Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

A Message From the Principal

Joseph Kerr Middle School provides a unique and wonderful educational experience for students, from the safety of the campus, to the warmth of the learning environment, to the rigor and breadth of the instructional programs. All aspects of the school contribute to providing students with the skills they need to be successful learners.

Our district's mission is to provide a learning community that challenges ALL students to realize their greatest potential. Our success in implementing our district's mission can be evidenced through our school's special strengths, including attention to all students for academic placement, knowing students by name and need and intervention support for students in need of extra time to master standards.

Parent support and involvement continue to be important aspects at Joseph Kerr Middle School. This support is given, recognized, and appreciated in many different ways. Many parents volunteer on our campus, support student activities, and participate in library programs and School Site Council. Parents also enhance student success by providing space, time, and encouragement for daily homework, and by emphasizing regular school attendance.

We implemented StudentVue and ParentVue, a communication tool for students and parents. This vital tool links students, parents and teachers together to enhance communication.

The safety of our students is the school's first priority and the discipline policy is strictly enforced. We emphasize cooperation and responsible, respectful and positive behavior. All adults visiting campus are required to check in through the Front Office. The atmosphere of the school makes our students feel comfortable and secure.

Zachary Cheney, Principal
Joseph Kerr Middle School

Parental Involvement

Parent support and involvement continue to be important aspects of the success of Joseph Kerr Middle School. We have Back to School Night in the fall, a time when parents can visit classes. Parents are always welcome to volunteer in their child's classroom, assist the Activities Director with special events, chaperone field trips, join the School Site Council, or volunteer for lunch supervision. For more parent involvement opportunities, contact Sue Faulkner, School Secretary, at 686-7728.

Teacher Credentials and Misassignments

Teacher Credentials		2016-2017
Total Number of Teachers		42
Total Full Credentials		42

SOURCE: 2016-2017, EGUSD

In the 2016-2017 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

Teacher Misassignments and Vacancies		2017-2018
Misassignments of Teachers of English Learners		0
Misassignments Due to Subject Matter Competency		0
Teacher Vacancies		1

SOURCE: 2017-2018, EGUSD

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

School Facility Conditions and Planned Improvement

Joseph Kerr Middle School has 51 classrooms, a multipurpose room, a gymnasium, a library, a band room, wood shops, computer labs, and an administration building. The main campus was built in 1964 and is recognized as the first middle school in Elk Grove Unified School district.

The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs and projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. A summary of The Board of Education adopted cleaning standards is available at the school office, or at the district office.

As yet, there are currently no deferred maintenance projects, modernization projects, or new construction projects at Joseph Kerr Middle School during the 2017-2018 school year. Though Measure M and state bond measures were successful, there has yet to be a determination as to the extent of renovation for the upcoming school year.

Professional Development

Our school and district offer a variety of professional learning opportunities for teachers, paraeducators, and non-instructional support staff. Our school has a weekly early dismissal schedule so departments and grade level teams can meet and coordinate curriculum and instruction. Teachers meet to review student work, make determinations about students' strengths and weaknesses, develop and implement appropriate assessments and plan subsequent instruction to meet students' needs. Teachers take part in Math and Science professional development programs intended to increase students' conceptual understanding of mathematics and science. Our school community fully participates as a Professional Learning Community to increase student learning. Special education teachers have numerous opportunities to learn how to best meet the needs of students with learning disabilities. Paraeducators, school secretaries, office technicians and custodians take classes that relate to their work such as learning new computer skills and learning to work more efficiently and in ergonomically correct ways.

School Safety Plan

Your child's safety is important to us. Supervision is provided by campus security, teachers and administrators before and after school. Controlled access to our campus is through the Main Office and visitors are required to present ID, check-in, and wear appropriate identification. Our staff reviewed and updated our School Safety Plan in December of 2017. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, and chemical spills, is kept in the school office. The district's Police Services Department works closely with our school site to provide a safe, secure environment for all students. Joseph Kerr Middle School conducts a monthly fire, earthquake and/or lockdown drill in order to prepare students and staff for emergency procedures. We also complete monthly onsite safety inspections.

Specialized Programs

At Joseph Kerr Middle School, we have highly qualified staff to assist students with special learning needs. We provide a range of support for students with disabilities as well as general education students who need additional support to meet the common core standards.

We offer EL English classes to support students in improving their English language acquisition.

Gifted and Talented students participate in accelerated instruction in honors classes.

Tutoring is available before, during and after school. Students have access to computers in the Library throughout the school day for additional support.

Elective courses include woodshop, art, Design Thinking, Math Attack, Computer Applications, Spanish, World Language, Adventures in Agriculture, Road to Success, AVID, technology, Leadership, and yearbook. These specialized programs enhance the learning opportunities for students and provide a comprehensive middle school experience.

Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.
