### Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

### A Message From the Principal

Ellen Feickert Elementary truly provides an outstanding educational experience for students, from the safety of the campus, to the warmth of the learning environment, and the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our school mission: Ellen Feickert Elementary School will ensure high levels of learning for all students. This mission was developed last school year as a part of our Professional Learning Community (P.L.C.) implementation. Our school-wide implementation of this dynamic school reform is in its third year.

Parent support and involvement are important to support Ellen Feickert Elementary School students. This support is provided in many ways, such as helping in the classroom, attending field trips, and having fun at family events. Parents also support student success at home by providing space, time, and encouragement for daily homework, and by sending a clear message that education and regular school attendance are important.

The safety of our students is this school's first priority and we focus on positive discipline guided by the Positive Behavior Intervention Support program. We emphasize three pillars: Be Kind, Be Safe, and Be Responsible, and we expect students to demonstrate these behaviors. The environment of the school makes our students feel comfortable and secure.

Eric Murchison, Principal  
Ellen Feickert Elementary

### Parental Involvement

Ellen Feickert Elementary School enjoys tremendous parent participation! There are a number of ways to become involved with your child's education. Our school has an active Parent Teacher Organization that helps to raise funds for our school. We hold Back to School Night, Open House, and parent conferences throughout the school year. Parents and guardians are welcome to volunteer for the PTO, School Site Council, or attend our many family events. For more information on parent involvement opportunities, contact Mrs. Reeves, PTO president at [feickertpto@yahoo.com](mailto:feickertpto@yahoo.com).

In the 2015-2016 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

## School Facility Conditions and Planned Improvement

Ellen Feickert Elementary School, built in 1981, maintains 37 classrooms, (including a kindergarten building and play area), a multipurpose room, a library, two computer labs, and an administration building. Classroom additions were constructed in 1984. Modernization construction took place in 2006. The newest buildings have teacher work rooms and staff meeting areas as a part of the design. Our district provides on-going maintenance to our facilities.

The district's maintenance and grounds departments work, in concert with the school site custodial team, to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team with the principal to ensure cleanliness. Each morning the custodian inspects the school prior to students and staff entering the school campus. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office and at the district office.

No projects are planned for this school year.

### Class Size

In Elk Grove schools, our research shows that small class sizes lead to higher student engagement and academic achievement. It has been a top priority in our district to reduce class sizes. For the 2016-2017 school year, class sizes are 24 to 1 in Transitional Kindergarten through 3rd grade, and 28 to 1 in 4th through 6th grades.

## Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Our school is in its first full year of Professional Learning Communities (P.L.C). We also continue to provide professional development with the on-going implementation of the Common Core State Standards (C.C.S.S.). Our school has weekly teacher staff development meetings. Teachers use this time to analyze student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school's mission: Ellen Feickert Elementary School will ensure high levels of learning for our students is the basis for our work.

Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians are able to take classes or attend workshops that relate to their work.

## School Safety Plan

Our district is committed to providing a safe, secure environment for learning. Our staff reviewed and updated our School Safety Plan in January 2017. Students are supervised by staff before and after school. We maintain a thorough visitor check-in process and our campus is secured each day. An "Emergency Handbook" outlining a plan of action for emergencies such as earthquakes, fires, and floods, is kept in each classroom. Random periodic school safety inspections are conducted by the County of Sacramento. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. The school routinely practices safety drills. Our school rules reinforce student safety: Be Kind, Be Safe, Be Responsible.

## Specialized Programs

At our school, we have highly qualified staff to assist students with special learning needs. Our Learning Center serves special education and general education students who need additional learning support. Gifted and Talented Education (GATE) students and accelerated students participate in an after school extended day program. We have teachers who tutor and provide homework assistance to students after school. We maintain five classes of students with autism (ASD) and we have three Transitional Academic Classes (TAC) special education classes. The district's Virtual Academy is located on our campus, providing students an alternative to traditional education.
