Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

Welcome to Carroll Elementary School!

This year, our commitment to providing a quality education--where every student can meet his or her fullest potential--is focused on the core of our work: learning! Every venue will highlight this mission-critical goal: our family and community engagement program, our classroom instruction and our teacher professional development model all reflect our intent to move this work to the next level.

Our Family and Community Engagement program will continue to connect families with our work in meaningful ways. We are expanding our successful "Family Nights" to include a "Family Writing Night", where participants work together to create a family memory book, which is sure to become a treasured keepsake. Our sixth grade team is sharing their work using historic documents to teach social studies with a parent education experience they call "The DBQ Project". On this evening, parents will see how their students read, write and debate using original source material. It is impressive to see how much they learn! In response to our fall parent survey, our first grade team has created an instructional model to address needs expressed by our families. Every first grade student now has a weekly lesson in Spanish, fine arts, music, science and/or social studies. Come visit to see their excitement! We will continue to look for ways to make our parent contacts relevant to our mission and responsive to your needs.

This year, we are introducing a new language arts curriculum, "California Wonders". This program includes an incredible array of resources for learning. Students have access to high-quality text, including leveled readers to support each week's work and a technology component that insures every learner has multiple entry points--geared to their needs--for every lesson. Teachers and students are energized by this new teaching and learning tool!

Finally, our teachers are continuing to refine their craft by working in "Professional Learning Communities" to ensure that every student is learning in every classroom, in every subject, every day.

We are proud of this work and blessed to have such a wonderful community in which to practice our profession!

Parental Involvement

There are many ways to become involved at Carroll Elementary. Joining the Carroll PTA is a good starting point. Other opportunities to contribute to our school include joining various parent advisory committees, volunteering in classrooms, or by attending or volunteering for one of the many family and community events Carroll sponsors each year. Contact Mr. Hauder for more information: (916)714-0106 or phauder@egusd.net.

Teacher Credentials and Misassignments

Teacher Credentials		2015-2016
Total Number of Teachers		53
Total Full Credentials		53

Teacher Misassignments and Vacancies		2016-2017
Misassignments of Teachers of English Learners		0
Misassignments Due to Subject Matter Competency		0
Teacher Vacancies		0

SOURCE: 2016-2017, EGUSD

In the 2015-2016 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

Carroll Elementary School opened in 2006. It was named after the first Carroll School, built in 1877 in the historic town of Bruceville. The current school includes 40 classrooms, an administration building, a multi-purpose room, a computer lab, a learning center and a beautiful library building.

Our campus boasts two playground areas: a kindergarten play area, and a larger play area for grades 1-6. Both of these playgrounds include blacktop space, age-appropriate play structures, grassy fields and, in the larger playground, a running track.

Our main classroom buildings include teacher and small group instruction areas in a central hallway to which all classrooms have access. Our kindergarten building has a teacher work space separate from the classrooms for use in planning and preparation for instruction. Storage space to accommodate our year-round schedule is included in each building.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

There are currently no deferred maintenance, modernization or new construction projects being undertaken at Carroll Elementary School.

Needed repairs and on-going maintenance are completed by our site and/or district staff in a timely and professional manner as they are encountered.

A bond measure--approved in November by voters--will enable EGUSD to update our facility in order to continue meeting the needs of our school community. Please visit the district web page for more information.

Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes. For the 2016-2017 school year, class sizes are 24 to 1 in Transitional Kindergarten through 3rd grade, and 28 to 1 in 4th through 6th grades.

School Average	
Kindergarten	19
Grade 1	20
Grade 2	20
Grade 3	22
Grade 4	25
Grade 5	24
Grade 6	25

California Assessment of Student Performance and Progress Results for All Students (School Year 2015-16)

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-2015	2015-2016	2014-2015	2015-2016	2014-2015	2015-2016
English Language Arts/Literacy (grades 3-8 and 11)	63%	64%	49%	52%	44%	48%
Mathematics (grades 3-8 and 11)	53%	58%	41%	42%	34%	36%

Professional Development

Our site professional development program changes each year in response to the needs of our staff. This year, we will continue to focus on implementation of Common Core State Standards (CCSS) in Mathematics and English Language Arts. This work supports our Local Control Accountability Plan (LCAP), which is available for viewing on our site web page.

New teachers who have been teaching fewer than two years participate in the district's beginning teacher support program. Our special education teachers and staff have numerous opportunities to learn how to best meet the needs of students with learning disabilities.

At the district level, our Curriculum/Professional Learning department offers a variety of workshops for teachers as well as other support staff. Paraprofessional staff, school secretaries, office assistants, and custodians may take coursework—offered through their job-specific departments—that relate to their work. Additionally, all staff is encouraged to become competent in computer skills and to learn to work more efficiently and in ergonomically correct ways.

School Safety Plan

Your child's safety is important to us at Carroll Elementary. We believe that nothing should get in the way of the academic achievement of our students, which is why it is important that our students feel safe. Our staff reviewed and updated our School Safety Plan in December, 2016. Part of our site plan includes before and after school safety, as well as a secure, locked campus during the school day. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. On-site fire, earthquake and other emergency drills are practiced regularly to ensure staff and students are adequately prepared in case of an emergency. Our district supports our efforts, including ongoing support by our Police services Department.

Specialized Programs

At our school we have many highly qualified staff to assist students with special learning needs. Our Learning Center services special education students and others needing additional support to meet the standards. Our special education program includes two self-contained classes for students with exceptional needs. We have a speech therapist working with students having identified speech needs. Our inclusion program provides support for students with significant needs in the regular education environment. English Learners benefit from our specialized curriculum during English Language Development instruction. Gifted and Talented students participate in accelerated instruction, a weekly pull-out program, and have the opportunity to participate in after school enrichment activities. This year, we have introduced a reading intervention program to ensure that all of our students are progressing toward grade level in this critical skill area.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
Beginning	\$42,073	\$45,092
