School Accountability Report Card
Reported Using Data from the 2016-2017 School Year
Published During 2017-2018

For: Valley High School

Address: 6300 Ehrhardt Ave, Sacramento, CA 95823

Principal: Richard Gutierrez

Phone: (916) 689-6500

Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-2018)

Valley High School is a place where high expectations lead to scholars' success. A focus on teaching and learning, coupled with strong scholars support, has resulted in Valley receiving the highest performance levels for English Learner Progress and Graduation Rate on state indicators. In addition, more Viking scholars are taking Advanced Placement classes and enrolling in four year colleges than at any time in Valley's history. Our scholars' success is rooted in the philosophy is to "support and prepare all Viking scholars to be college and career ready citizens to thrive in the 21st century". Valley's academic programs and support systems are designed to meet the needs of our diverse population and we are proud of our successes.

This spring, our scholars will take the Smarter Balanced Assessment Consortium exam, known as the SBAC. Over the past few years, the staff has been working diligently to prepare our scholars for the rigors of the SBAC and teaching the Common Core State Standards. We are confident that Valley has the right balance of strong academic programs and interventions to meet the academic needs of all scholars. The following programs ensure that our scholars are college and career ready:

- Air Force JROTC
- Health TECH Academy
- Project Lead the Way
- Advancement Via Individual Determination (AVID)
- Entrepreneurship
- Leadership Development
- Fire Science Academy
- English Learner Partnership
- Special Education Support Services
- *Improve Your Tomorrow
- Honors and Advanced Placement Courses
- 0 and 8th Period Classes
- Summer Intersession

We are very proud of the work we do to support our viking scholars in their academic success at Valley High School and into post-secondary opportunities. Furthermore, every staff member on our campus is committed to providing all scholars with a safe and nurturing learning environment. We know our work is on-going, and we look forward to the continued support from our community.

School Facility Conditions and Planned Improvements (School Year 2017-2018)

Valley High School opened in August, 1977. Our school has sixty-six classrooms, four computer-lab classrooms, student services and administration buildings, a multipurpose room, small and main gymnasiums, a new maker-space building for Project Lead the Way and our entrepreneurship academies to collaborate and a library. We are projecting to have a new Fire Science building completed by the beginning of the 2018-2019 school year. All sports are played at Valley High School with the exception of the football team who plays in the stadium at Cosumnes River College. This year our soccer boys and girls will be playing on our new turf field, which was funded by Measure M funds. Our Green Club in conjunction with our AVID scholars have been beautifying our grove area with tree, shrubs and a future outdoor classroom area.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Included is information from the facility survey instrument on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Our school received an "Exemplary" status based on the State's definitions for each of the eight categories evaluated, which is the highest rating possible.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

The State Deferred Maintenance Program (DMP) was established in 1980 to aid districts in major maintenance projects. Beginning with the 2013-2014 fiscal year and the inception of the Local Control Funding Formula (LCFF) the State has intended for Deferred Maintenance needs and expenses to be included in the District's LCFF allotment. The district continues to fund routine projects previously considered as part of the State's former DMP at levels required by the State and continues to use local resources.

In November 2016, voters residing within EGUSD overwhelmingly voted to pass Measure M, the District's first ever general obligation school facilities bond measure. Measure M will provide EGUSD students and the community with \$476 million in critical improvements to existing school buildings and grounds. Aligned with needs identified in the District's Facilities Master Plan, these updates will help ensure healthy and safe school environments geared toward 21st century learning. The first district-wide infusion of Measure M funds went to replace our main gym's roof; an all-weather turf field and the beginning of phase one to modernize our D-wing to a maker-space classroom. Thereby, transforming the teaching and learning environment at Valley with 21st century classrooms designed with a suite of new digital tools and engineering equipment that are geared to create an engaging and personalized learning setting.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes students that did not receive a score; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using students with scores.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2017-2018)

Career Technical Education (CTE) provides opportunities for VHS scholars to prepare for college, career and life. CTE offers a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around support to help our scholars develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance and career counselors offer additional support focused on achieving the outcomes described in the EGUSD Graduate Profile. These services focus on the following: transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, post-secondary school opportunities, and how to access resources within the school and surrounding community.

