### Introduction from the Board

Thank you for your interest and commitment to your child's education, and your continuing partnership in teaching and learning. In order to best serve our community, we have created this condensed version of the full School Accountability Report Card (SARC) with the mission of presenting information about each of our schools in a clear, parent friendly format. If you are interested in viewing the full SARC report for your child's school, you will find it at the district website: <http://www.egusd.net/academics/assessments/school-accountability-report-cards/>

### A Message From the Principal

Laguna Creek High School, Making Great Things Possible!

As we enter 2018, the mission of Laguna Creek High School is to develop inquiring, knowledgeable, and caring young people who attain academic excellence. Our students strive for responsible citizenship and help create a more peaceful world through life-long learning, productive employment, and intercultural understanding and respect in a global society. Accomplishing this mission supports our district's mission to provide a learning community that challenges ALL students to realize their greatest potential. We are currently in a candidate phase with Harriet Eddy Middle School to become authorized to teach the IB Middle Years Programme for grades 7-10 and look to be authorized sometime in 2017-18.

Laguna Creek High School provides students with many excellent academic and extra-curricular opportunities which empower students to succeed. We have designed our academic program to support achievement through:

- Personalized instruction via extended learning periods, three career academies, and two pathways;
- High academic standards, which include model enrollment requirements in a second year of world language, visual and performing arts, and community service;
- Academic guidance and skill enhancement through our school-wide Advocacy Program;
- Comprehensive athletic and extracurricular programs;

Laguna Creek High School is the only EGUSD high school to offer the International Baccalaureate Diploma Programme. The IB Diploma Programme provides Laguna Creek juniors and seniors with the most rigorous and relevant curriculum available to high school students.

Our academic programs support our district's goals:

- 100% of students will demonstrate proficiency in core academic areas
- 100% of students will be college or career ready

We expect all students to meet high academic and behavioral standards. In order to maintain a safe environment focused on learning, Laguna Creek High School has a zero tolerance policy toward weapons, violence, and drugs. LCHS has also implemented a positive behavior program (PBIS) - "Be Cardinal RED" (Respectful, Engaged, and Dedicated) - to support student learning.

Doug Craig, Principal  
Laguna Creek High School

### Parental Involvement

We welcome parents and guardians on our campus and encourage them to stay connected to what is happening at Laguna Creek High School through using the web-based School Loop Program.

We welcome parental involvement through the following active groups:

- PTSO that supports all student clubs and athletic teams
  - Concerned African American Parent (CAAP)
  - IB/World Scholars Parent Organization (IBPO)
  - Athletic Team Boosters
  - Band Boosters
  - School Site Council
- For more information, please contact our School Secretary at 683-1339.

**Teacher Credentials and Misassignments**

<b>Teacher Credentials</b>	
<b>2016-2017</b>	
Total Number of Teachers	91
Total Full Credentials	91

SOURCE: 2016-2017, EGUSD

In the 2016-2017 school year, over 99 percent of the district's teachers held full teaching credentials. In addition to being fully credentialed, if a class is 20 percent or more English Learners (EL), the teacher should hold a supplementary authorization to instruct students in learning English or they are considered misassigned. Our district is working to remedy these misassignments by providing training opportunities for teachers to earn these authorizations and providing ongoing professional development in strategies to help EL students.

<b>Teacher Misassignments and Vacancies</b>	
<b>2017-2018</b>	
Misassignments of Teachers of English Learners	0
Misassignments Due to Subject Matter Competency	0
Teacher Vacancies	1

SOURCE: 2017-2018, EGUSD

In subjects with a shortage, a fully credentialed teacher is sometimes asked to teach outside of their subject matter competency area until an appropriately credentialed teacher can be hired. In these cases, teachers are counted as misassigned.

Vacancies are defined as a position to which a permanent teacher has not been assigned by the beginning of the course. Most vacancies in our district are in subject areas where qualified teachers are in shortage.

**School Facility Conditions and Planned Improvement**

Laguna Creek High School has 62 classrooms, 5 computer labs, a black box theatre, a weight room, a main gym, an auxiliary gym, a dance room, a multipurpose room, a library, a career center, a counseling center, and an administration building. The main campus was built in 1994. 5 portable classrooms were added in 1997 for growth with 10 more being added in 2000. The campus has two baseball fields, two softball fields, a field house with athletic lockers, and new in 2018 an all-weather turf field and track paid for with Measure M money.

The district's maintenance and grounds departments work in concert with the school site custodial team to ensure that school buildings, classrooms, and grounds are maintained at exceptional levels to provide a safe and functional environment for all students. The district utilizes the latest electronic work order system enabling site administration and custodians to communicate maintenance needs, urgent repairs, or necessary projects. Emergency repair needs are immediately resolved by either the school custodian or district maintenance staff. The school's custodians work as a team and with the principal to develop a daily cleaning process and schedule. Each morning the custodian inspects the school prior to students and staff entering school grounds. Restrooms are inspected throughout the day to ensure that they are adequately stocked, safe, and sanitary. The Board of Education has adopted cleaning standards for all schools in the district. A summary of these standards is available at the school office, or at the district office.

With the passing of Measure M, Laguna Creek High School will see modernization projects over the next several years. During the 2017-18 school year, the main project is the completion of an artificial turf football/soccer field with an all-weather track.

