Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

Calvine High School
 "CPR....Considerate, Productive and Responsible"

Calvine High School has a well-established reputation as a school focused on student learning, that is committed to high expectations, innovation, and collaboration.

Calvine High School fully supports our district's mission to provide a learning community that challenges ALL students to realize their greatest potential. During the coming school year we will work to ensure that:

- Every student is learning in Every Classroom, in Every Subject, Every Day to Prepare College and Career Ready Graduates.
- 100% of students will be college or career ready

At Calvine High School, we will continue to partner with individuals and organizations in our community to increase student success and create new learning opportunities for all our students. Throughout the year, specific student activities support our students and increase the level of dialogue between students, staff, and parents. In addition, we work with school district and community leaders to initiate a series of community events that include a specific focus on student support, lifelong learning, and career technical education.

Parent support and involvement are critical to our success at Calvine High School. Parents support student success by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important. Additionally, the safety and security of our staff and students remains this school's first priority. We emphasize cooperation and responsible, respectful behavior. All adults visiting campus are required to check in through the school office. The atmosphere of the school makes our students feel comfortable and secure.

In 2017, Calvine High became a Title 1 school which means we will receive additional funding from the federal government to create programs to support "at risk" students in the areas of Math and English proficiency. With this new status comes the need for even more parent and community involvement. Please join us in coming to school site council and Title 1 meetings to discuss student support programs. A list of meeting times and dates are available on our website.

Parental Involvement

There are many ways to become involved with your child's education. We have Back to School Night in the fall and Open House in the spring. Parents are always welcome to visit or volunteer in our classrooms. In addition, we have a Parent Advisory Committee, a Title 1 group and a School Site Council that works with the principal to develop and monitor school improvement plans and spending of funds. For more information on parent involvement opportunities, you may contact the principal at 689-7502.

Teacher Credentials and Misassignments

Teacher Credentials	
2016-2017	
Total Number of Teachers	10
Total Full Credentials	10

SOURCE: 2016-2017, EGUSD

In the 2016-2017 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

Teacher Misassignments and Vacancies	
2017-2018	
Misassignments of Teachers of English Learners	0
Misassignments Due to Subject Matter Competency	0
Teacher Vacancies	0

SOURCE: 2017-2018, EGUSD

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

This school has 10 classrooms, a multipurpose room, and an administration building. The main campus was built in 1991.

The district's maintenance and grounds departments work with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. A summary of these standards is available at the school office.

There are no planned facilities projects for the 17-18 school year.

School Facility Good Repair Status

Date of facilities inspection : 4/7/2017

Items Inspected	Repair Status			Repair Needed
	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	x			NA

Career Technical Education Programs

Our school prepares students to succeed in real-world contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Our teachers have directed efforts toward establishing school-to-work structures within curricular areas for all students, including those with special needs. Advisors/Guidance Counselors offer additional support. At Calvine High School, we have two programs that that can provide students with an introduction to future careers in architecture, construction and engineering, and business. These programs are our CREATE/ACE Mentor Program and Junior Achievement. Our programs help prepare students to enter into challenging and rewarding careers. We also plan to add a CTE course next fall. Calvine High School also offers students access to Career Technical Education programs (CTE) offered within the Elk Grove Unified School District and Sacramento County. The CTE programs provide our students with the necessary skills to seek lifelong employment in a variety of career fields. A list of programs can be found on the Elk Grove Unified School District website under CTE. Regardless of the career path chosen, Calvine High School makes every effort to work with the students to ensure that they meet district and state graduation standards. We are currently researching and meeting with district officials to bring a cosmetology and barbering program to Calvine High School next year.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, instructional aides, and non-instructional support staff. For 2017-2018, our school has a professional development emphasis in classroom instruction and cultural awareness in the classroom. Our school utilizes biweekly staff meetings to give teachers time to meet and make determinations about students' strengths and weaknesses, and demonstrate instructional strategies.

Our teachers also take part in district math and English professional development programs that are intended to increase students' conceptual understanding and skills. Additionally, special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities.

Finally, the district offers a variety of classes for support staff. Instructional aides, school secretaries, office clerks, and custodians may take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

School Safety Plan

At Calvine High School we believe that nothing should get in the way of the academic achievement of our students. Our district is committed to providing a safe, secure environment for learning. In August 2107, our staff reviewed and updated our School Safety Plan which includes an emphasis on student safety before, during and after school. An "Emergency Handbook", outlining a plan of action for emergencies such as earthquakes, fires, floods, campus intruders and chemical spills, is kept in the school office. Random, periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students.

Specialized Programs

We have highly qualified staff to assist students with special learning needs. Calvine High School has implemented an advisory class for all students to provide a school wide structure that ensures all students understand expectations and make a personal connection to Calvine High School. Advisory meets twice a week for 15 minutes throughout the school year. Finally, Calvine High has implemented an extensive computer-based College/Career Program to assist students with future plans after leaving school during extended advisory days.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
Beginning	\$43,546	\$47,808
