tandem with them in the classroom. While in their own classroom, special education teachers specialize in working with small groups of students, utilizing strategies that address specific learning needs of students. In addition to these classes, English Language (EL) students are provided a range of classes that are tailored to provide support at their identified language ability levels. Additional support for EL students is provided through our After School, E.L. academic support program. Students who demonstrate exceptional academic ability may enroll in honors classes in all core subject areas in both the 7th and the 8th grades and receive support from our after school "Honors Workshop" program.

Professional Development

Teachers at Smedberg Middle School, just as all teachers across the nation, are working hard to implement the Common Core State Standards (Common Core or CCSS for short). Smedberg teachers have received training from the district in the critical elements of the Common Core instruction and curriculum. Teachers will continue to be trained in strategies that engage students in the critical thinking and knowledge application skills required by the Common Core. In addition, the staff has received training in instructional strategies to meet the needs of English Language Learning students. The district also offers a variety of professional growth opportunities for our support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes and receive training in job skills and techniques that will make them more effective and efficient in their work.