VHS offers the following CTE programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs (ECTE). CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs, open to students across the district, allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at VHS also allow our scholars to meet graduation requirements and complete A-G requirements. In 2016-17, VHS offered the following CTE programs: Health TECH Academy (CPA), Project Lead the Way Engineering (HQCP), Medical Assistant (ECTE), and EKG Technician (ECTE). In 2017-18, Valley High School plans to offer new pathways in Fire Science and Entrepreneurship.

In 2016-17, 8.2% of VHS scholars completed a CTE pathway. Individual scholars assessment of work readiness skills in CTE programs takes place through end-of-course exams, projects, portfolios and defense of learning, experience in internships or externships, and other means. Our CTE programs are evaluated through multiple measures, including the number of students completing a CTE pathway, graduation rates, A-G completion rates, GPA, and attendance. Our CTE teams complete a rigorous self-reflection process, followed by district certification. The district collects data regarding continued education and employment from students one year after graduation as part of the Carl D. Perkins reporting process.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-2018)

Achieving our school's vision involves a strong partnership between school, home, and the community. Parents are encouraged to take an active role in their child's education by visiting the school, regularly communicating with teachers, and monitoring their child's academic progress. Parents/Guardians are encouraged to join Valley High School's parent organizations including School Site Council, English Language Advisory Committee, and our Parent Engagement Team. For more information, please contact the school secretary at 916-689-6500.

School Safety Plan (School Year 2017-2018)

Valley High School provides a safe, positive learning environment for all scholars. School Safety Plan was reviewed by all stakeholders in October, 2017. An Emergency Handbook, outlining a plan of action for earthquakes, fires, floods, and chemical spills, is kept in the main office and lockdown/fire drills are conducted annually. Facilities are physically monitored on a daily basis at 6:30 a.m. by our site supervisor, and include walking the campus looking for hazards and fixing any problems before our scholars arrive at school. Security staff and administrators monitor our scholars throughout campus from 7 a.m. - 6 p.m. In addition, the Sacramento Sheriff's Department provides a full-time Sheriff Deputy on campus throughout the day to support our scholars supervision and safety. Furthermore, all outside visitors need to check-in through the main office.

Types of Services Funded (Fiscal Year 2017-2018)

All of the specialized programs at Valley High School are designed to meet not only the district's bold goal of 100% of viking scholars being college and/or career ready, but also the Common Core State Standards. We are very proud of our academies including the following: The Health TECH Academy, Air Force JROTC unit, Project Lead the Way, and our Advancement Via Individual Determination (AVID) program. In addition to these programs we have two new emerging programs at our school, Entrepreneurship and Fire Science. Our English Learner Partnership has garnered state and national attention for its success with English Learners. Honors and Advanced Placement courses are open to all interested scholars, and provide the rigor and college preparatory skills needed for Gifted and Talented scholars. Academic intervention courses in math and English are provided to viking scholars in need of additional support. Additionally, our before and after school program in conjunction with our Summer Intersession, provide remediation, enrichment, and support opportunities for hundreds of scholars.

* Where there are student course enrollments.

Course enrollments include only the number of K-12 public students enrolled in the class on "Census Day," a Wednesday in early October of the school year indicated. Since this data is collected on a single day in Fall, courses that are only offered later in the year will not be included on this report.

Professional Development

Our school and district offer a variety of professional learning opportunities for staff members. For the 2017-2018 school year, our school has a professional development emphasis on implementation and assessment of the Common Core State Standards with a targeted focus on academic literacy. Valley also has a dedicated instructional coach who works to plan and present release days for all departments. During several release days scheduled throughout the year, teachers are learning strategies to teach our scholars critical reading skills, to create multiple writing opportunities for scholars, and to encourage discussion and presentation skills. Teachers also collaborate each week during Late Start Wednesday. They use this time to look at student writing samples, assessment data, curriculum maps, and how to adjust instruction to ensure our scholars master Common Core State Standards. Our teachers also take part in district professional development programs. These programs are designed for individual content areas and are grade specific. Special Education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities through district workshops throughout the year. The district also supports the Positive Behavior Interventions and Supports (PBIS) program at school sites through dedicated training and site presentations to staff. New teachers who have been teaching fewer than two years are supported by the district's Beginning Teacher Support and Assessment (BTSA) program. They meet weekly with an experienced mentor to discuss their successes, challenges, and strategies for scholars' engagement. Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may participate in classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.