**School Facility Good Repair Status**

Date of facilities inspection : 9/29/2017

Items Inspected	Repair Status			Repair Needed
	Good	Fair	Poor

Mathematics (grades 3-8 and 11)	31%	33%	42%	44%	36%	37%

## Career Technical Education Programs

Career Technical Education (CTE) provides opportunities for LCHS students to prepare for college, career and life through a Linked Learning approach that integrates rigorous academics, technical skills, relevant real-world experiences, work-based learning opportunities, and wrap-around student support to help students develop the 21st-century skills and habits of mind they will need to succeed after graduation. Guidance/career counselors and advisers offer additional support. In weekly Advocacy for example, classes at each grade level focus on achieving the outcomes described in the EGUSD Graduate Profile. Lessons include transcript review, college readiness, A-G completion, course selection, Academy applications, college admissions, and how to access resources within the school and surrounding community. LCHS is also in the process of establishing an International Baccalaureate Middle Year Program for 9-10-graders in partnership with our existing Diploma Program for 11-12th-graders.

LCHS offers the following programs that promote leadership, develop job-related skills, offer work-based learning opportunities, and increase interest in school: California Partnership Academies (CPA), High Quality Career Pathways (HQCP), and Explore CTE Programs. CPAs feature cohort scheduling in CTE and academic core classes, integrated projects, and work-based learning opportunities. HQCPs provide a two-to-three year sequence of CTE courses within a career pathway. Pathway programs offer work-based learning opportunities and industry-recognized certification when available. Explore CTE programs allow students to complete an intensive training course in one year or less, take courses leading to industry certification, or experience internships. All CTE programs have an advisory committee that includes industry representatives for guidance and input. CTE programs at LCHS also allow students to meet graduation requirements and complete A-G requirements through courses that incorporate state-adopted academic standards. In 2016-17, LCHS offered the following career technical education programs: Manufacturing Production Technology Academy (CPA), Sports Careers Academy (CPA), Green Energy Technology Academy (CPA), and Journalism Production. In 2017-18, Laguna Creek plans to offer a new pathway in Fashion Design. CTE programs at LCHS offer opportunities for student leadership development, including HOSA in the Sports Careers Academy and student leadership teams in both GETA and MPTA. In 2016-17, 24.4% of LCHS students completed a CTE pathway. Individual student assessment of work readiness skills in CTE programs takes place through End-of-course exams, such as National Association of Sports Medicine Personal Trainer Certification, OSHA 10 Certification, Woodwork Career Alliance Sawblade Safety, Red Cross First Aid and CPR, projects, and other means.

## Professional Development

For 2017-2018, our school continues to have a professional development emphasis in the use of professional learning communities and culturally responsive teaching. Teachers attend weekly late start meetings in which students come to school one hour later. Teachers use this time to meet and review student work, make determinations about students' strengths and weaknesses, and plan subsequent instruction to meet students' needs. Our school also receives LCFF funding that provides money for teacher release days where they focus on evaluating and developing curriculum. We continue to have 4 collaborative MYP minimum days to work with HEMS.

Teachers continue to be trained in IB methodology as we expand the number of staff trained to teach in the IB Diploma Programme and MYP Programme.

Finally, the district offers a variety of classes for support staff. Para-educators, school secretaries, office assistants, and custodians may take classes that relate to their work such as learning computer skills, learning to work more efficiently, and learning ergonomically correct processes.

## School Safety Plan

In addition to 6 Campus Supervisors, LCHS employs a School Resource Officer in a partnership with the Sacramento County Sheriff's Department. Supervisors are staggered throughout the day to ensure supervision from 7:00 a.m. to 5:30 p.m. The Safety Plan was reviewed and modified in October, 2017. An "Emergency Handbook," outlining a plan of action for emergencies such as earthquakes, fires, floods, etc., is kept in the school office. "Emergency Flipcharts" are in every classroom and non-teaching space on campus. Emergency procedures are also included in substitute packets. Security staff monitors all after-school events, such as games and dances. The district's Police Services Department works closely with our school site to provide a safe and secure environment for all students. Visitors are required to check in through the Admin office.

## Specialized Programs

At our school, we have highly qualified staff to assist students with special learning needs. Our English Learners receive support in transitional classes, allowing them to access the core curriculum, and are placed in classes to learn English as needed. Gifted and Talented students participate in Honors courses, our International Baccalaureate Diploma Programme, and Advanced Placement courses. Students who need extra tutoring or homework help can receive departmental help from individual teachers or attend the volunteer staffed Tutoring Lounge. The school Library is open daily after school from 3:00 to 5:00 p.m. and the Career Center is open 3:00 to 4:30 p.m. Other special programs offered include: Manufacturing Production and Technology Academy, Business Careers Pathway, the Sports Sciences Career Academy, our Green Energy Technology Academy, and AVID. LCHS is in the authorization process of implementing an IB Middle Years Programme with Harriet Eddy MS beginning in 2017-18.

## Average Salaries

Data reported are the district's average salaries for teachers, principals, and superintendents, compared to the state average salaries for districts of the same type and size, as defined by Education Code Section 41409.

Teachers	EGUSD 50,000+ ADA	State Average 20,000+ ADA
